1970 AH-MIC, BEMIDJI STATE COLLEGE, BEMIDJI, MINN.

PEOPLE NEED OTHER PEOPLE

All men have their troubles, their problems,
whether we know of them or not.
All men have their hopes and heartaches, their need
of others, their feelings of frustration.
All need someone to talk to, someone to coun-
sel with.
All men need understanding.
And all men have some claims upon us: the
claim of having a common Father, the claim
of being fellow occupants of the same earth.

Richard L. Evans

People need other people as a performer needs
an audience.
People need to know that other people are
depending upon them, waiting for them,
pulling with them.
People need people who believe in them, trust
them, and expect much of them.

Richard L. Evans

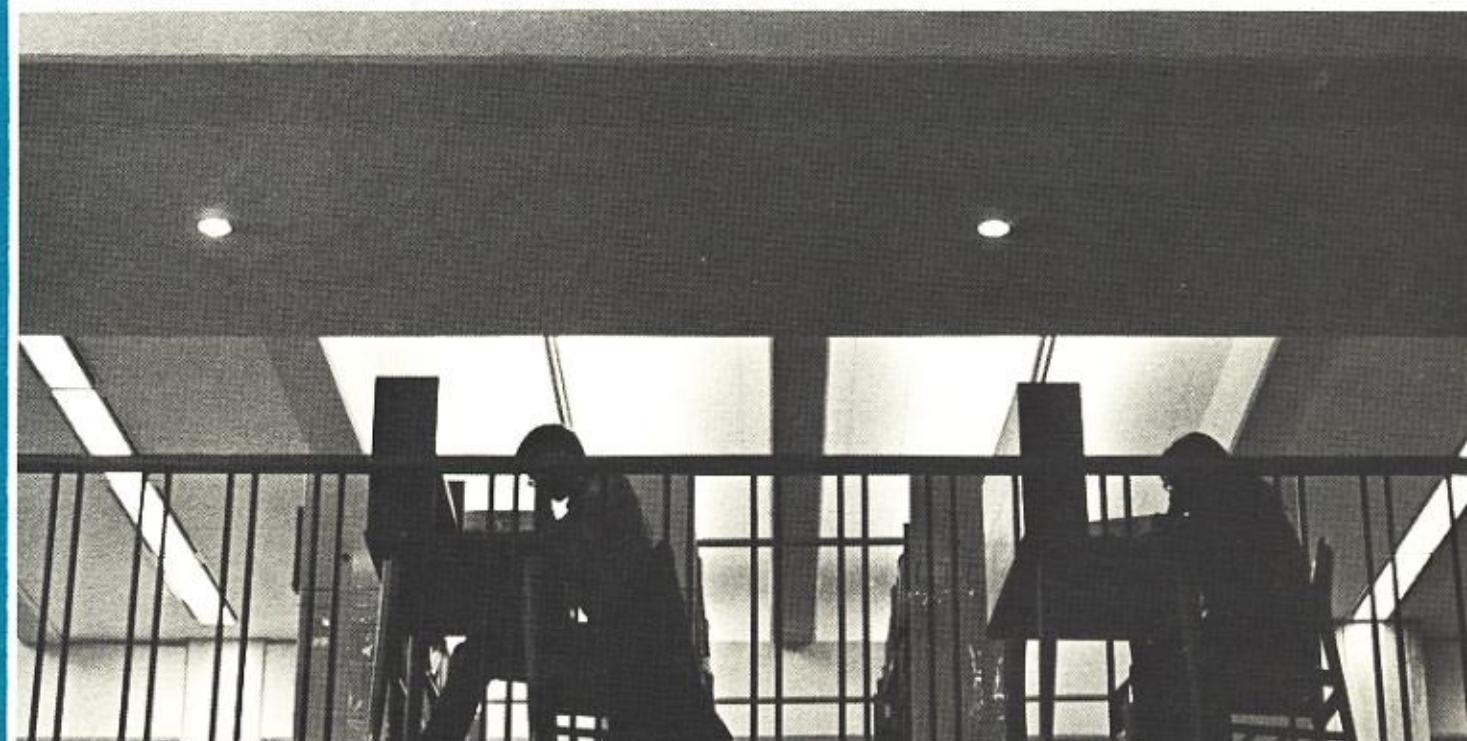

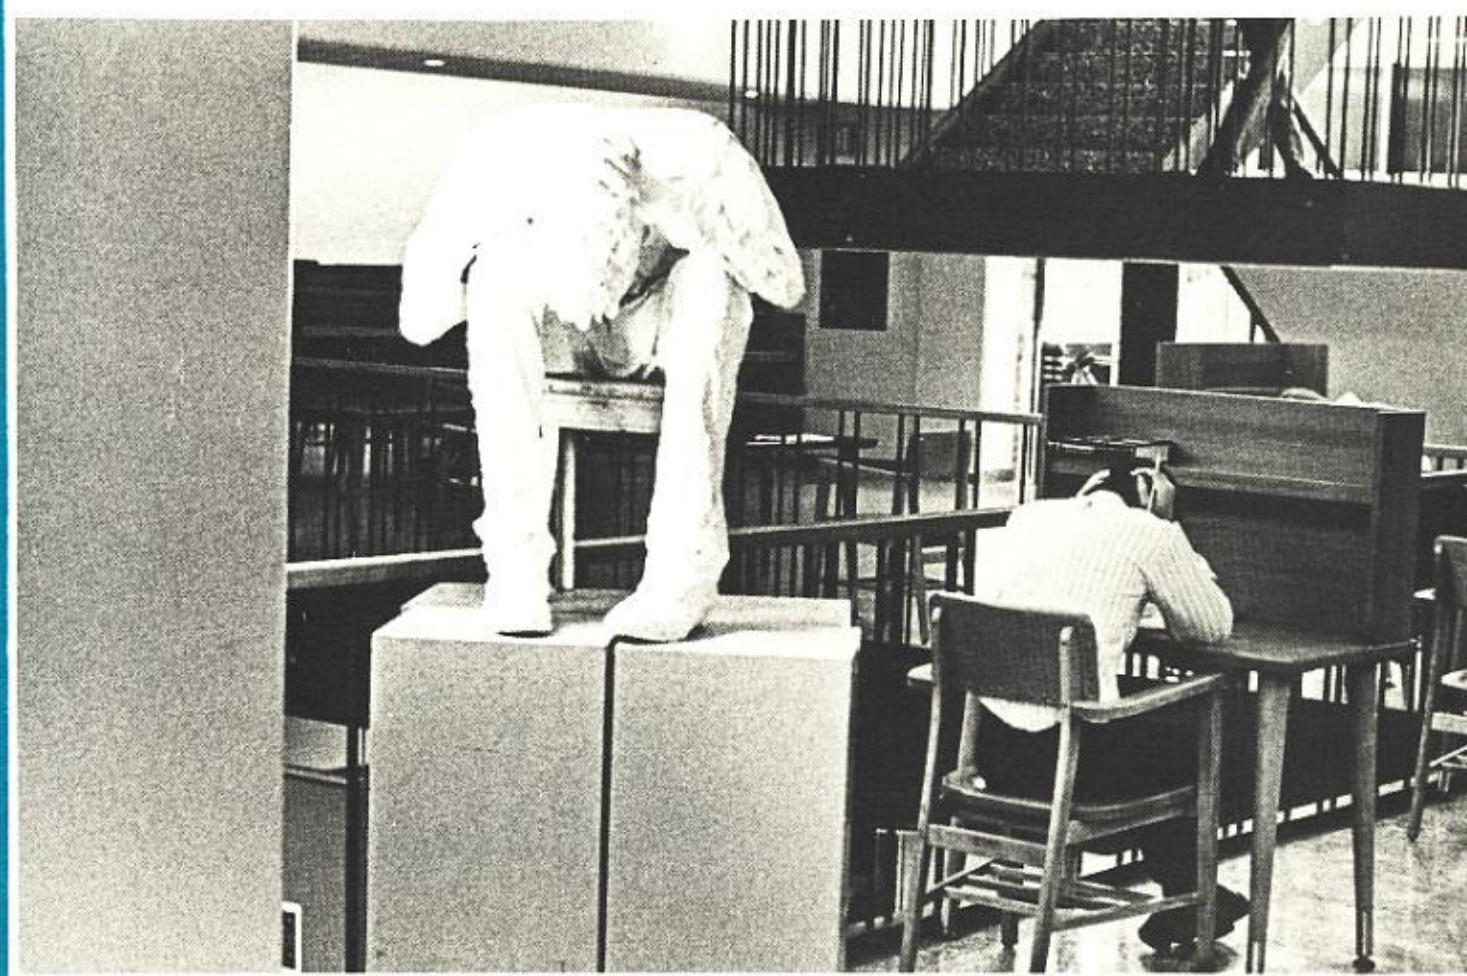

AND UNDERSTANDING

Human understanding is possible only so long as channels of communication are kept open. Unless we can communicate with our neighbor we stand no chance of understanding him, or he us. Sustained goodwill keeps the door open — at least on our side.

Gordon Lynn Foster

TEACHING

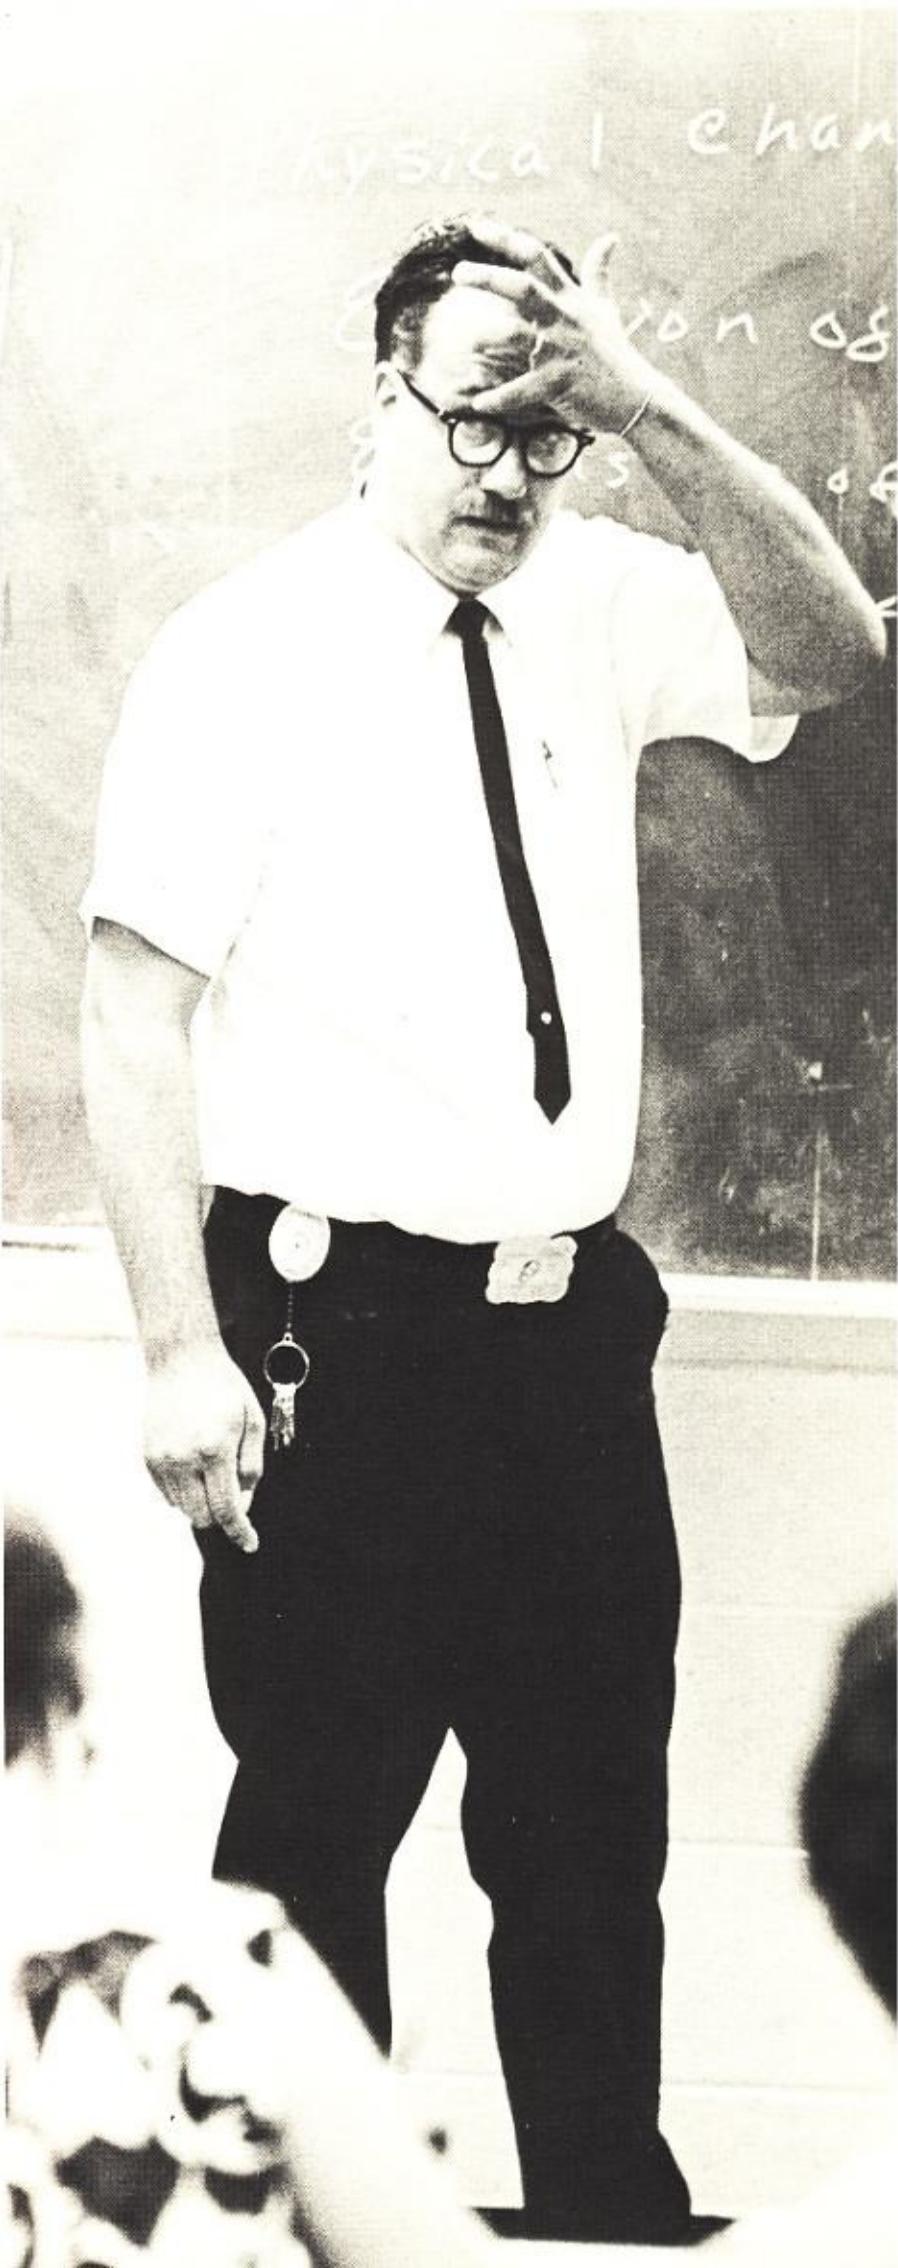

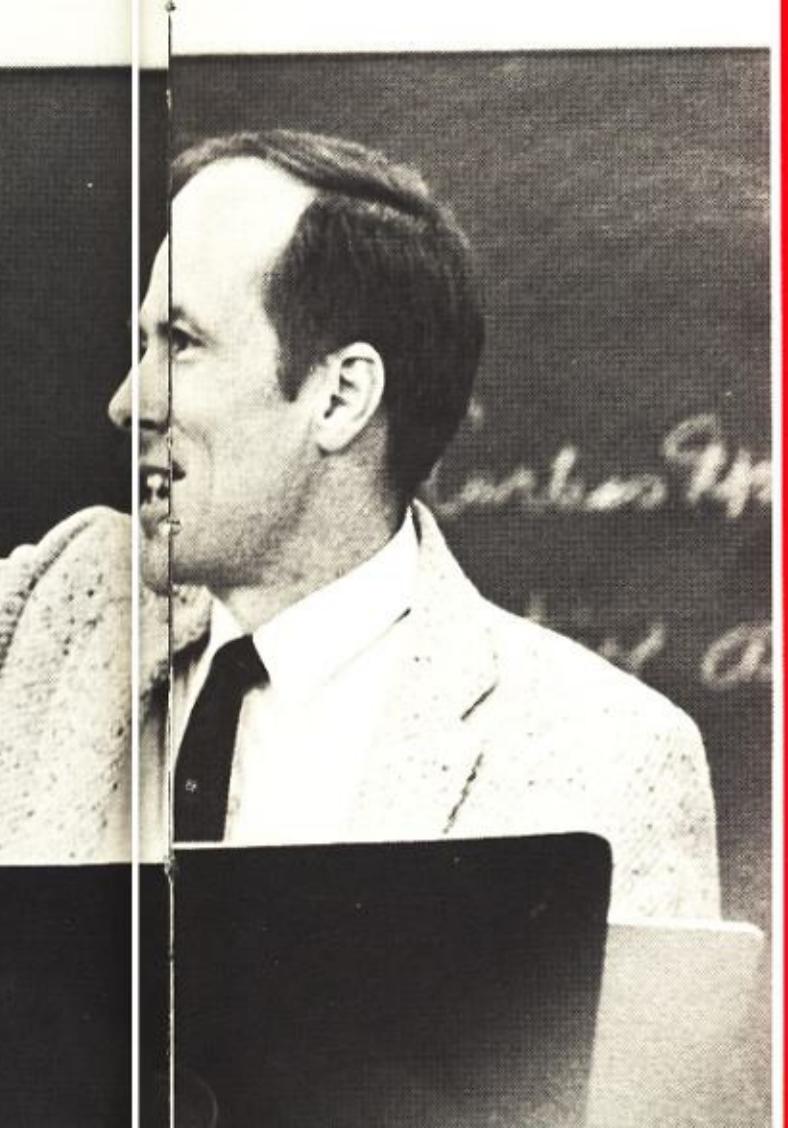

I believe that the American teacher is the most solid supporter of democracy and that education ought to be teacher-centered as well as child-centered. Teaching can never be mediocre or it becomes self-defeating. Teaching must be great, yet greatness has many dimensions. It is not a possession, but a pilgrimage. It is measured by consequences — its influence on the lives of students and on culture.

