The construction of the new library building was initiated by Governor Rolvaag, as he lifted the first shovel full of dirt.

CAMPUS BUILDINGS

Building Bemidji State

Oak Hall

Bemidji State is rapidly showing signs of growing pains, which calls attention to the need for more classroom and living space on campus.

Now, under construction is the new Library and the first wing of Oak Hall, a dormitory for men.

Being used by the students for the first time this fall are Linden and Bridgeman Halls. The modern interior of Linden adds much to the living atmosphere of BSC co-eds. Industrial Arts and Art students were happy to move into their new surroundings in Bridgeman.

Much talk around campus is of the Student Center plan for the near future.

It is apparent that many changes will be seen on Bemidji's campus, reflecting the expanding needs of our college.

FRESHMAN WEEK

*The beginning of
a new year*

"Button Frosh!" was a command often issued during the first week of fall quarter, as over nine-hundred beginning students appeared on the BSC campus in brand new green beanies.

Freshman Week started out and continued with pure confusion, much anxiety, and a balancing amount of enjoyment. Many plans were made for the week, most of them pursuing a "get acquainted campaign" with other students and with the campus. A square dance, campus tour, talent night, plus informal hops added to the social excitement, as all freshmen enjoyed new friends and experiences. There were frustrating moments too, as everyone stood in numerous, seemingly endless lines for registration, meetings, tests, meals, and books.

The climax of Freshman Week was the Coronation Ball held Saturday evening in Memorial 100. Amid much excitement and suspense, Joan Rutherford and Wayne Andreson were revealed as the elected Beanie Royalty.

A busy week ended, and frosh settled down to the more serious aspects of college life.

Beanie Queen, Joan Rutherford, is all smiles while dancing with Beanie King, Wayne Andreson, at the Coronation Ball.

Two frosh discover that moving is not a small job.

"Swing your partners" was responded to with enthusiasm at the square dance held during Freshman Week.