Frederick Mayer

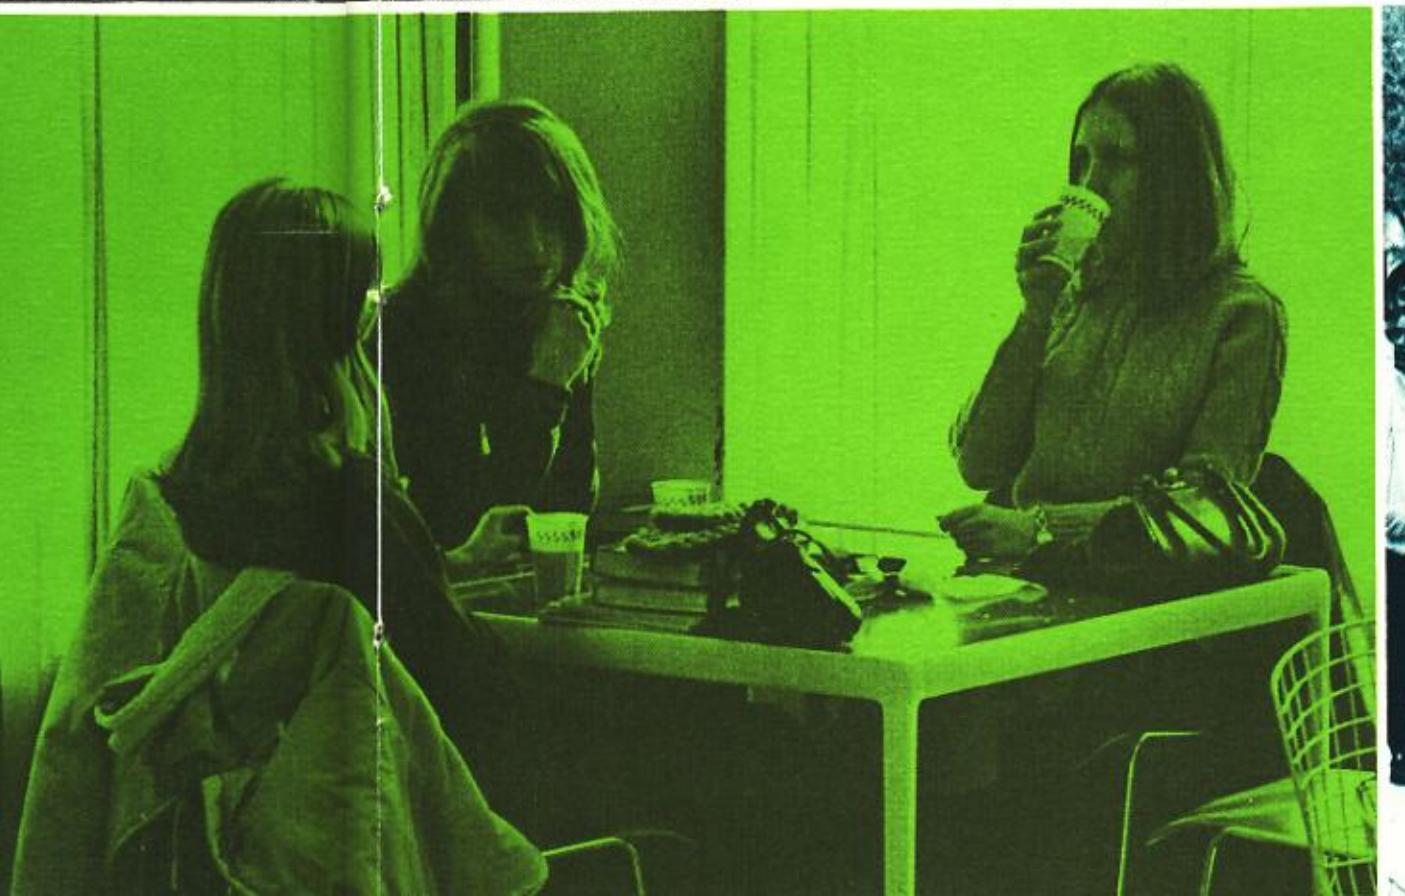

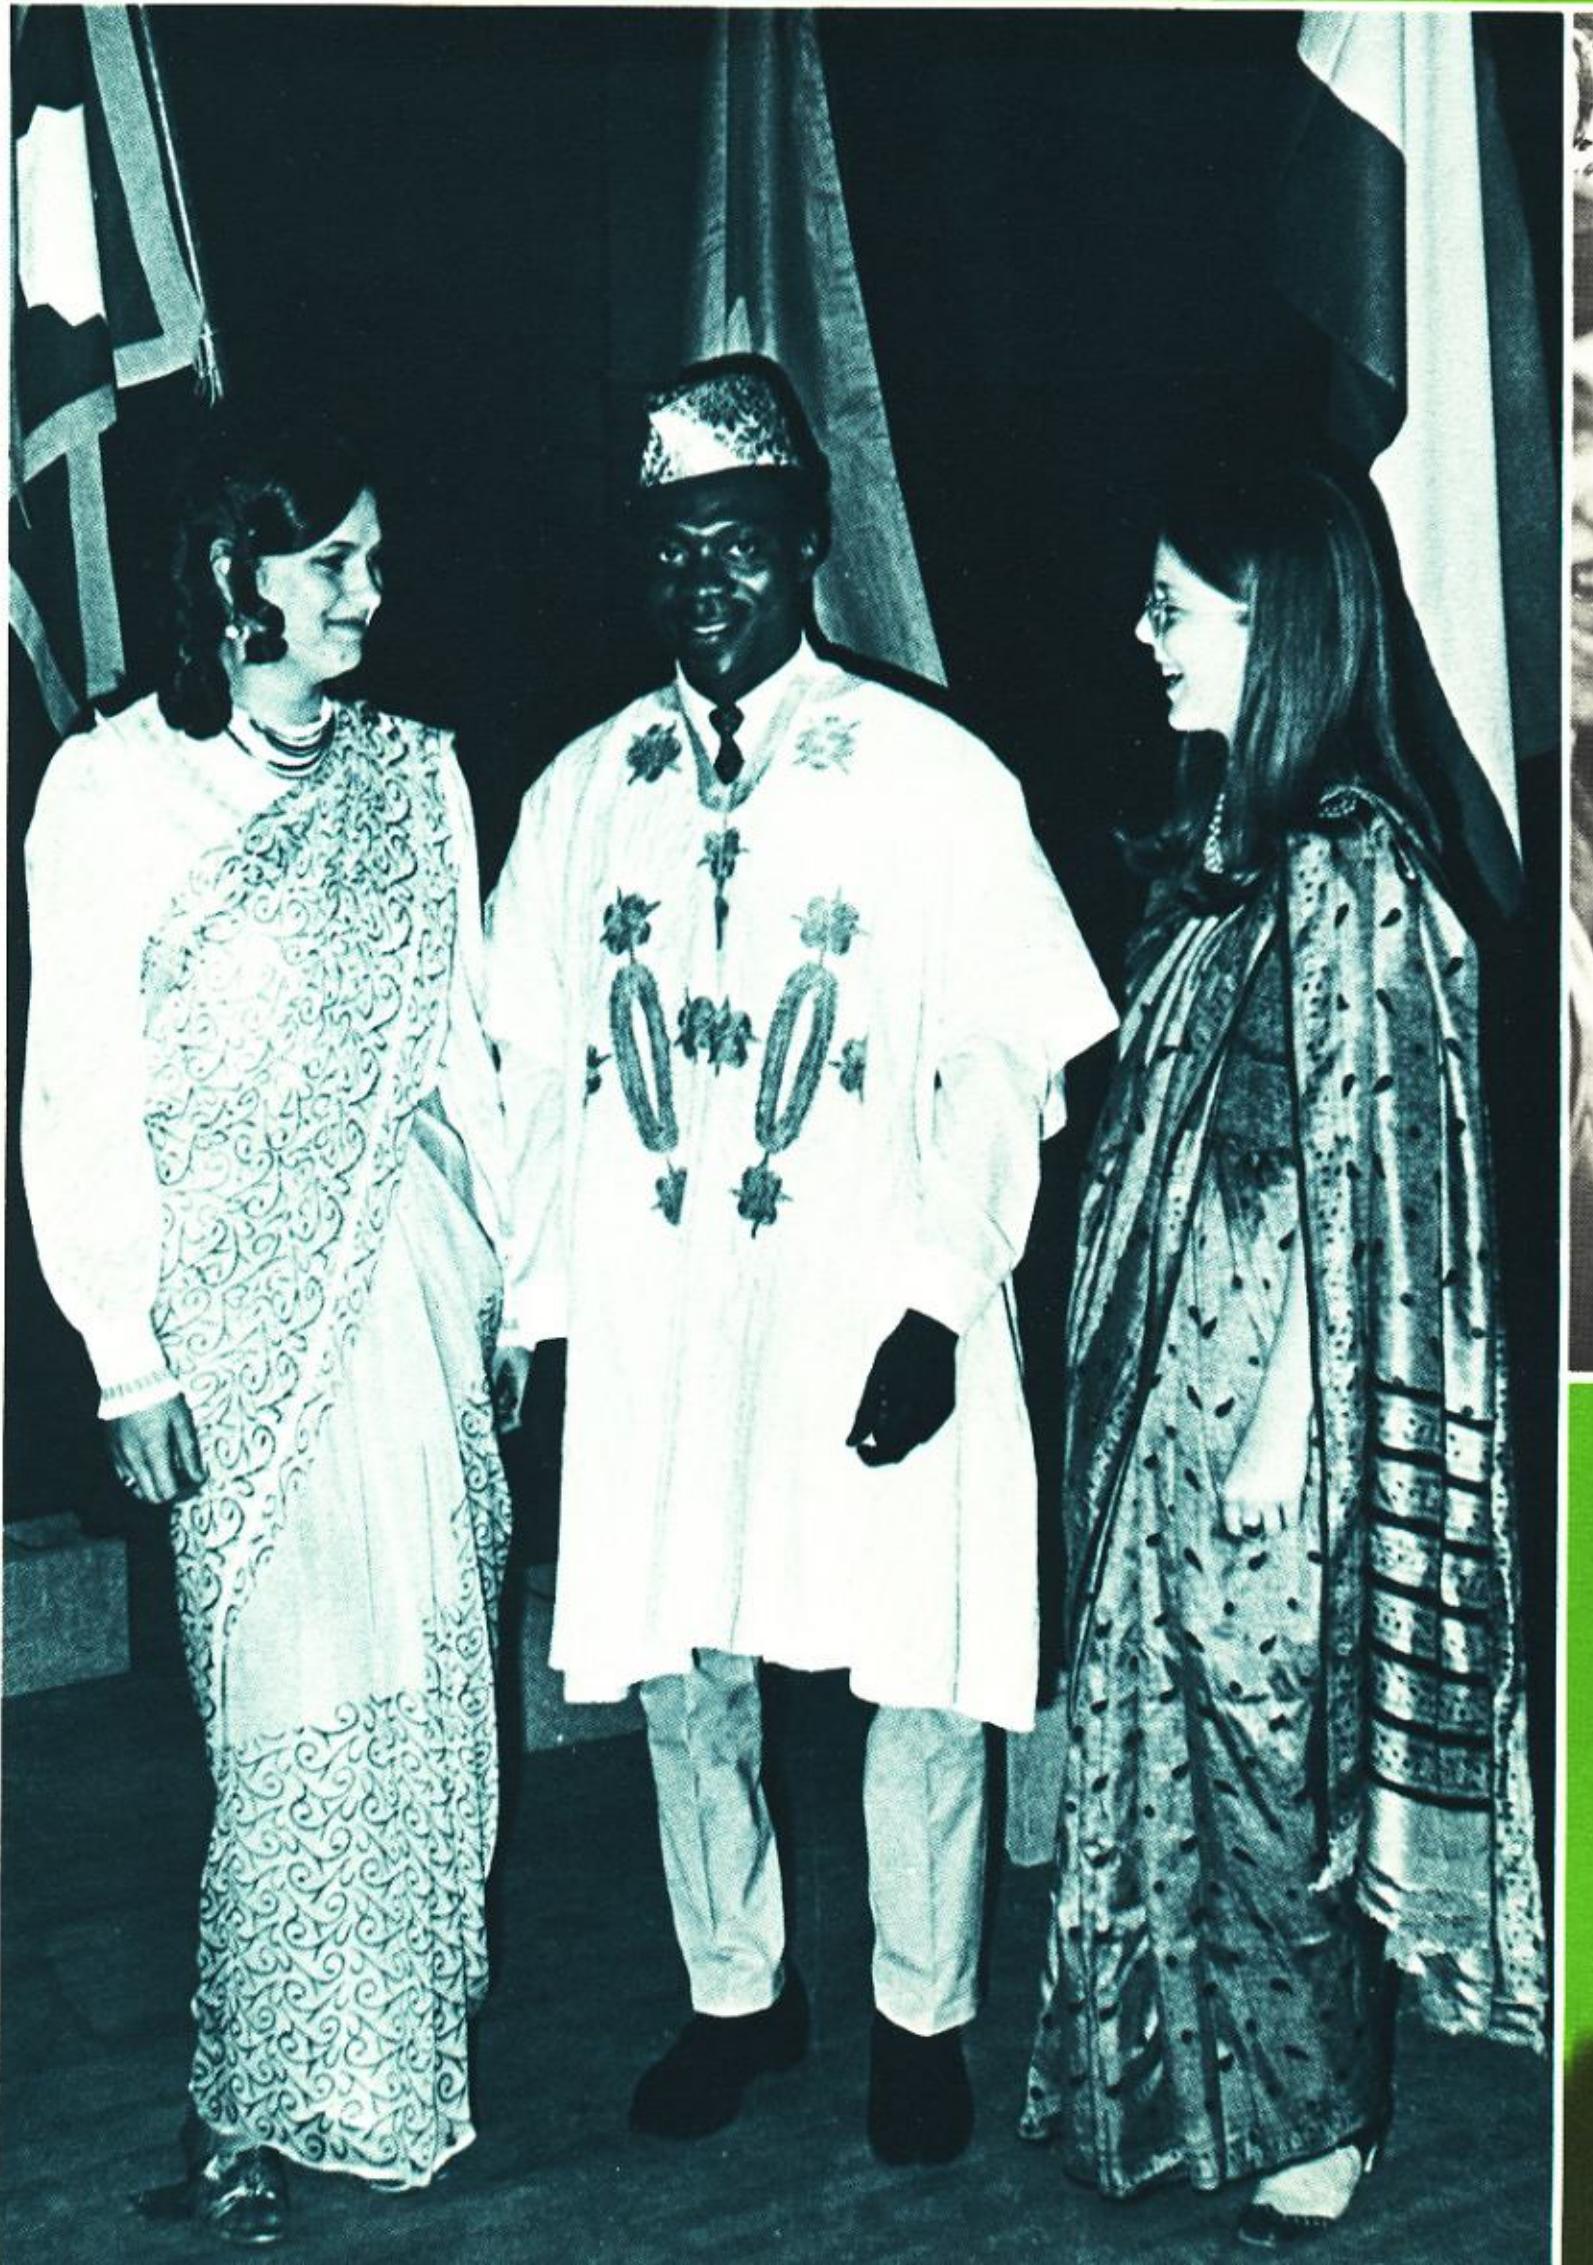

Teaching that would lay any claim at all to distinction, if not to actual greatness, is the influence of personality upon personality, rather than the mere imparting of a set of facts.

Frank E. Gaebelein

LIVING

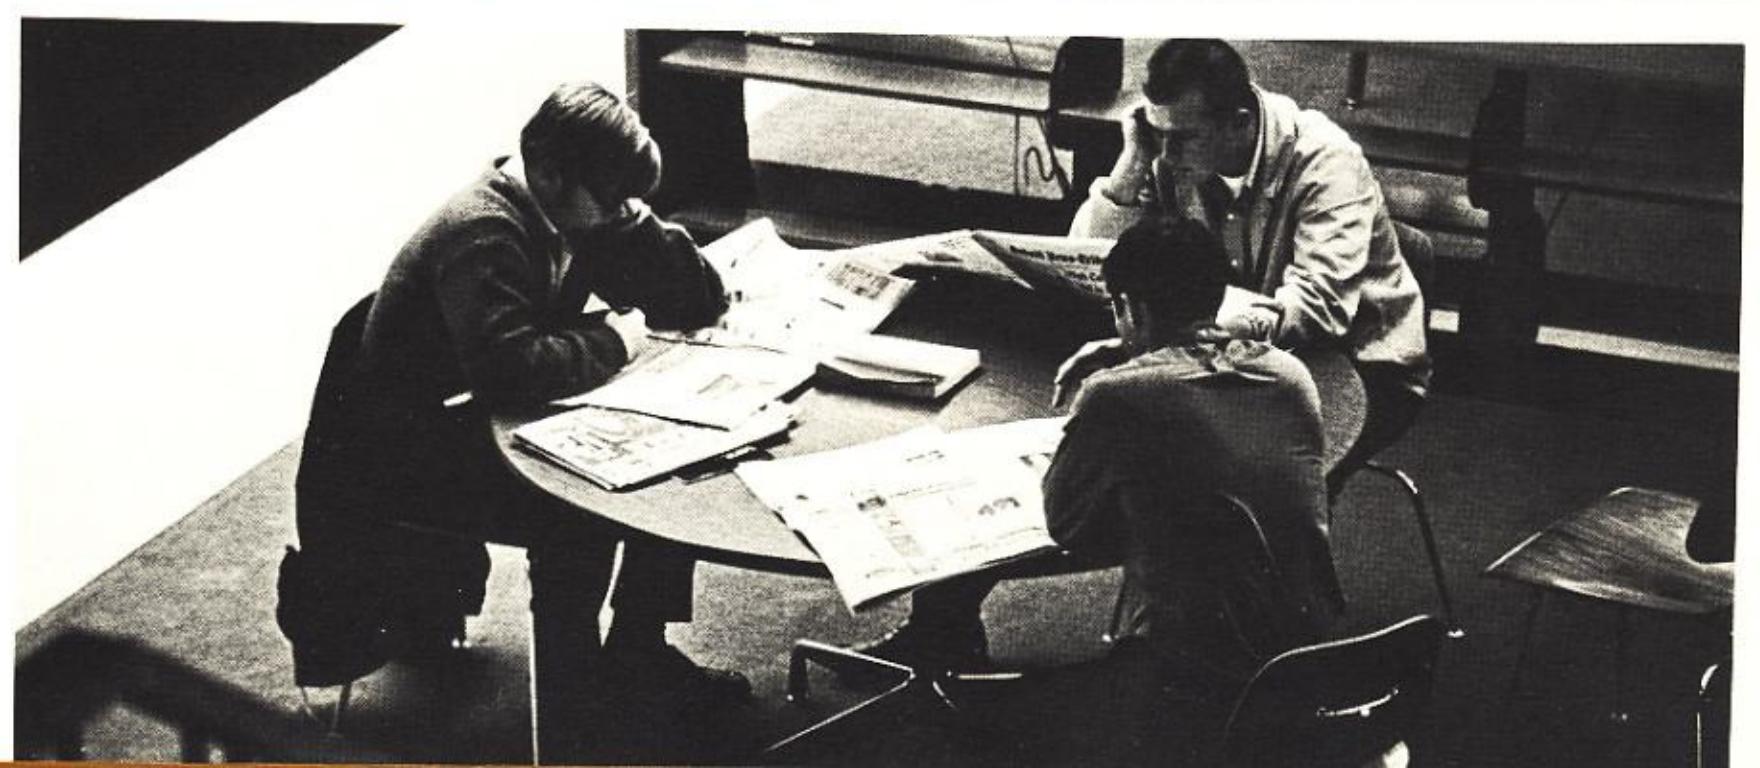

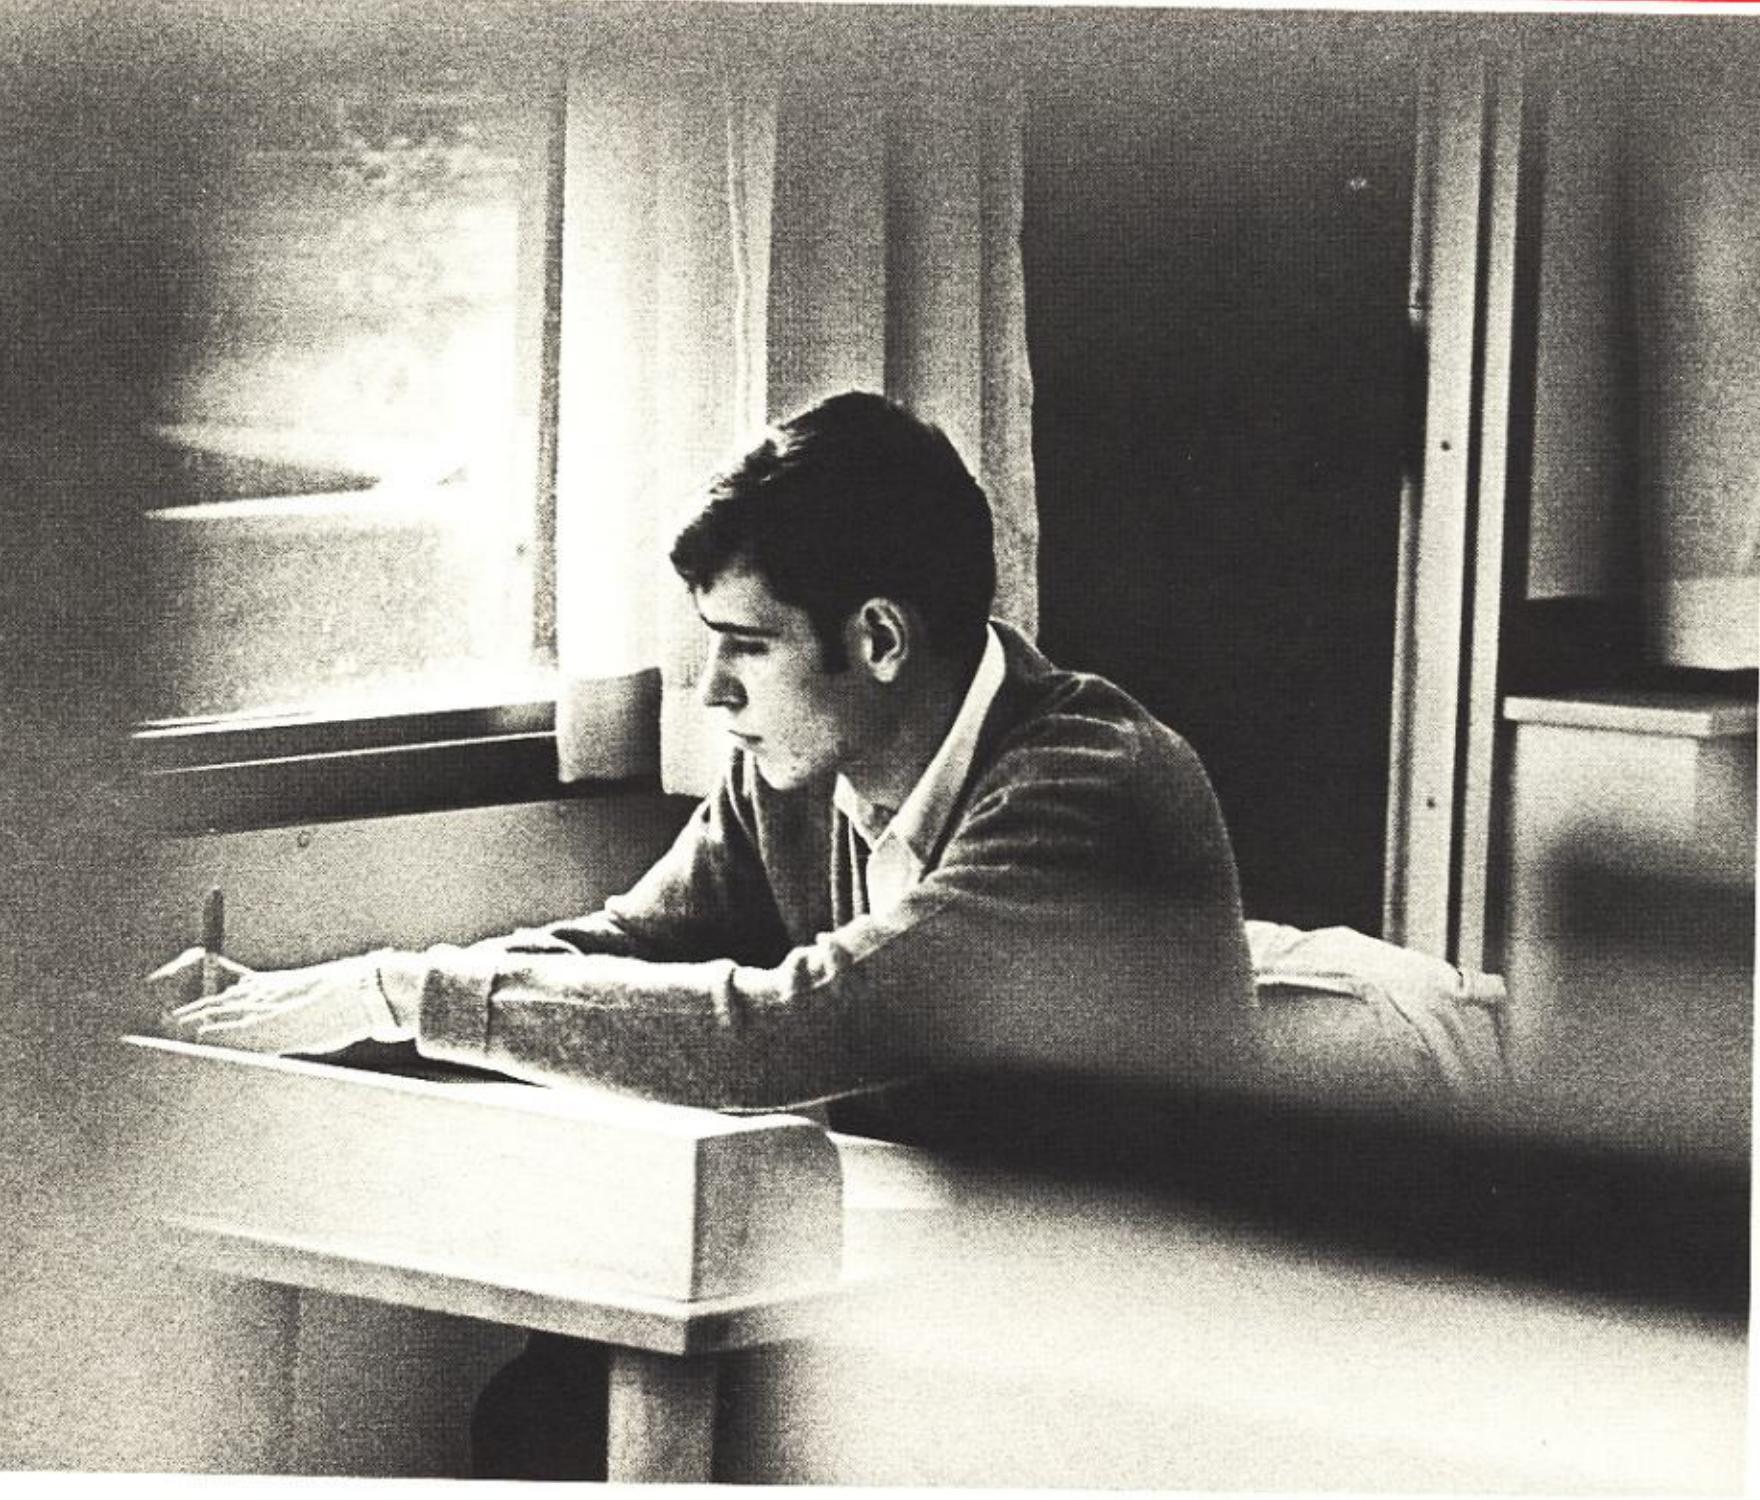

Life's supreme adventure is the adventure of living. Life's greatest achievement is the continual remaking of yourself so that at last you do know how to live.

The man who is set for the building up of a self he can live with in some kind of comfort and with the hope of continued improvement chooses deliberately what he will let himself think and feel, thoughts of admiration and high desire, emotions that are courageous and inspiring. It is by these that we grow into more abundant and truer life, a more harmonious inner state and a more stalwart personality.

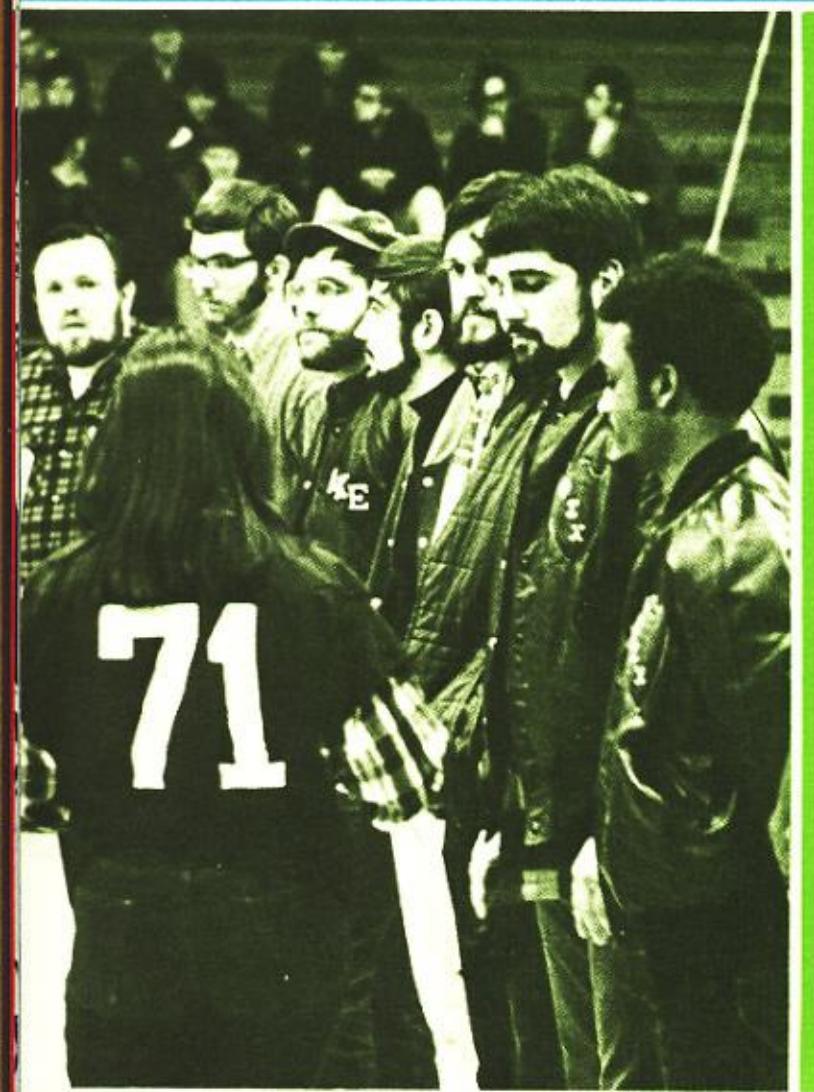

Winfred Rhoades

LEARNING

Education is a companion which no misfortune can decrease, no crime destroy, no enemy alienate, no despotism enslave; at home a friend, abroad an introduction, in solitude a solace, in society an ornament. It chastens vice, guides virtue, and gives grace and government to genius. Education may cost financial sacrifice and mental pain, but in both money and life values it will repay every cost one hundred fold.

PARTICIPATING

The service we render to others is really the rent we pay for our room on this earth. It is obvious that man is himself a traveller; that the purpose of this world is not "to have and to hold" but to "give and to serve." There can be no other meaning.
Wilfred T. Grenfell

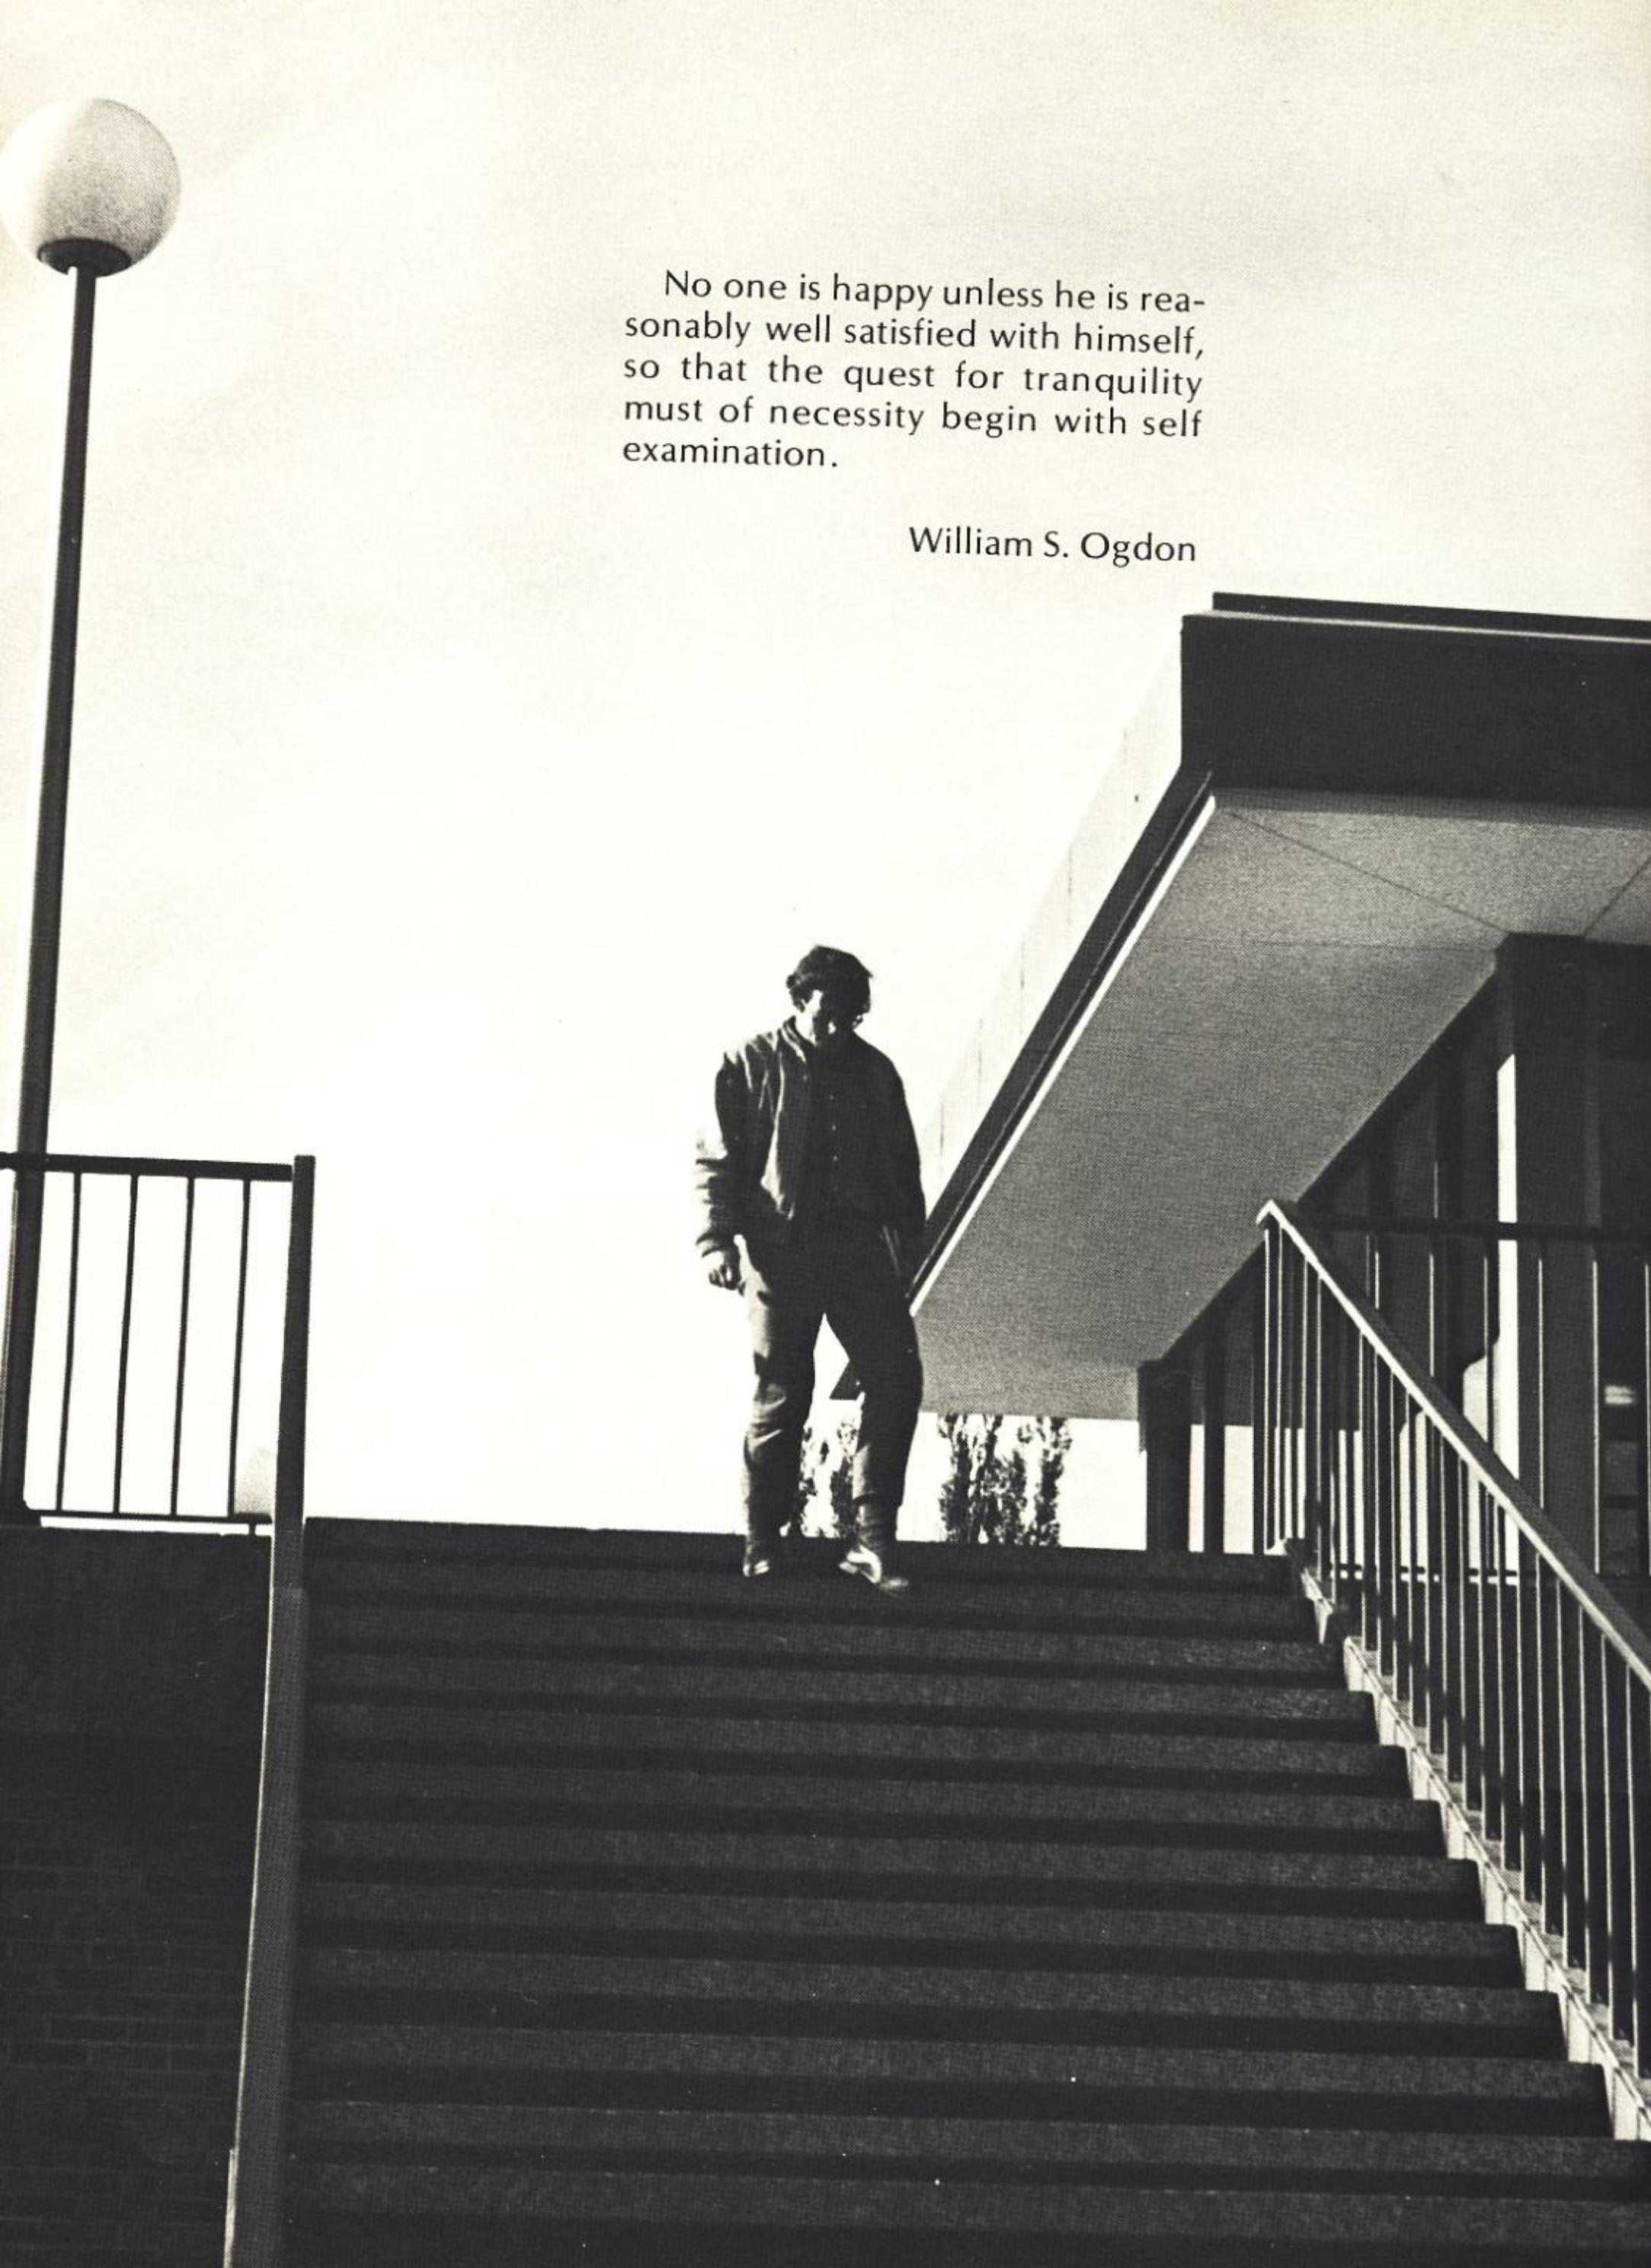

COMPETING

There is no happiness except as we take on life-engaging difficulties. The mortal flaw in the advertised version of happiness is in the fact that it purports to be effortless. We demand difficulty even in our games. We demand it because without difficulty there can be no game. A game is a way of making something hard for the fun of it. The fun is in winning within the rules. No difficulty, no fun.

John Ciardi

No one is happy unless he is reasonably well satisfied with himself, so that the quest for tranquility must of necessity begin with self examination.

William S. Ogdon

AH-MIC Staff

The tradition of a college yearbook was kept again this year by a small but determined staff. With a shortage of photographers our advisor Grant Haynes, new to BSC this year from Georgia, was kept constantly on the run. A few weeks before deadline one could drive by the "Brownstone Mansion" on Birchmont at night and see a few people, at the peak of frustration, laying out pages and furiously writing and typing copy. Because of our early February final deadline we weren't able to portray all of the years events as we would have liked to.

Northern Student

B.S.C. saw many changes in the *Northern Student* this year. Al Nohner began the year as editor but resigned on October 17. Through a close and contested vote, the Communication Board chose Jim Conner as Nohner's successor. Conner resigned December 17 after which Jay Griggs was elected editor.

Under the editorship of Griggs and managing editor John Fellows, improvements in both the size and quality of the *Northern Student* were immediately evident. These improvements have been noted and praised by members of the administration, the faculty and the student body alike.

This year the *Northern Student* was able to pay staff members for the first time. Next year B.S.C. can look forward to two issues a week.

The Northern Student

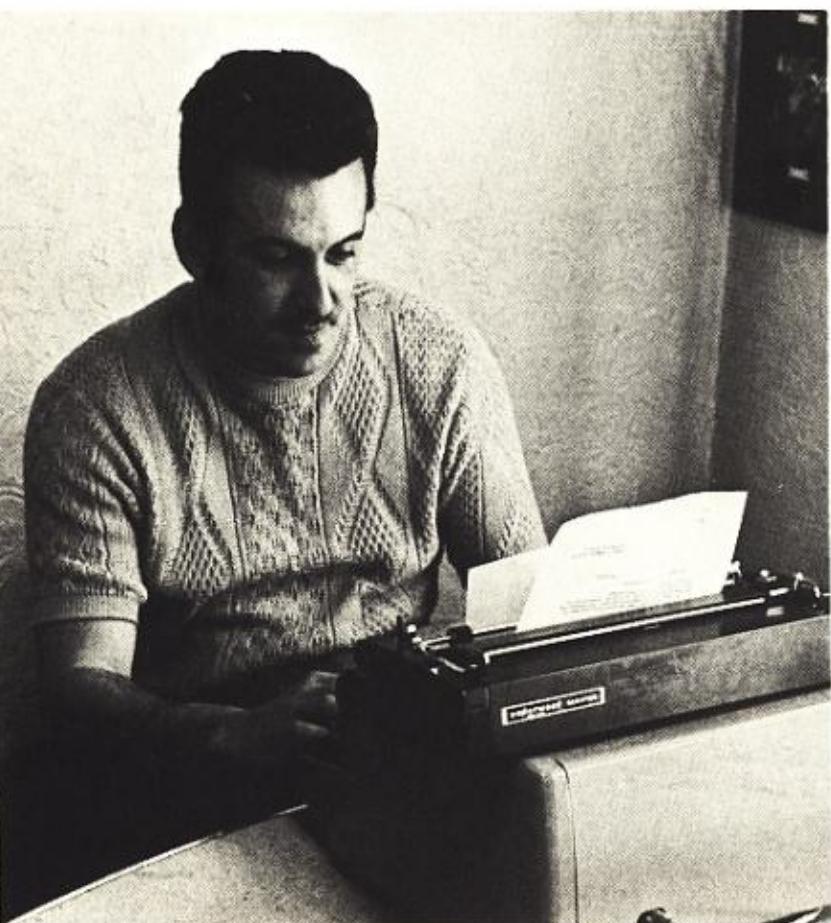

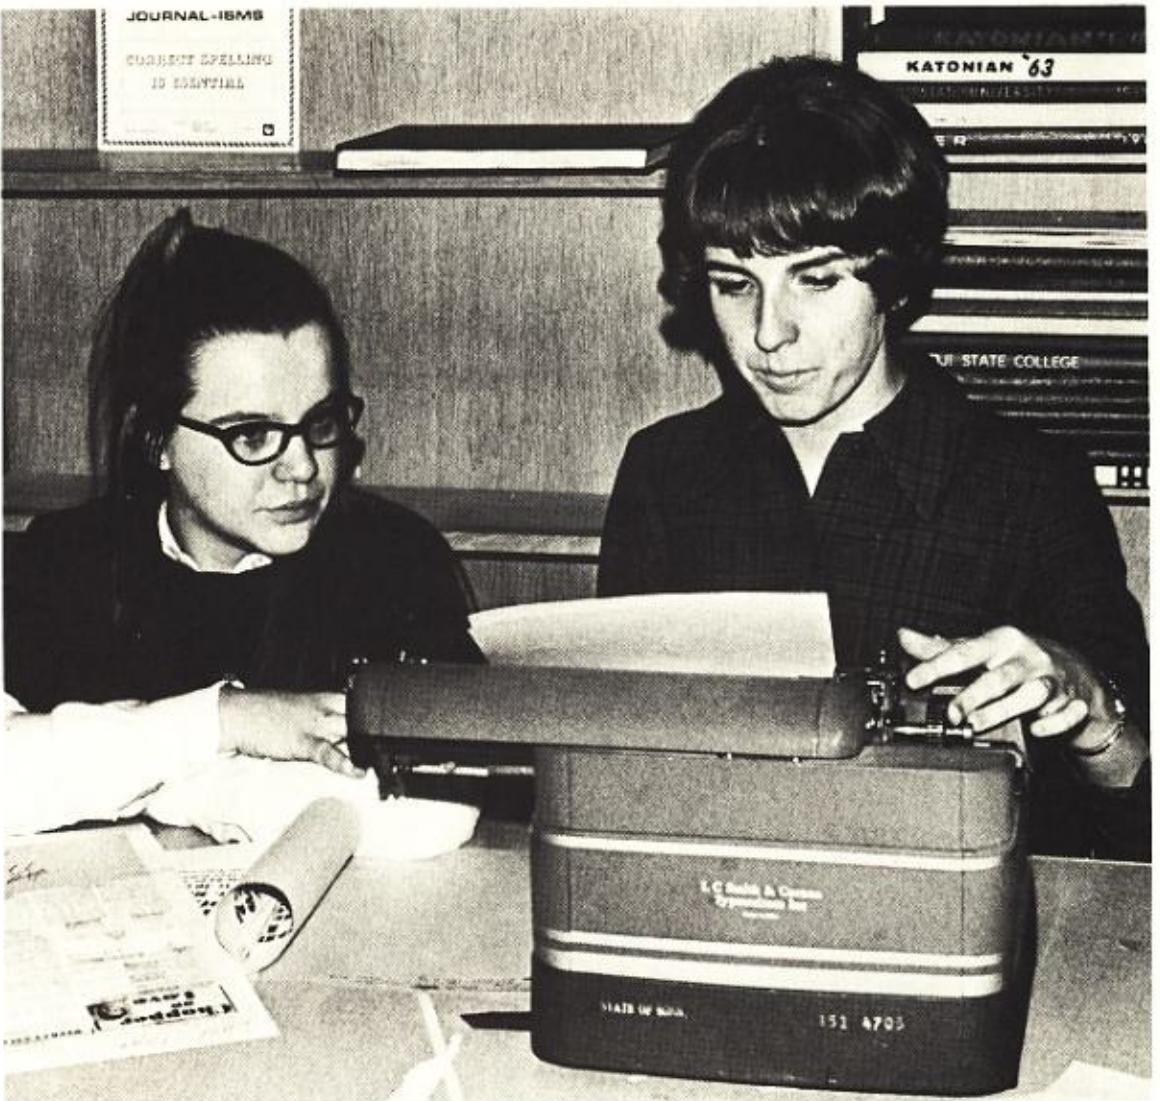

The *Northern Student* is published weekly (except for vacation periods) during the regular school year by the students of Bemidji State College. The opinions expressed in the editorial column are those of the Editor-in-Chief and the editorial board, and are not necessarily those of the college community.

Campus Radio

Started in 1965 KBSB began regular FM broadcasting in January of this year with a ribbon cutting ceremony which drew many area dignitaries. The station now broadcasts to the whole community, whereas, before KBSB reached only a few of the college dorms on the AM system. KBSB's Programming Policy is to provide the college and the community with quality educational and recreational service and, to uphold the highest standards of educational broadcasting possible.

Campus ministry is a team ministry headed by three major groups: Lutheran Campus Ministry, BeCUM (Bemidji United Campus Ministry), and Newman (Catholic Ministry). The three groups work closely together and also in cooperation with other ministers in town who have responsibility for college students of their denominations. As ministers of the Campus Ministry team, each is not merely interested in the students affiliated with the denomination that they represent but with all students on campus. The Ministry works in numerous areas through open forums, Bible studies and discussions, a pre-marriage course, counseling, tutoring, and social service (Big Brother-Big Sister program). Every Sunday morning worship services were provided by the three groups for the B.S.C. students.

LIVING

LIVING

LIVING

Everyone shares the responsibility in the future. But this responsibility can materialize into a constructive effort only if people realize the full meaning of their lives, the significance of their endeavors and their struggles, and if they keep their faith in the high destiny of Man.

Freshmen Are Initiated

Kris Hillstrom and Jeff Marlin reign over the Freshmen Week activities as our "Beanie King and Queen" for 69-70.

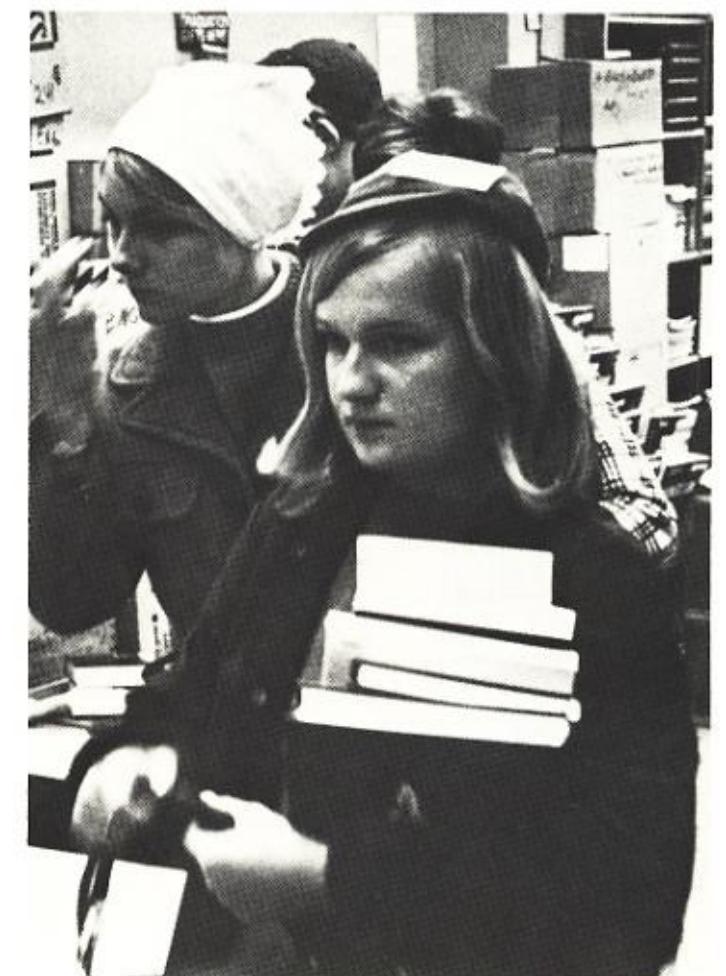

A New Life, New Friends, New Ideas

After almost a week of confusion, frustration and excitement, Freshmen began to become aware of what college life was all about. After moving into the dorms, Frosh were assembled for a quick welcome. Later, they were divided into smaller units and instructed where they should be at certain times, what was expected of them, etc. Then it was off to a dance — not leaving a moment for boredom.

The following days were spent learning about various school services, student government and what a student tries to achieve while attending college. Each evening there were activities such as a free Union night, free movies, Frosh Olympics, a mass pep rally, visits to faculty homes and "The Search". Many Frosh found "The Search" to be a valuable time for introspection as to why they were in college.

The highlight of the week came with the Coronation and dance. As the week drew to a close one could hear worn-out unit leaders warning returning upperclassmen about the vibrant group of Frosh that had invaded the B.S.C. campus.

Concerned Students Unite

On Oct. 15, 1969, Bemidji State College students joined millions of other Americans in a plea for peace in Viet Nam. The moratorium at Bemidji began with a memorial service to Minnesota war dead and the day proceeded with other programs which included poetry readings, debates, talks and a march for peace.

50th Anniversary Homecoming

An event that will long be remembered

This year's Golden Anniversary Homecoming, October 22-25, was probably the biggest and best in the college's 50-year span. The week's activities were launched with a dance on Wednesday night with music by The Misfits. Activities the following day included queen elections and an evening Pep Fest and Bonfire.

After coronation ceremonies Friday night, popular recording artist John Denver presented a two-hour concert which drew a standing ovation upon conclusion.

The highlight of Homecoming activities came Saturday. Notwithstanding snowy weather, a parade of 21 floats and 12 bands made its way down the streets of Bemidji. The long awaited game began in the af-

ternoon and the Beavers did "Dam the Warriors" of Winona State with a score of 19 to 0.

The half-time brought B.S.C.'s marching band onto the muddy field to portray a 50-year history of B.S.C. school songs. The royal court was introduced and float and spirit awards were presented. A Coronation Ball, set amidst the grandeur of a 1919 setting, climaxed the action-packed weekend. The "party-goers" munched on a four-tiered anniversary cake and danced to the music of the popular Blue Diamonds Orchestra.

Fifty years of B.S.C. history were telescoped into one big weekend — a most memorable 1969 Homecoming.

U. N. Day

On November 18, 1969 a mock United Nations convened in M-100. Most of the participants were enrolled in Dr. Nadeson's United Nations course where they studied the activities and duties of this organization. They were able to apply what they had learned through this practical experience. As delegates for various countries, the students gained experience in dealing with various problems of the world. Through this mock session the group of students showed their support for the present United Nations in New York and developed an interest in the work it does.

The first annual Madrigal Dinner was put on during the Christmas Season by the Chamber Singers. The traditional England yule banquet featured wandering minstrels, court jesters, trumpeters heralding each course, with the Chamber Singers as the evenings entertainment. The three night medieval feast was conducted to help finance the Concert Choir's European tour this summer.

Communication Through Music

The Bemidji State College Band is pictured above at its homecoming performance following its annual tour.

The Opera-Theater '70's production of "La Boheme" was one of the most excellent and well received cultural events staged by BSC this year. It has always been one of the most popular of all Italian operas and is focused on the life and love of four young French University students. The all college production made use of more than one hundred cast and crew members.

Concerts Provide Quality Entertainment

The Jacques Loussier Trio performed "Play Bach" on November 4. This was a swinging contemporary interpretation of Johann Sebastian Bach's music. Loussier, the French pianist, was accompanied by two of the most able Jazz men in Europe, percussionist, Christian Garros and Bass, Pierre Michelot.

One of the top pop music groups, the Cowsills, was on the BSC campus November 21. This family band gained national spotlights a few years ago and has been the hottest proposition in show business. One of the songs they sang was *The Rain The Park and Other Things* from their best seller list.

Critics say the Camerata Singers are one of the finest choral groups in New York. The chorus, formed ten years ago, has appeared with the New York Philharmonic over one hundred times and traveled to BSC to perform for the community on February 11. The Manhattan choral group was lead by Abraham Kaplan, director of choral music at Juilliard School of Music.

Speakers Share Ideas

Dr. Michaelson, chairman of Religious Studies at the University of California, Santa Barbara, was guest speaker at BSC on February 2-3. He inaugurated the inter-disciplinary religious studies program at BSC.

Terrence O'Neil, TOP LEFT, former Prime Minister of North Ireland, spoke of the bitter Roman Catholic and Protestant feuds shattering his country at a lecture on November 24. He has been hailed as an architect of Irish political and social reforms.

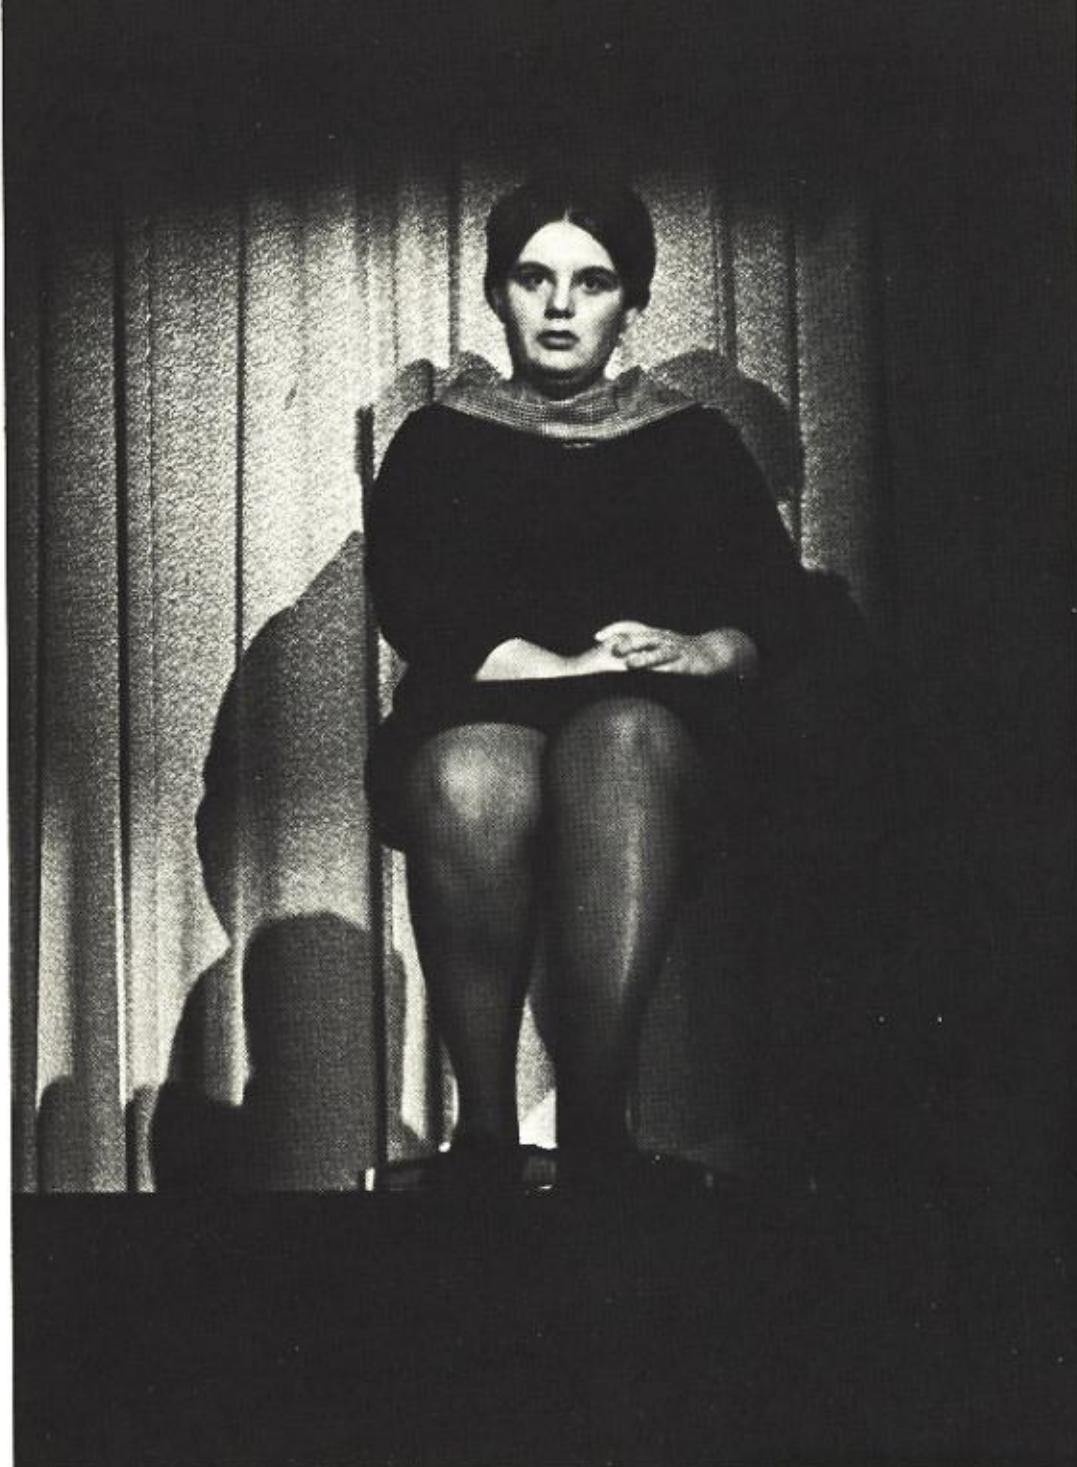

Dr. Hibbs, BOTTOM LEFT, a pioneer in the United States satellite and space probe programs spoke to students here on February 9.

Renaissance Concert

The Renaissance, a world-touring musical group from Southern California, appeared in a contemporary religious production in Bemidji at the BSC Fieldhouse on March 12-13.

The Renaissance is comprised of seven singers and eight instrumentalists who are professional Christian musicians from colleges and universities all over the United States. These dedicated and intense young musicians believe that they have a unique opportunity to reach through their music the world's youth population with the message of Christianity.

The Renaissance was on a nine month tour of the United States, and appeared in Bemidji under the sponsorship of the Inter-Varsity Christian Fellowship of Bemidji State College.

The Subject Was Roses

The approach of the BSC Drama Department this year has been one of experimenting with new and different productions. The drama production shown here, *The Subject Was Roses*, was given as a Readers Theater presentation. The enjoyment from this type of drama is gained through interpretation of the script. No blocking is done, and the characters sit on chairs throughout the performance.

Beard Contest winners were, (l-r) Bob Dorn for peach fuzz, Steve Lee for most unusual, Terry Geppert for neatest, and Ken Dick for fullest.

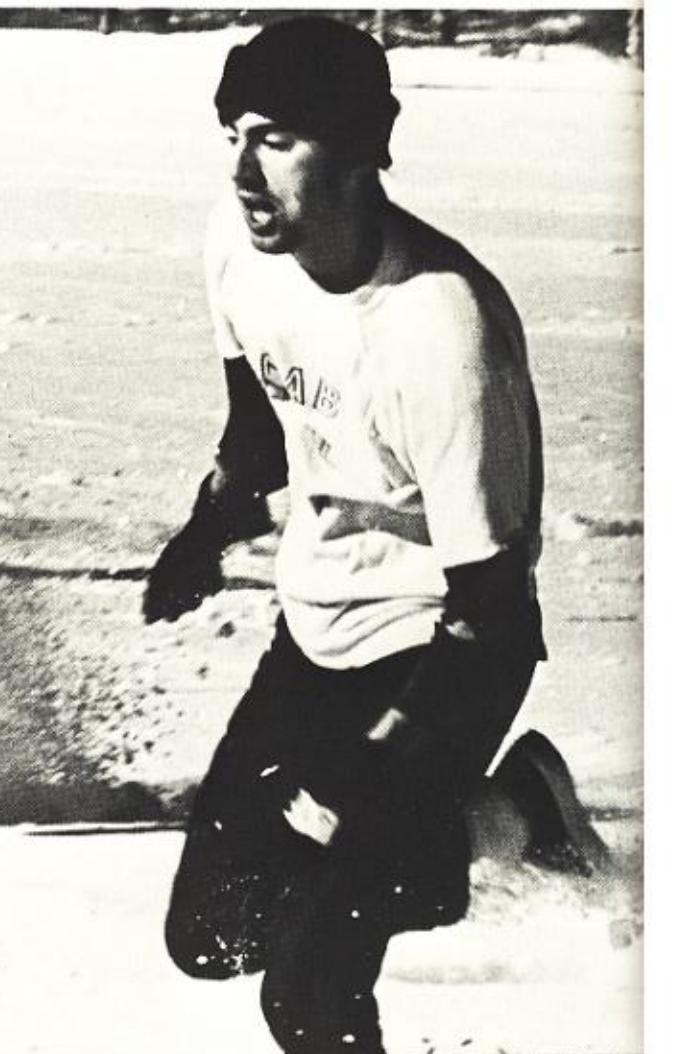

Paul Bunyan Week

This year's Bunyan Week, celebrating BSC's 50th Anniversary, was the most complete and varied ever. Along with the regular Bunyan events of beard judging, olympics, pancake eating, snow sculptures and the Wood-chopper's Ball, several new ones took place. This year was a first for Volkswagen races, Theive's Market and a Sour-dough Sam Smorgasbord.

One of the biggest "firsts" of this year's Bunyan Week was that it was a college and community event with the community at large contributing to and participating in events. For this and many other useful ideas as well as much hard work, the Union Board and especially Chairman Diana Taylor are to be congratulated.

Bunyan Olympics

Pancake Eating Contest

Shown at right are the winners; Bill Steiner eating 20, and Alyce Heimsjo who ate 13.

The Beaver Union was the scene of a number of Bunyan Week events one of which was Casino Night. Roulette tables were crowded and the success of a polka downstairs was proof positive that BSC hasn't gone so modern as to be unable to enjoy an old local custom.

Sororities, fraternities and residence halls staged skits during Variety Night. First prize went to Pine Hall while Lambda Alpha Beta captured second place.

Graduation

... the end — but the beginning.

PARTICIPATING

PARTICIPATING

PARTICIPATING

I am only one,
But still I am one.
I cannot do everything,
But still I can do something;
And because I cannot do everything
I will not refuse to do the
Something that I can do.

Edward Everett Hale

Industrial Arts

This year the Industrial Arts Club changed from their annual goal of making money for tours to one of exchanging ideas within the club and promoting Industrial Arts on campus. There were also companies putting on demonstrations and displaying exhibits at the exposition.

Hockey

In 1969—1970 the Bemidji State College hockey Beavers continued to perform as the true champions they are.

This year was different in that the Beavers took on a WCHA foe for the first time in history. The team was North Dakota University, the defending WCHA champion, and the results were one victory for each team. North Dakota won the first game, but the Beavers came back to defeat UND in the second game.

The highlights of the season were the victory over UND and the sweep of Lake Superior State at home in front of two "standing room only" crowds.

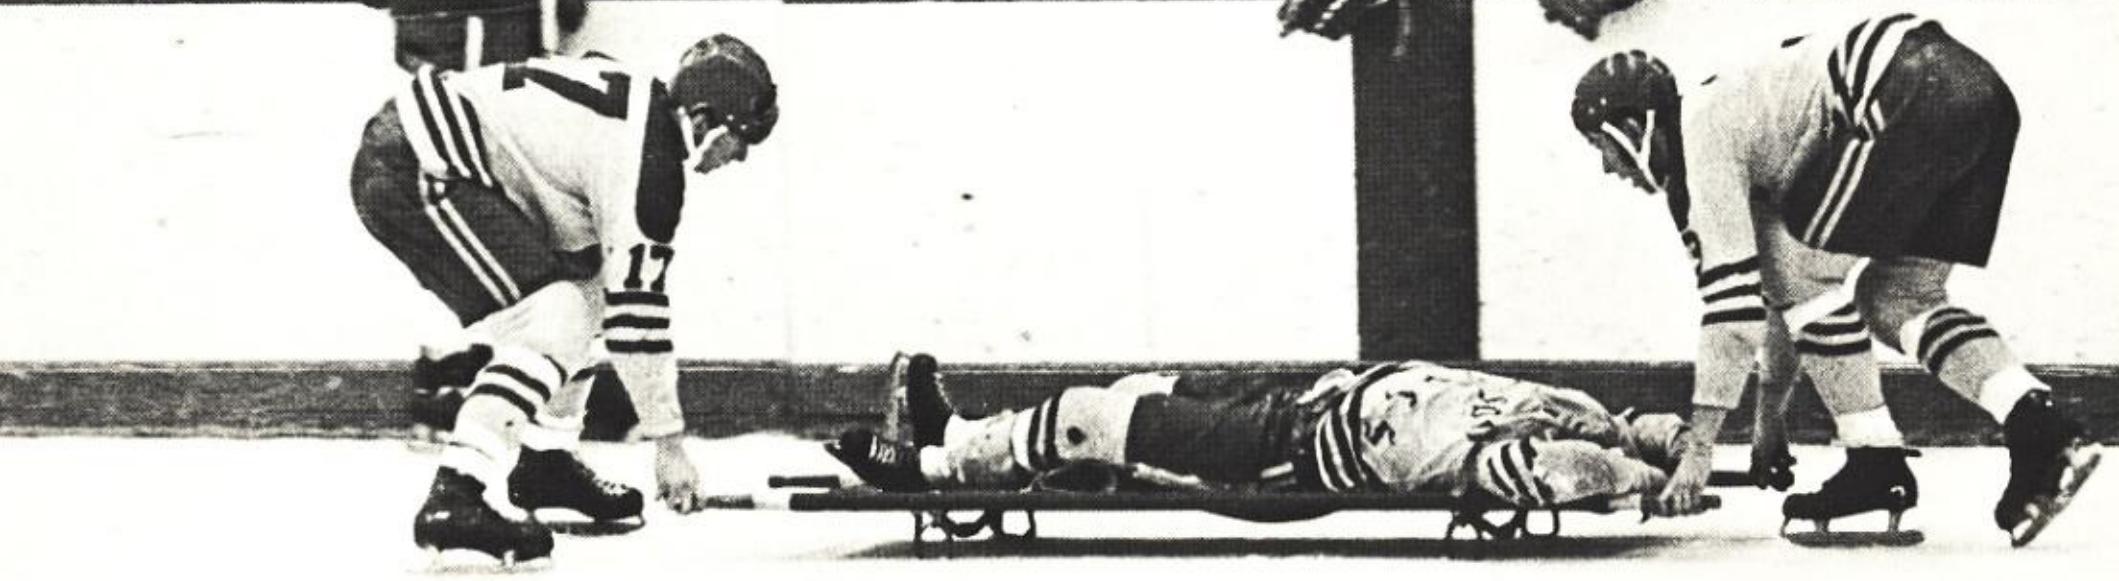

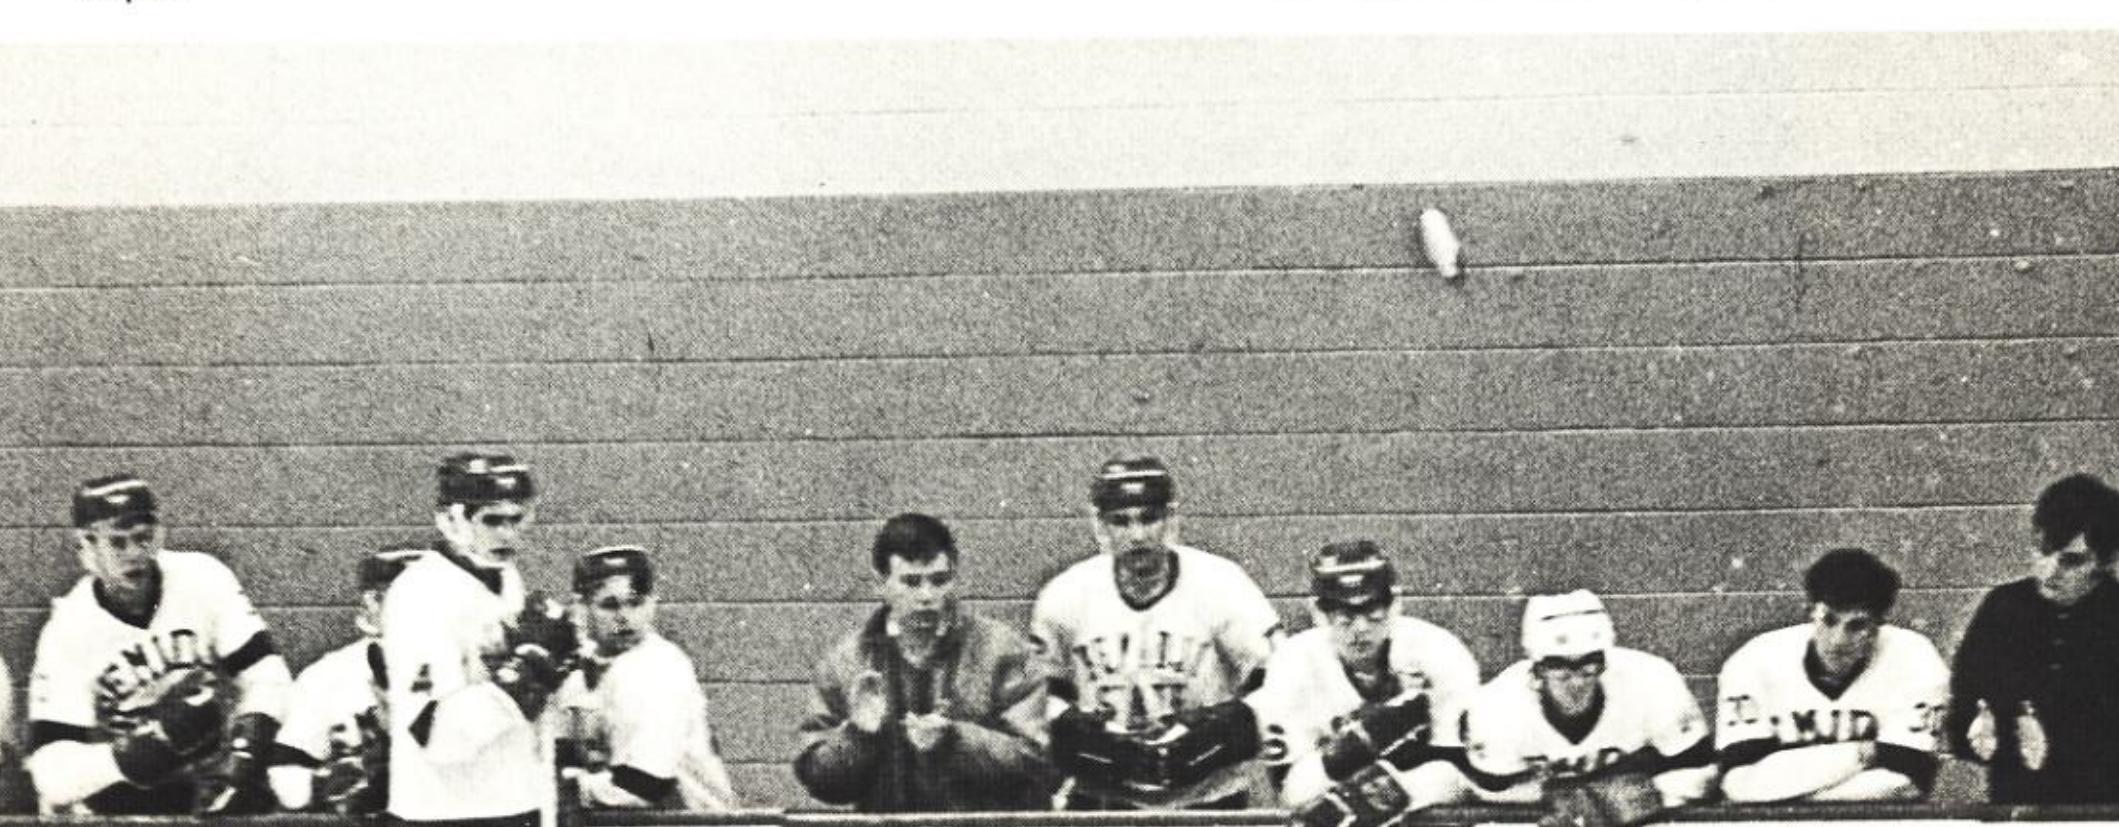

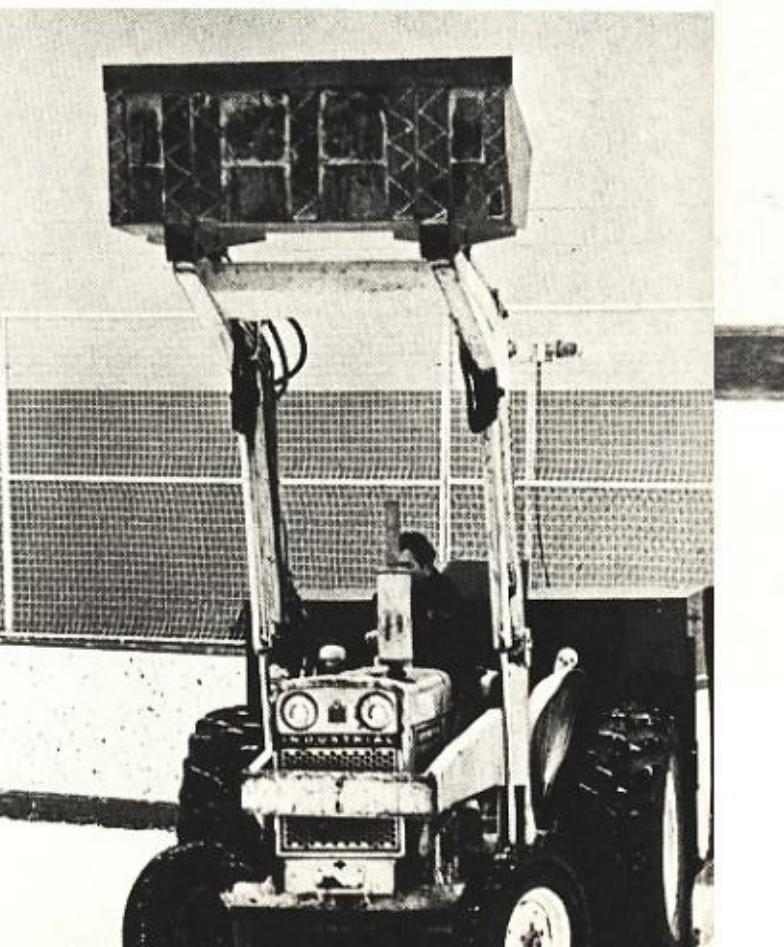

The team stood to have a good chance of a repeat

as the ICHA champs going into the final week of the season. But they were under an unusual handicap this year while playing Lake Superior State for the Conference Championship, as Brian Grand, Jim McElmury, and Charlie Brown were performing for the U.S. Internationals Team in Rumania.

Grand, McElmury, and Brown are all NAIA all-Americans and, therefore, the finish in the conference was dependent on the teams playing ability without these standout players. Overall, the Beavers provided their fans with the usual great hockey that BSC fans have come to expect.

Football:

The BSC grid-ironers started out our 69-70 football season by losing to Minn. Morris 14-7. After a strong rally the following week, we sneaked by Steven's Point 6-0. The next week, we then drew St. Cloud to a 7-7 tie.

Our Beavers then felt the pain of defeat, by losing to Mankato 23-0. They then took out their revenge by smashing Moorhead 28-12.

Mich. Tech. was a bitter loss of 7-6, but once again the Beavers came back to win our Homecoming game 19-0 over Winona. The BSC gridders finished off their season in grand style by finishing off Bethal 57-13.

The future looks bright for the young defensive minded Beavers with the greater part of their nationally ranked defensive unit returning. However, defensive coach Tom Hosier will have to fill key positions being vacated by all conference selections; defensive tackle, Dave Dopp and defensive half-back Dick Sheehan. John Redebaugh will also be missing. John was selected in the 16th round of the professional football draft last January by the Cleveland Browns.

Coach Jim Malmquist said of next seasons chances: "We are tough, young and eager. Our schedule is a tough one but we are entering the 70's with our heads up and our eyes open. Anything can happen."

Football Team ... ROW 1, (l-r): Vince Geraci, Bob Shorten, Lee Patten, Ron Beckman, Dick Sheehan, Dave Dopp (co-captain), John Redebaugh (co-captain), Harlan Brooker, Clark Bergloff, Larry Nash, Tom Enger, Wally Benson, Steve Collins. Basketball

Youth was the key word as this years basketball campaign started out. Through it all came a second place conference finish, a surprise to many BSC basketball followers.

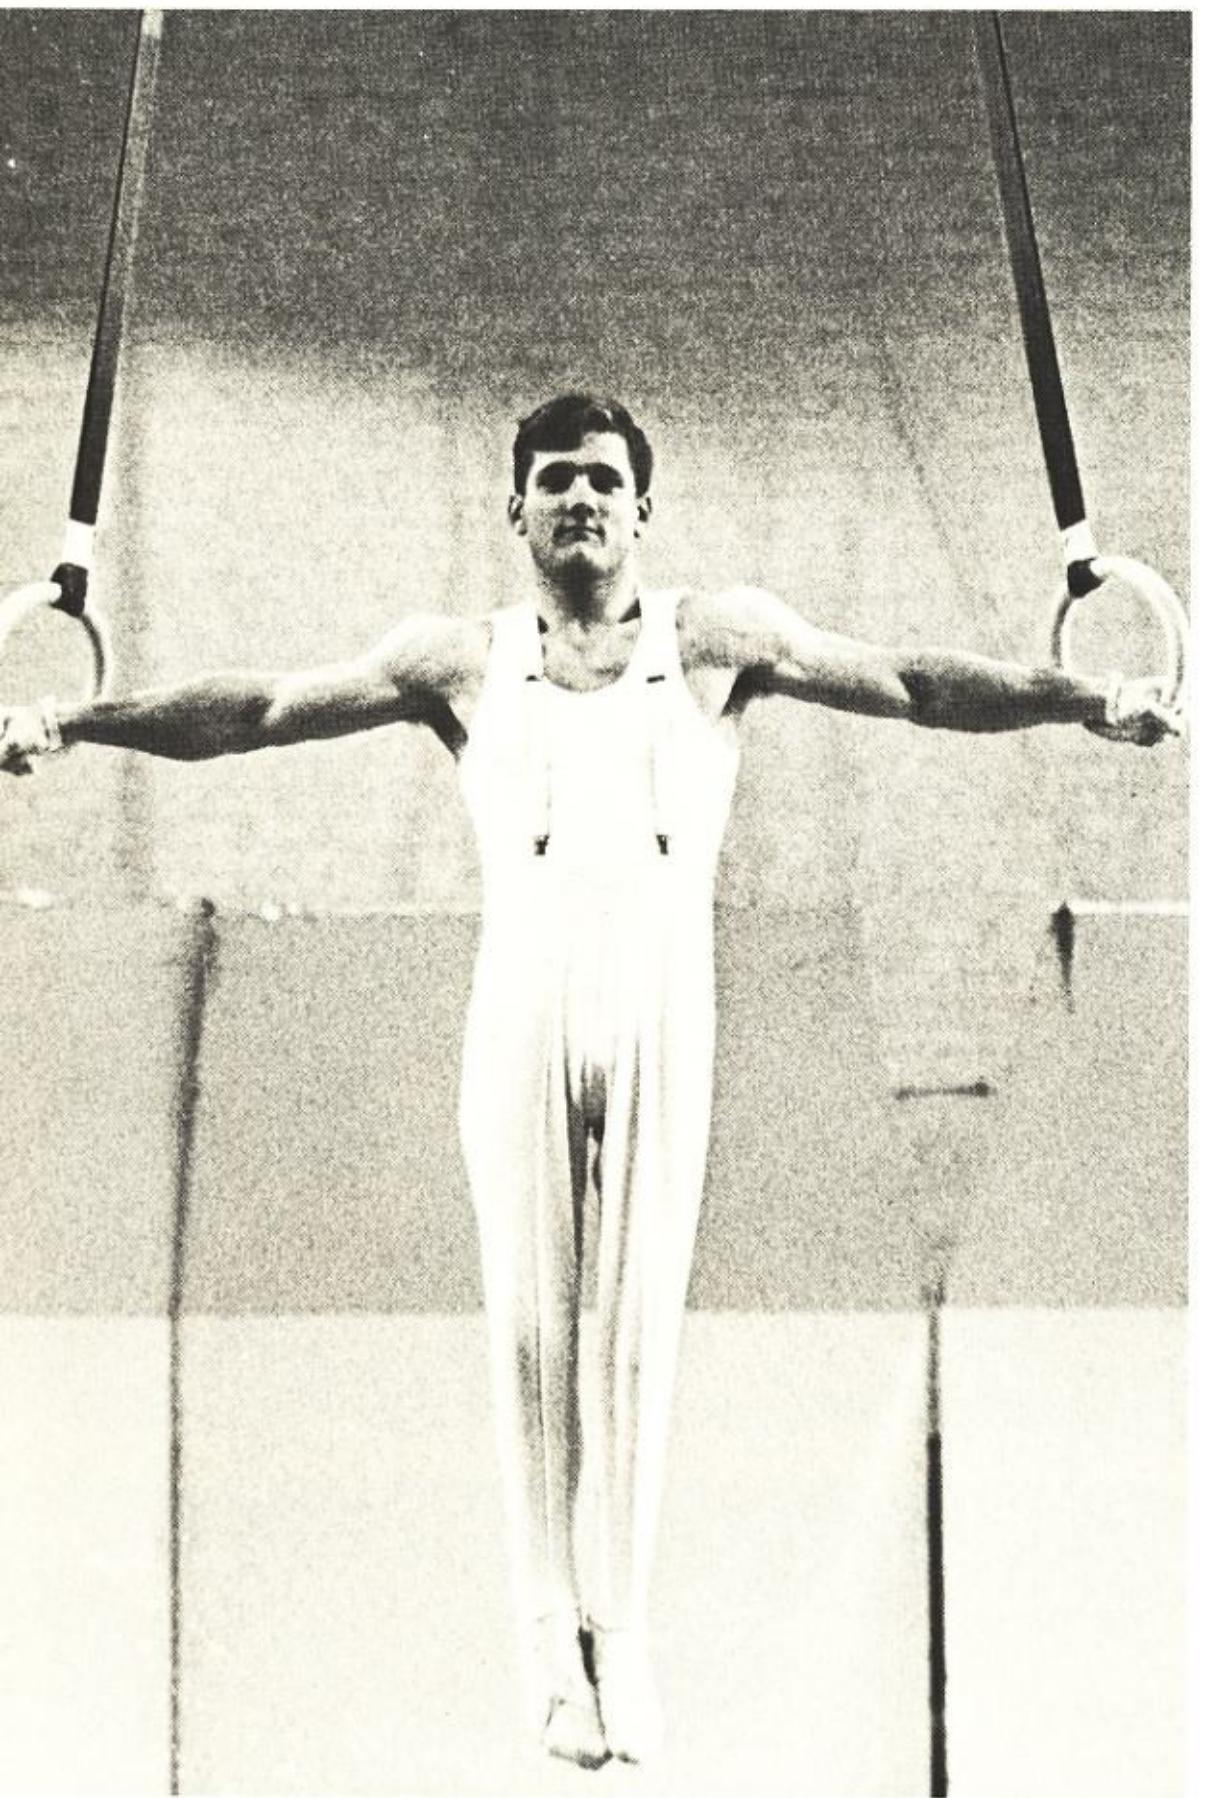

With four sophomore starters the Beavers were not expected to place well. But the rebounding of Steve Noonkesser and Lloyd Stauff, the shooting of junior college transfer Terry Warren and sophomore Rod Schwarzkopf, plus the defensive ability of Terry Boone led the Dave Hutchins coached Beavers to its fine finish.

Next year looks to be even brighter for the Basketball Beavers, with perhaps a chance to equal the accomplishments of the 1966-67 championship campaign. Coach Hutchins stated: "Youthfulness left the Beavers in second place this year, but with the maturity and poise the boys have gained this year they will be a strong contender for an exciting year of Beaver Basketball in 1970—1971."

Gymnastics

Beaver gymnasts turned in the best performance of several years this winter as they lost but one dual meet before yearbook deadlines while winning eight. Coach Jim Selby's charges all qualified for the national NAIA tourney and this year they hoped to better their 12th place showing last year.

Observers say that this is the seventh straight winning season for the gymnasts and they've never finished lower than 15th in the nationals. Prospects are good for next year too.

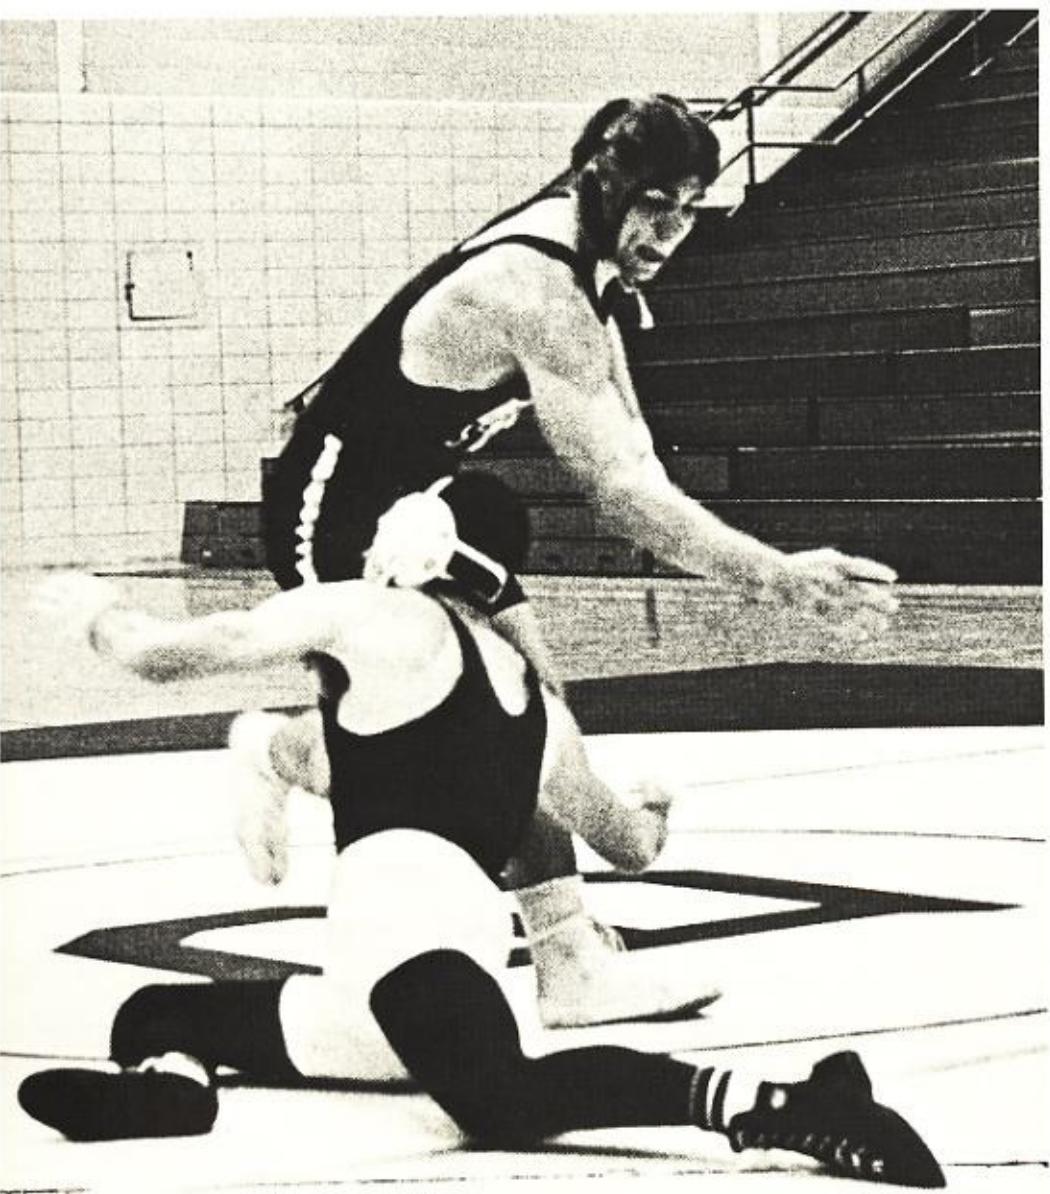

Top point getters were: Micky White, free exercise; Russ Johnson, side horse; Larry Soular, rings; Doug Kennison and Mike Shay, vaulting; Larry Carpenter, parallel bars and Don Papreck, high bars.

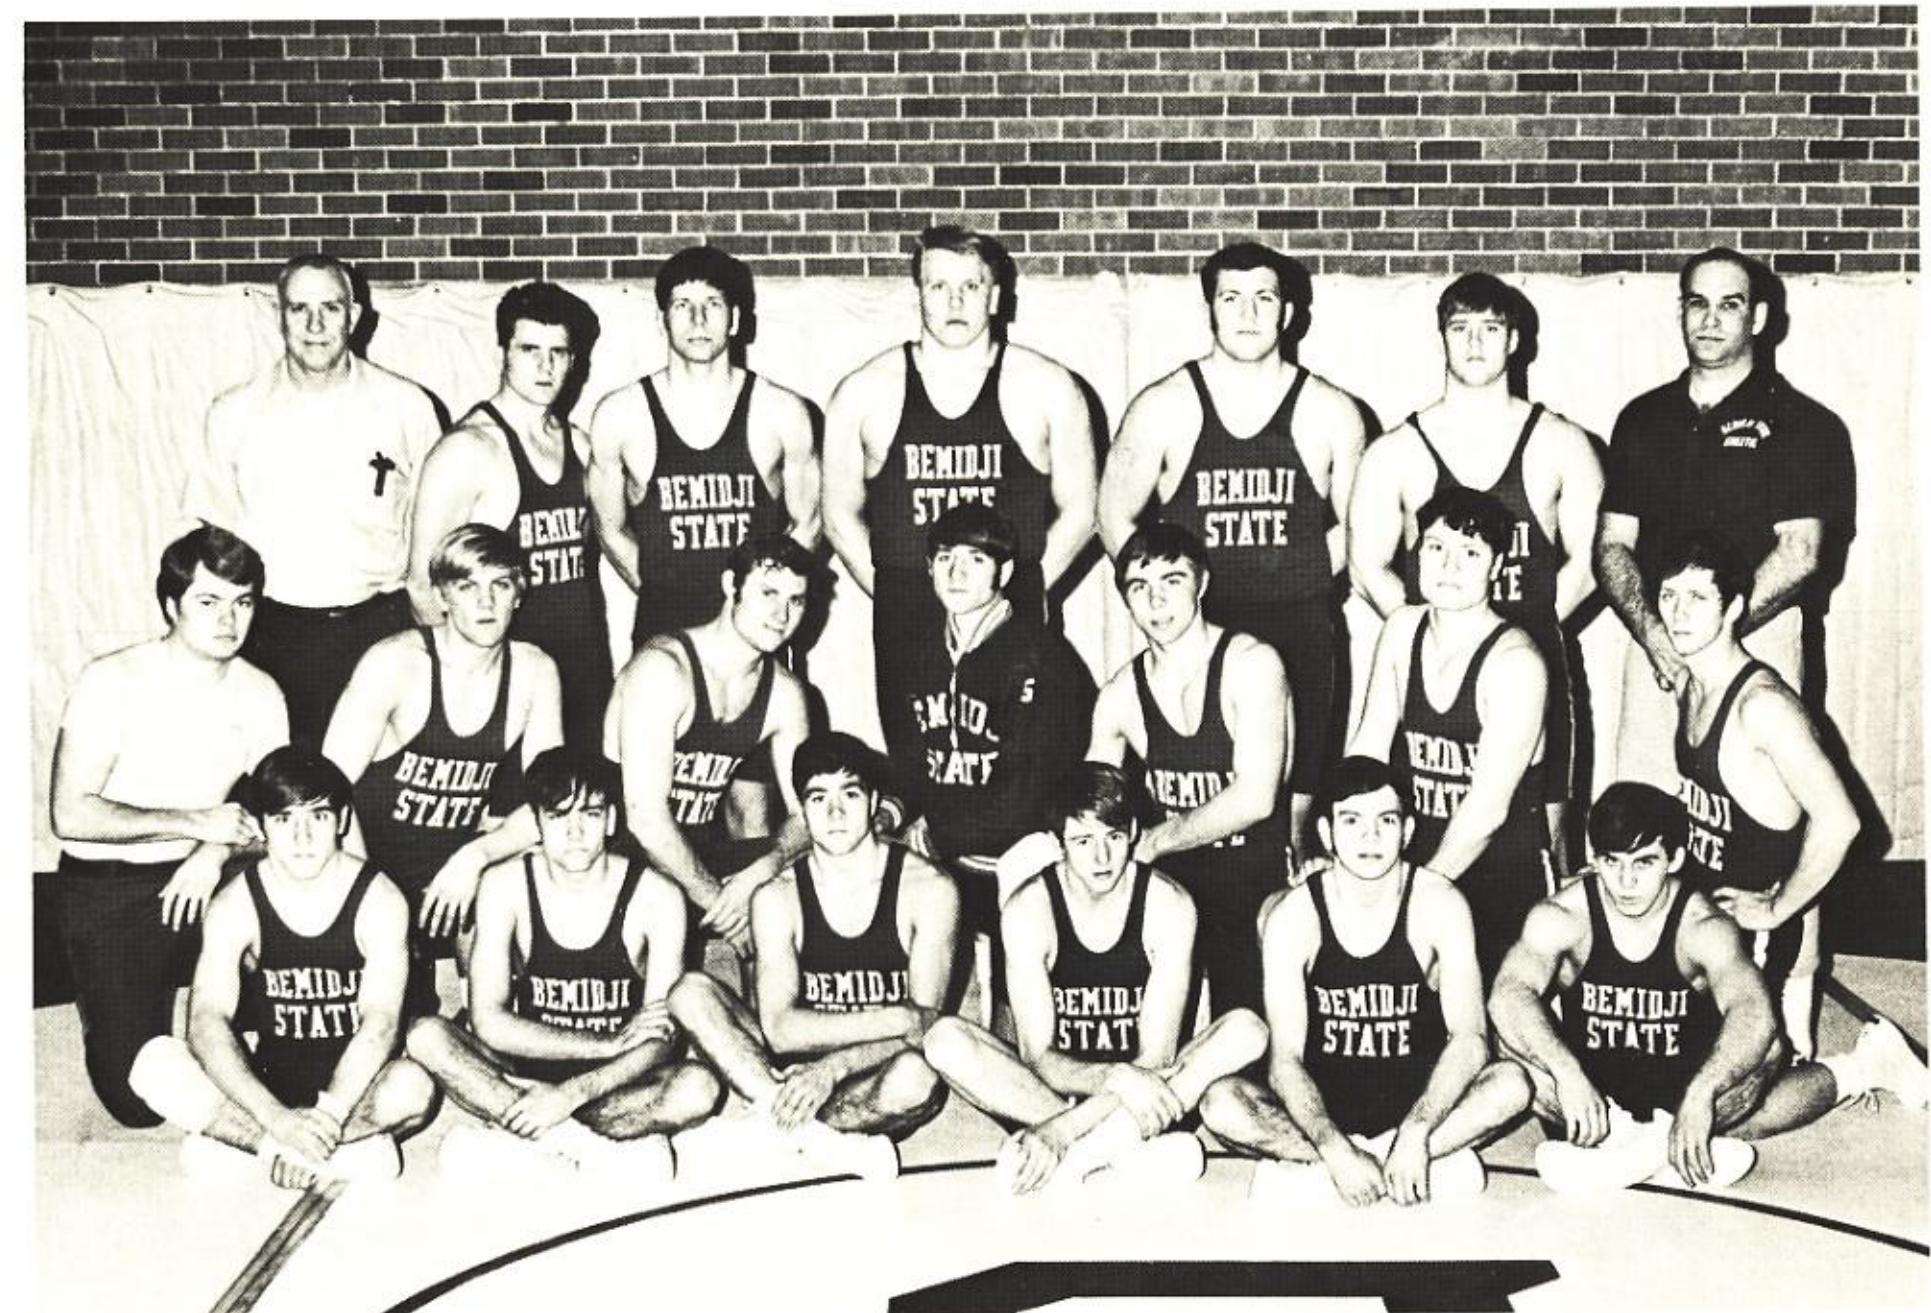

Wrestling

Wrestling was a sport which attracted many spectators this year. The squad had a dual meet record of 11-3-1 with their most impressive performance being against Winona, the results a tie of 17-17. Winona was ranked 5th nationally at the time and Bemidji was 7th. These two were also expected to fight it out for the conference championships.

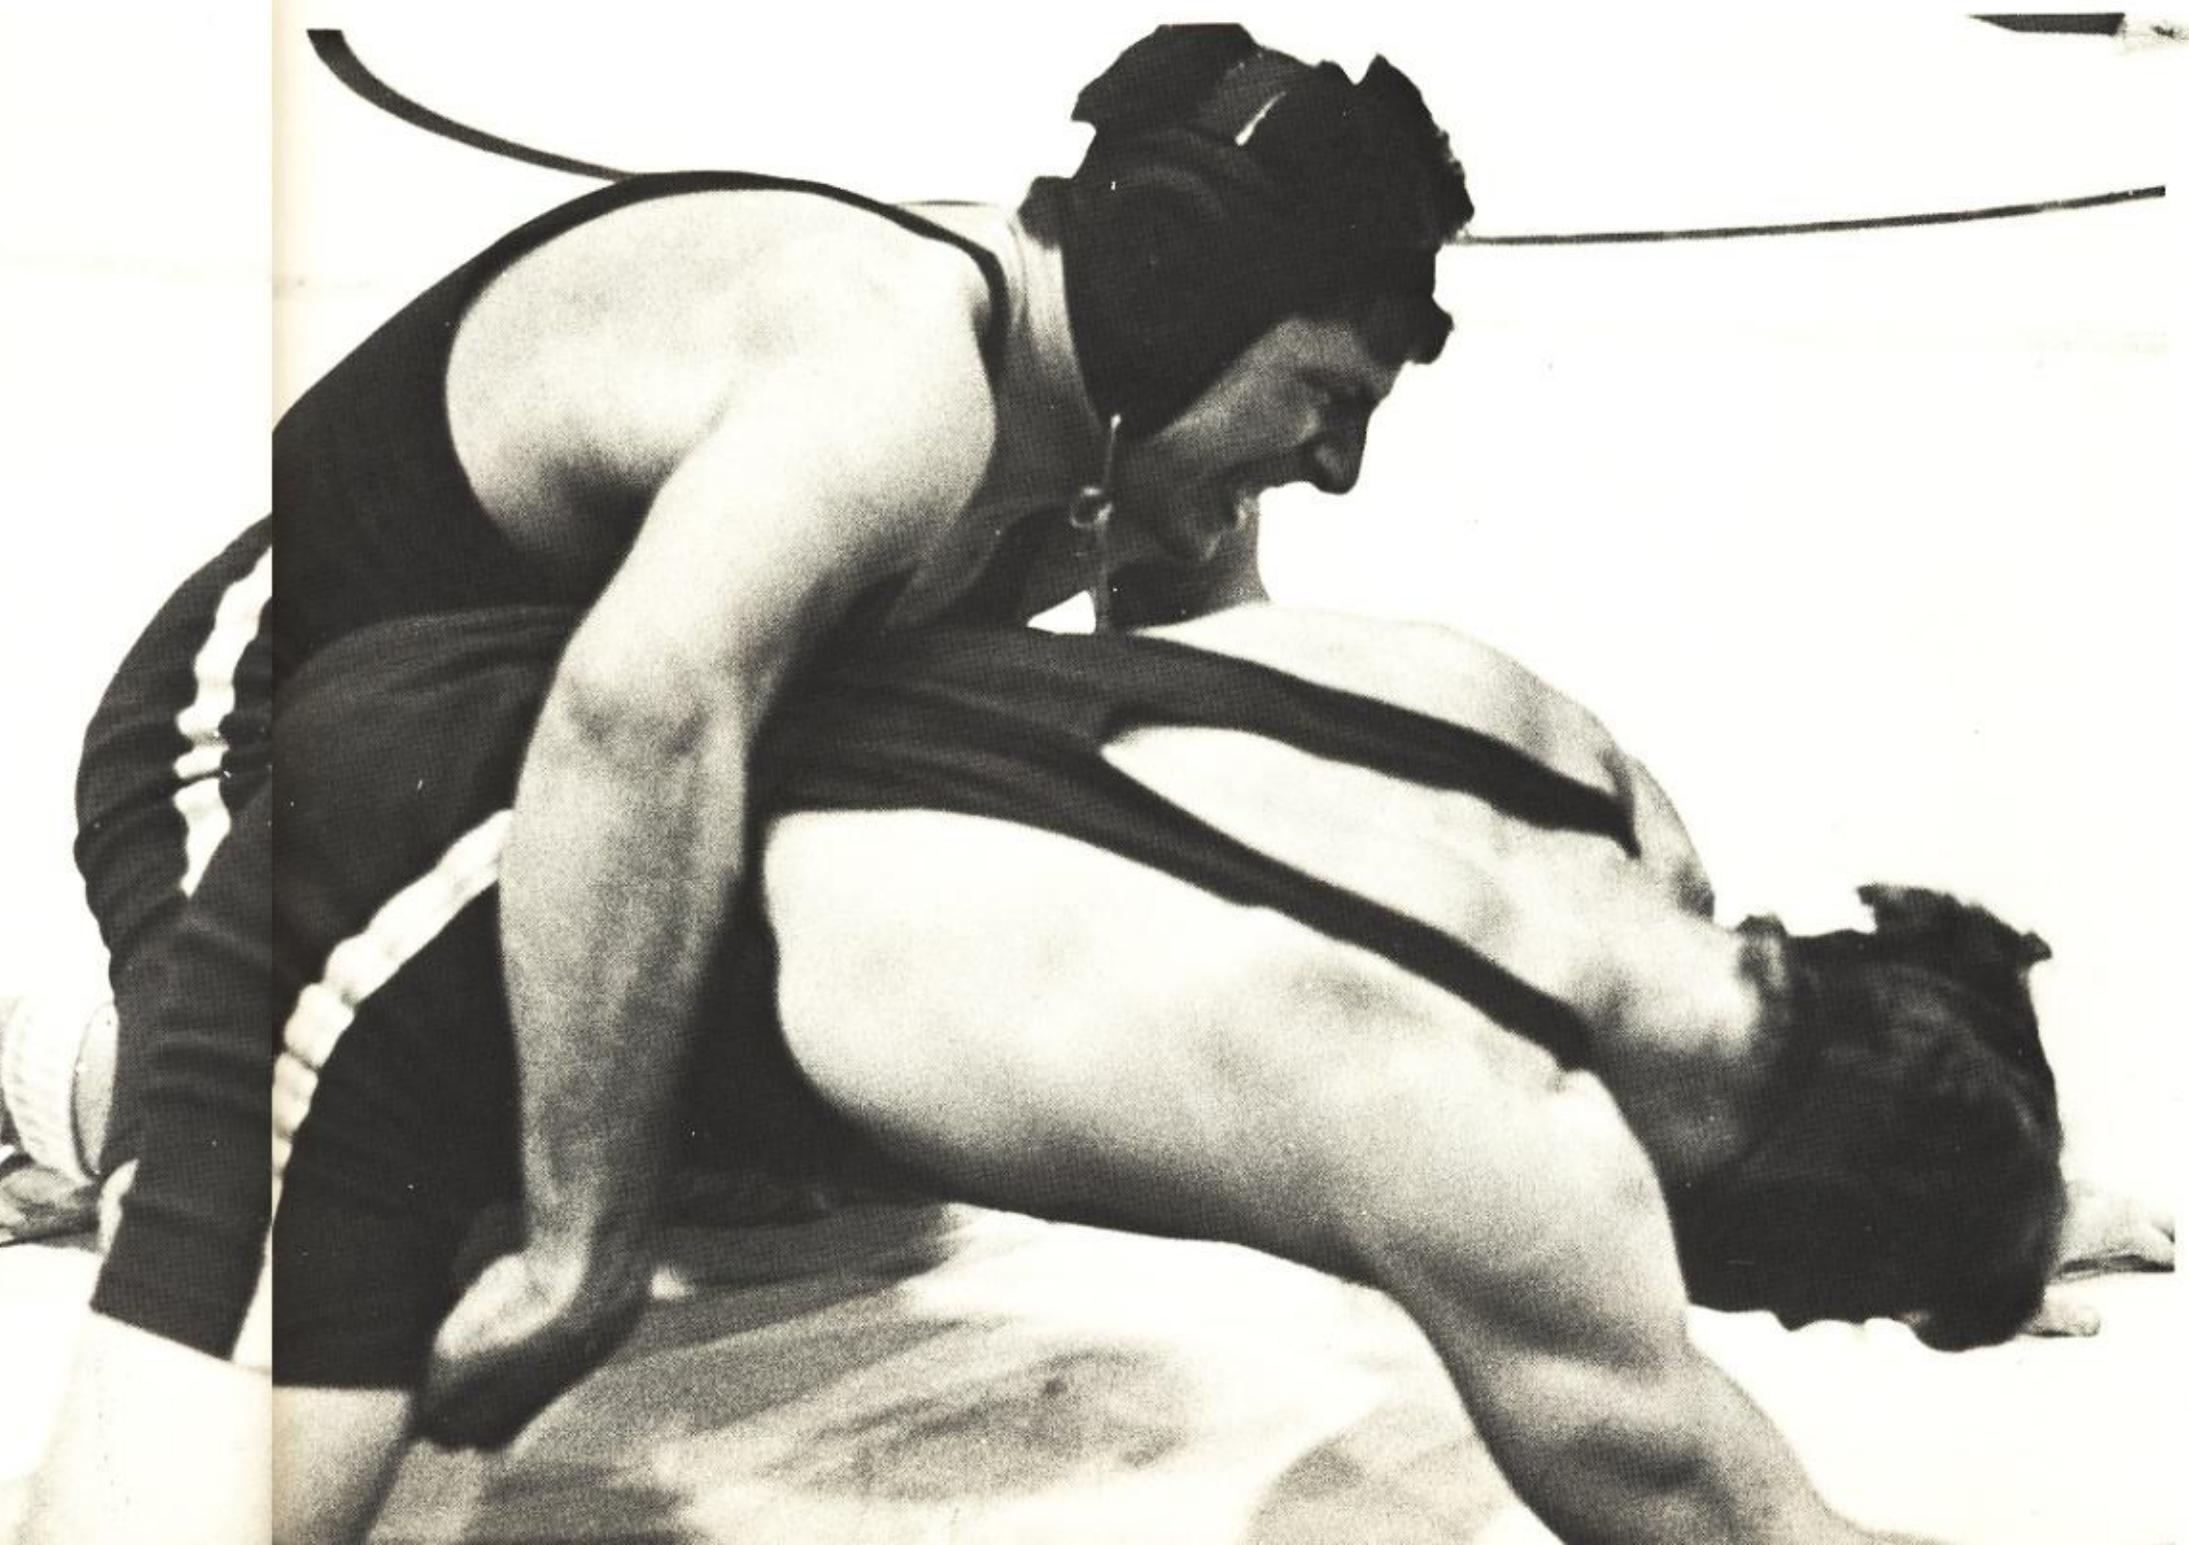

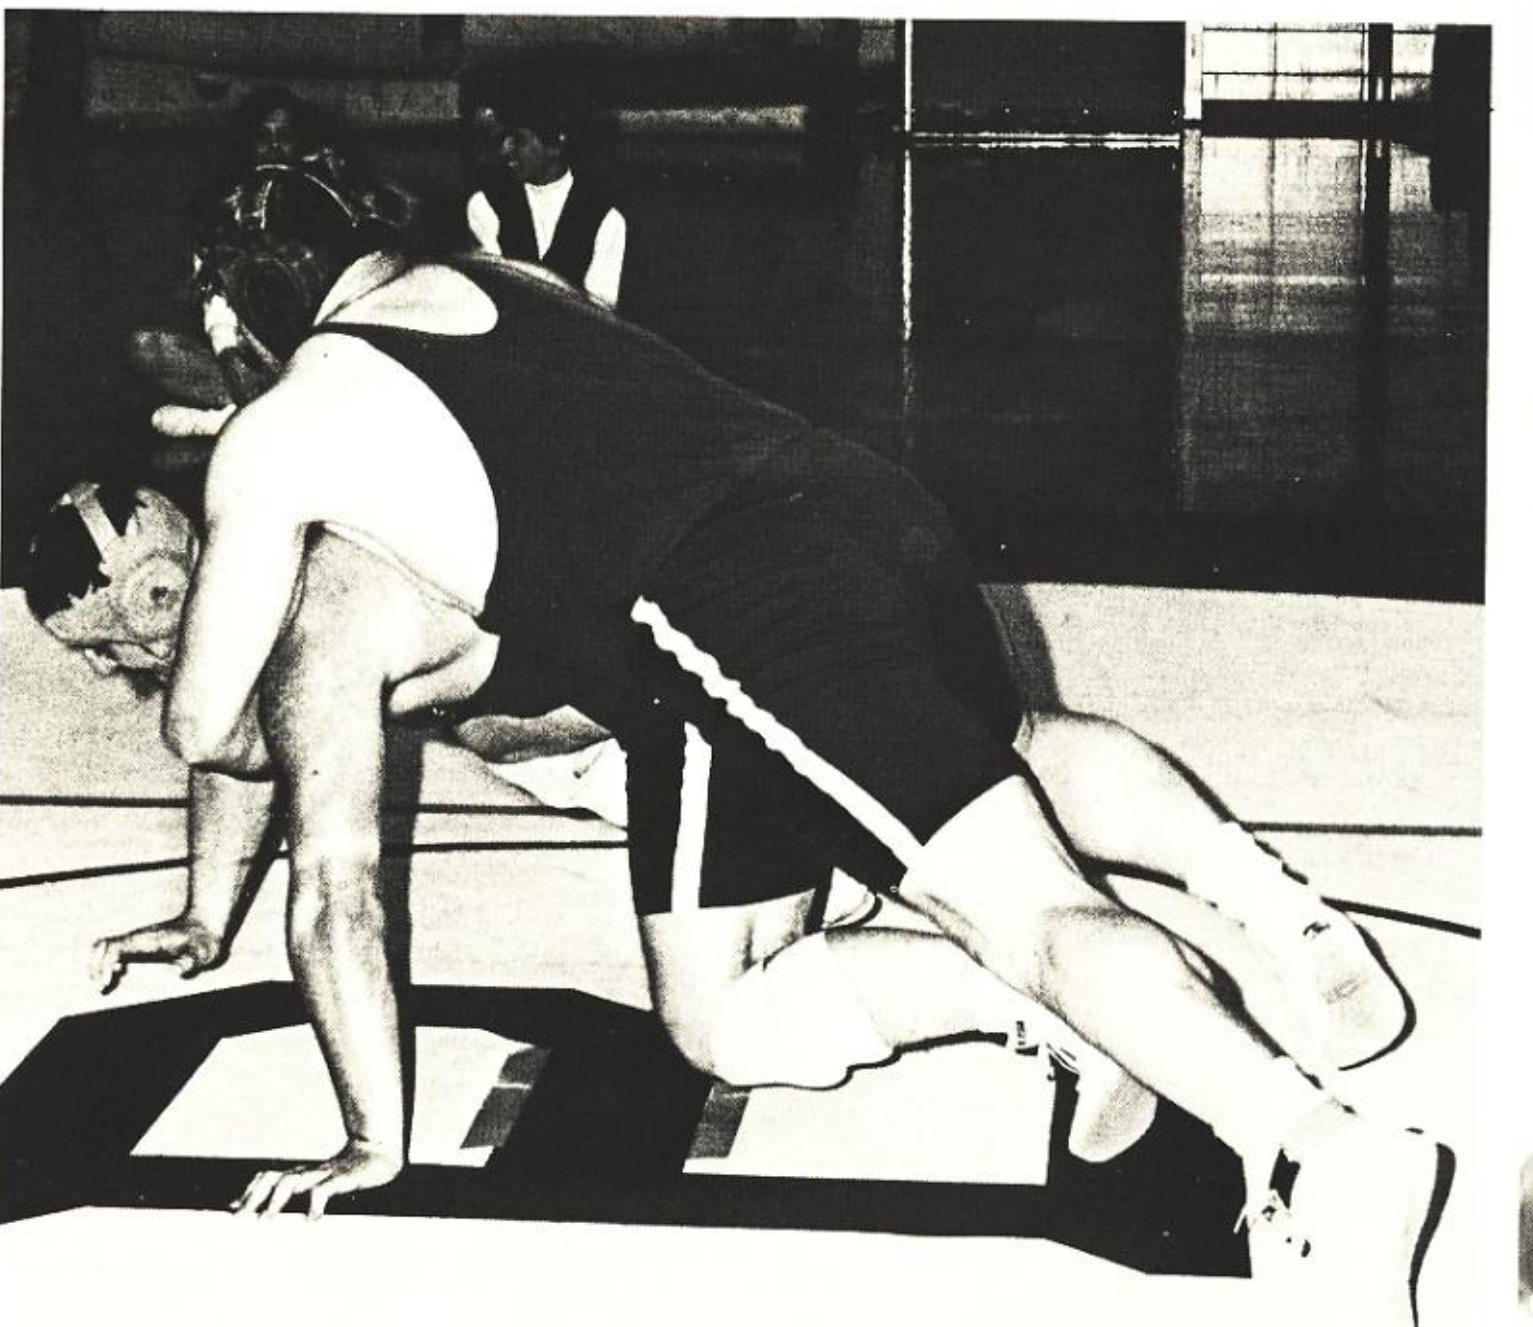

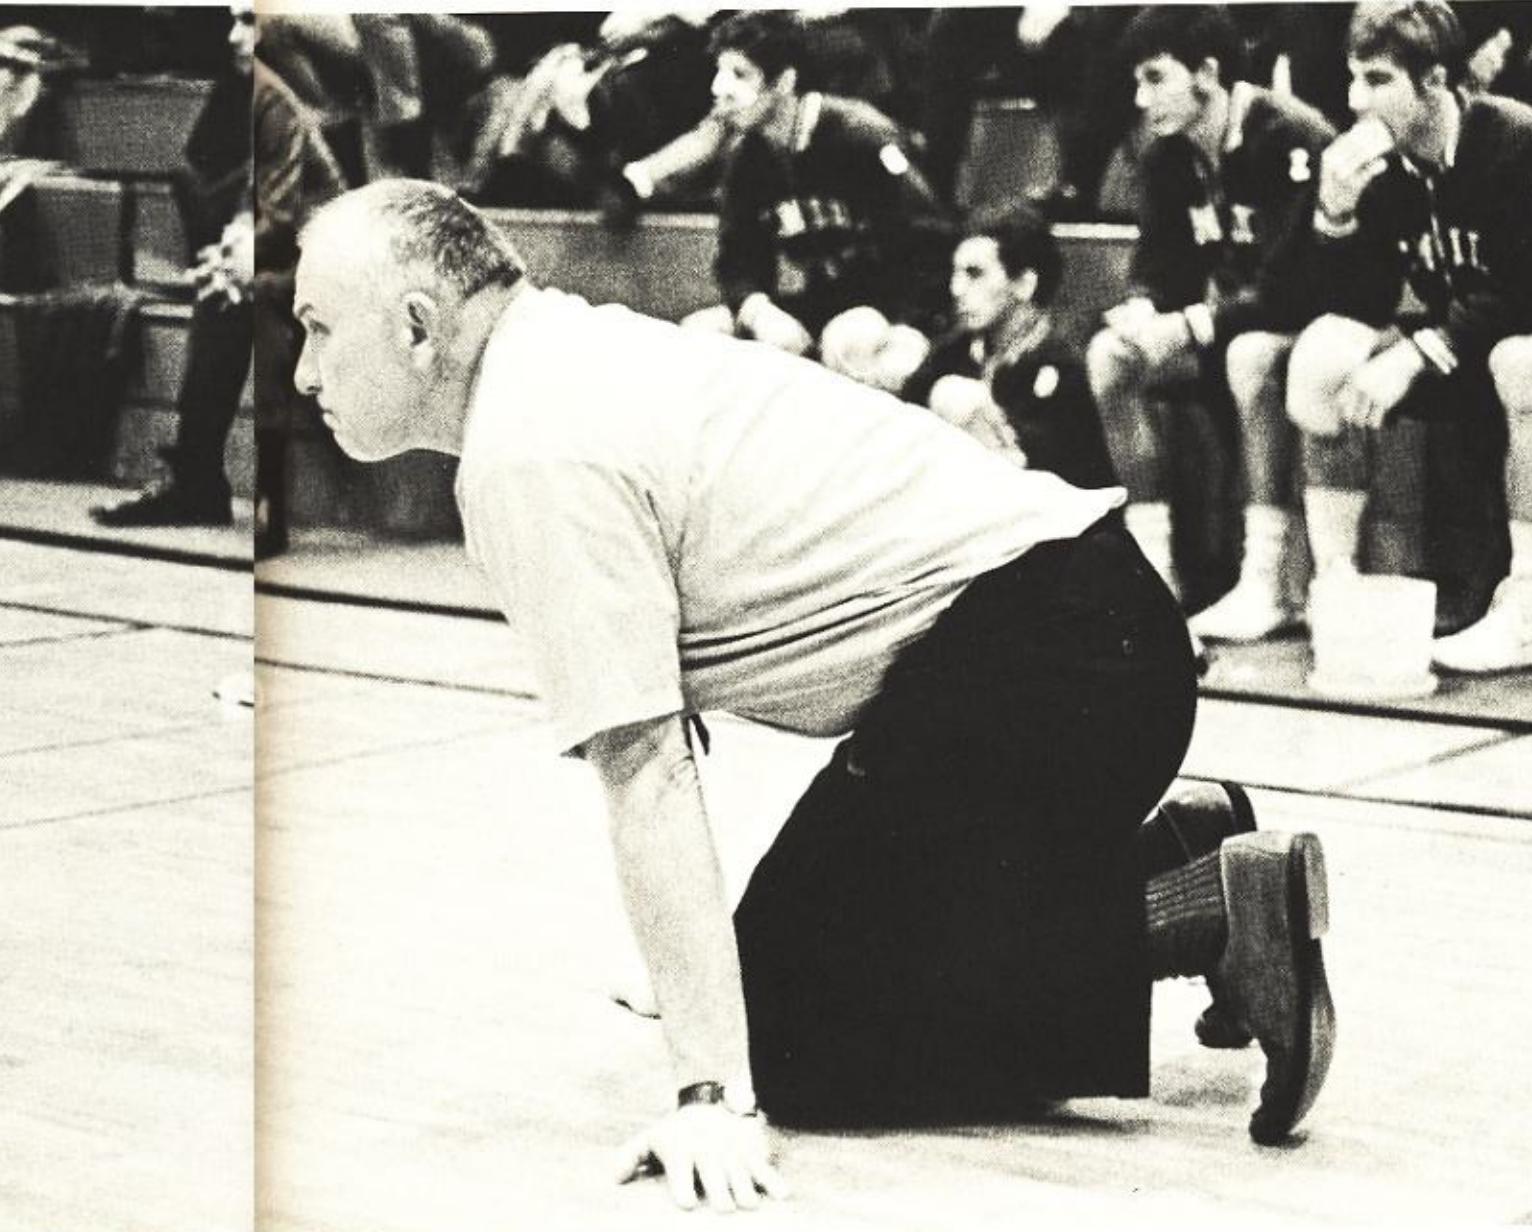

Co-captains Rick Engh and Mike Niemczyk led the Beavers along with sophomore Pete Saxe and junior Chuck Eckert (who led the team in points scored and pins recorded). Hopes were for a conference championship and a high national finish.

Swimming

Bemidji State took its fifth straight Northern Inter-collegiate Conference swimming title this year as it won 11 of its 15 dual meets and copped the trophy in the Minnesota relays at Hamline.

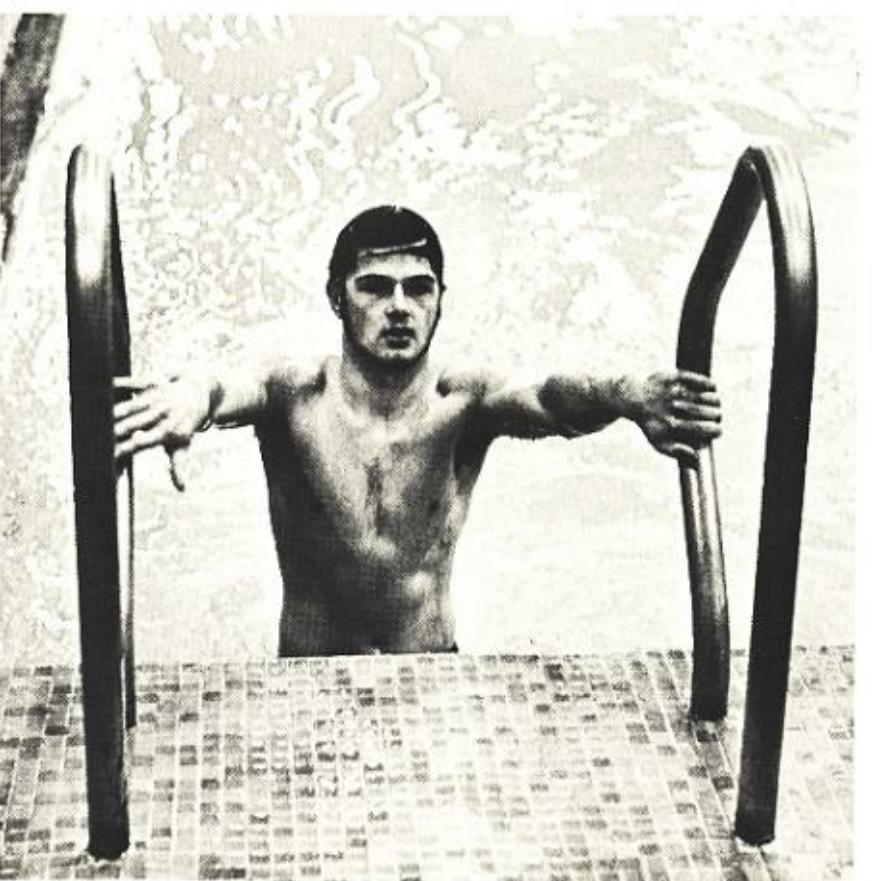

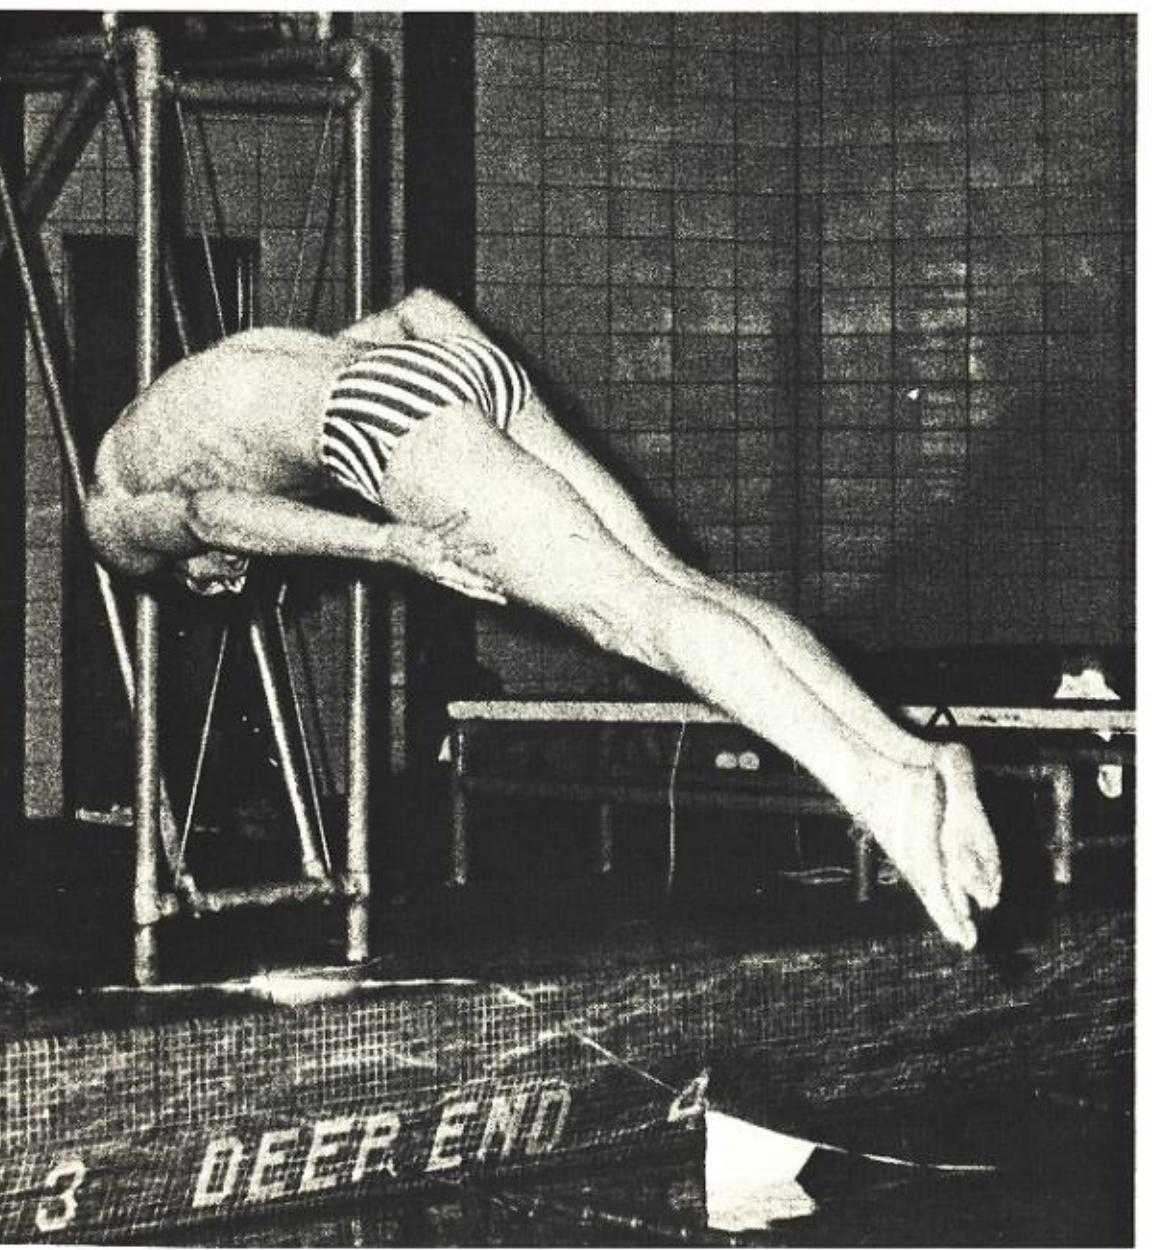

Of Coach Lee Ahlbrecht's Beavers, those qualifying for the nationals were Dave Tukey, Marc Hamren, Peter Niemi, Steve Lary, Greg Ryan, Jeff Anderson, Randy Egland, Len Rothlisberger, John Wasilak, Ken Curry, Craig Myrmel, and Larry Grimm. Others who performed well this year were Craig Bangston, Rex Burns, and John Schneider. To qualify for the nationals a swimmer's time must be at least as high as 15th in the previous NAIA National Tourney.

1969 Track

Track is on the upswing at Bemidji State, as can be proved by the increased participation in both indoor and outdoor events and the number of school records broken during the 1969 season.

Breaking school records were Tom Wieser, 9.9 in the 100 yard dash; Jon Croom, 50.0 in the 440 yard dash; Jim Habstritt, 55.9 in the 440 yard intermediate hurdles; Tom Holmes, 1:33.9 in the 880 yard run and 4:09.3 in the mile run; Dan Stark, 47 feet 2 1/2 inches in the shot; John Redebaugh, 141 feet 2 3/4 inches in the discus; Hill, Nelson, Rud, Habstritt, 55.7 in the 480 shuttle hurdle; and Holmes, Peterson, Twigg, and Croom, 3.22 in the mile relay.

This year's co-captains are Jon Croom and Roger Twigg with Dr. Chuck Edgington Coach.

Cross-Country

A vastly improved Beaver Cross Country team was fielded by Coach Ahlbrecht during the 1969 season. Never before was so much spirit evident in a BSC sport. The hill and dalers huffed and puffed to a third place NIC finish with the help of Seniors: Tom Holmes, Greg Peterson, Mike Broadrick and Dale Sandberg. Underclassmen were the main strong point of the team with Juniors: Len Bode and Jim Walrath, Sophomore John Schauble and Freshman Dave Phillips. Carl Jarvi, Mike Egan and Paul Gustavson always placing in the upper two-thirds of runners in all of their meets.

1969 Baseball

This year the Bemidji State Beaver "diamondmen" got off to an early start by playing on a Southern trip into Oklahoma, Texas and Arizona during the spring quarter break. The Beavers prepared for this trip by using the gymnasium and fieldhouse facilities, from 11 p.m. until 1 a.m. three nights a week during winter quarter.

The club had its share of veterans led by top hitters Tony Hieb, Harvey Lee and Louis Seesz, but it will miss the plate work of Hank Imsande. Top hurlers for the Beavers are Doy Dressen, Bruce McComas, Ron Klancher and Gary Baltes and all are working out for the 1970 season. In 1969 the Bob Montebello coached Beavers finished fourth in NIC circles and this year the hope is to change the complexion of the standings.

Bemidji State College has one of the best college golf clusters in the Midwest as its 1969 record reveals. It took the Northern Intercollegiate Golf Championship, the District 13 NAIA title, the titles of four invitationals, and turned in a 5-1-1 dual record.

Top Beaver golfers were; Al Gustafson and Bob Dickson who turned in a 76.6 average for eight meets, Mick McGrath a 77.8 for nine meets, Joe Aitkin a 79.1 for eight meets, and Jeff Wallin a 79.4 for seven meets.

Last spring they played in Oklahoma and Texas before starting their regular season in April with Moorhead State. Dickson and Aitkin are the only returning lettermen.

Girls' Gymnastics

Women in sports is not new and is not for one season at BSC. The 1970 Ah-Mic has picked the women's gymnastics team to feature, but throughout the year the feminine athletes are busy with: field hockey, touch football, track, figure skating, basketball, softball, swimming and almost every sport available. The field hockey team is the pride of the program as it has been undefeated in several seasons.

The co-eds find opponents from the University of North Dakota, North Dakota State University, University of Minnesota at Duluth, Minneapolis and Morris, St. Cloud State, Superior State and other area colleges and universities. It's a growth program at BSC and we're proud of these feminine type Beavers. They play to win.

Student Senate

The Senate was reorganized this year. Previously, the body was composed of about 90 members — one representative from each recognized campus organization. The reorganized Senate now consists of 18 democratically elected members.

The new system represents a great improvement because those involved are more dedicated to student government. Under the old system members were often too involved in their own organizations to devote themselves fully to the task of student government. Each member of the new Senate is a member of a committee and as such is assigned specific duties.

A goal of this year's Senate was the establishment of closer ties between students and the faculty and administration. A particularly useful device to this end was the community forum which afforded students an opportunity to meet regularly with members of the faculty and administration.

Student Senate . . . (L-R): Tim Ganaway, Randy Theil, Russell Bull, Al Blooflat, Randy Baldwin, Randy Millard, Ed Ferrai, John Borg, Sharon Stenberg, Dick Wymann, Bill LeBeau, Richard Engstrom, Bob Murray, Leroy Jacobson, Paul Moore.