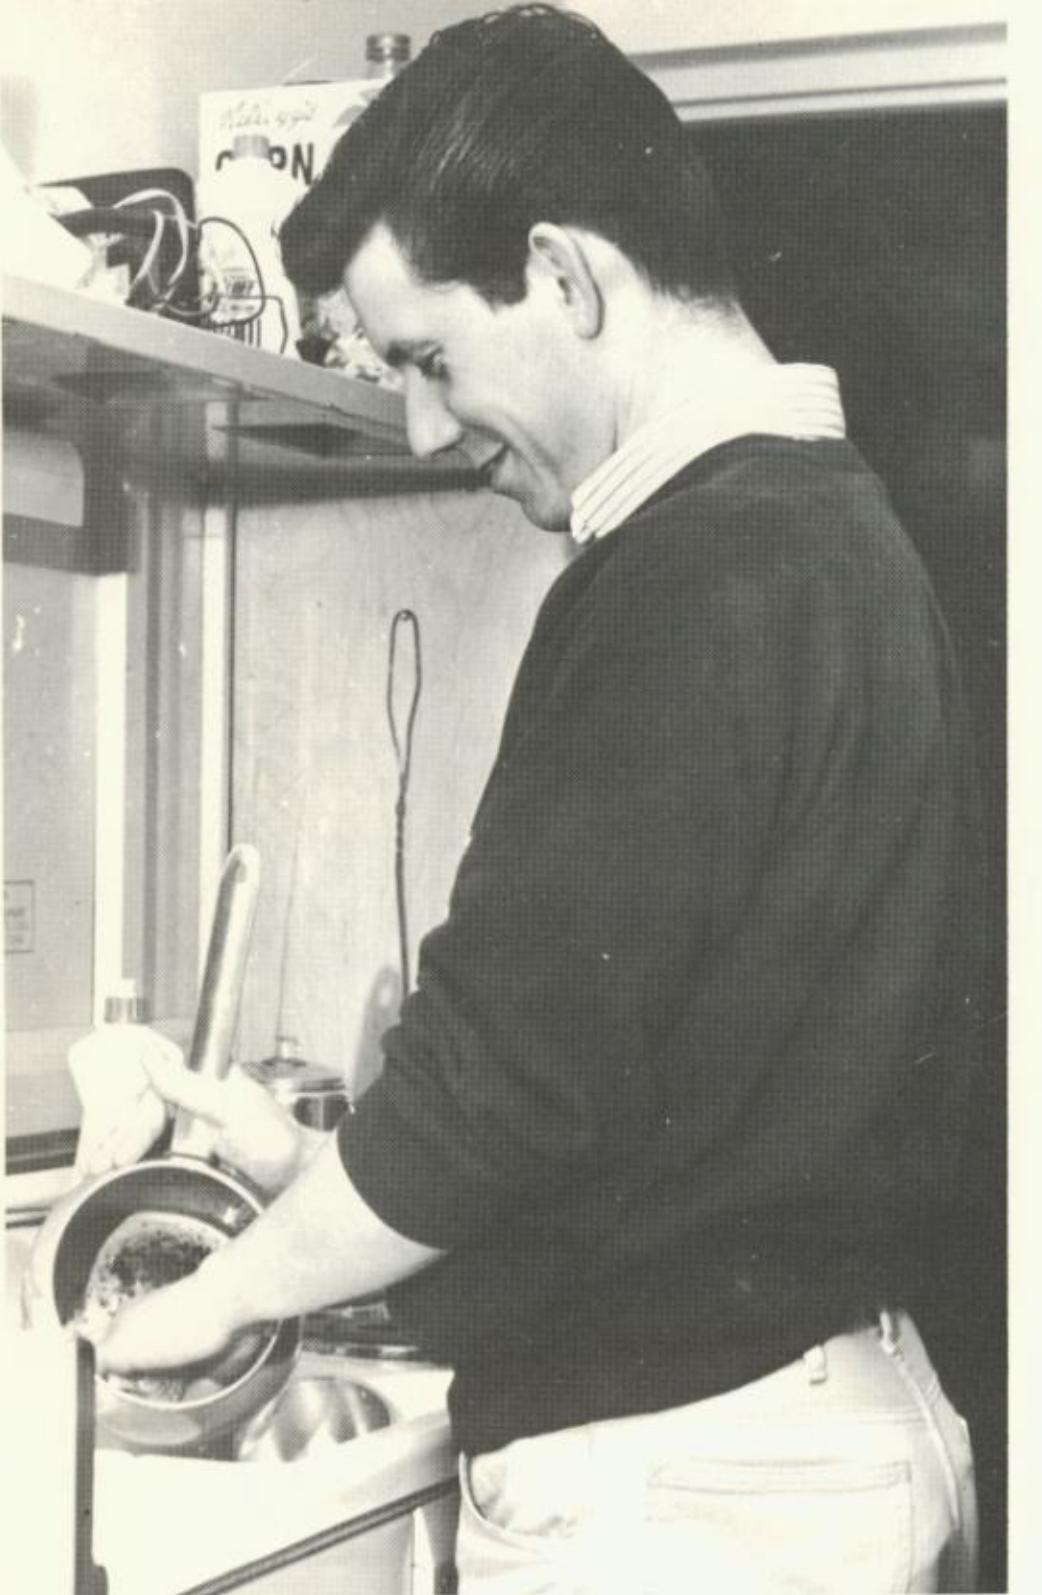

MODES OF LIVING

A balanced college life

The dorms are a home for many college students. Long talks, laughter, arguments, friendships, and lasting memories are developed between students as they live and study together. BSC's new Oak Hall will soon be added to the dorms of Birch, Sanford, Pine, and Linden to provide comfortable college living on-campus.

Experiences of apartment life appeal to some upper classmen. They live in various college approved housing facilities which range from basement apartments to motel units. Many married couples enjoy the convenience and economy of mobile homes.

All these experiences of living contribute to a rich, balanced college life.

Washing dishes is a "favorite pastime" of off-campus student, Brian Jeffery.

The new Linden Hall lounge is the setting for many whist games.

Co-eds enjoy singing during some relaxing moments in Linden Hall.

Bill Russ does some "serious" reading in his off-campus apartment.

HOMECOMING

Remembering when

Homecoming, a favorite time of fall quarter, was ushered in with many exciting and colorful events.

It all began with Wednesday evening when Barb St. Anthony was crowned 1964 Homecoming Queen. Donna Miller and Gail Britten reigned as her attendants, to complete the court. Queen Barb and her escort began the dance following the coronation.

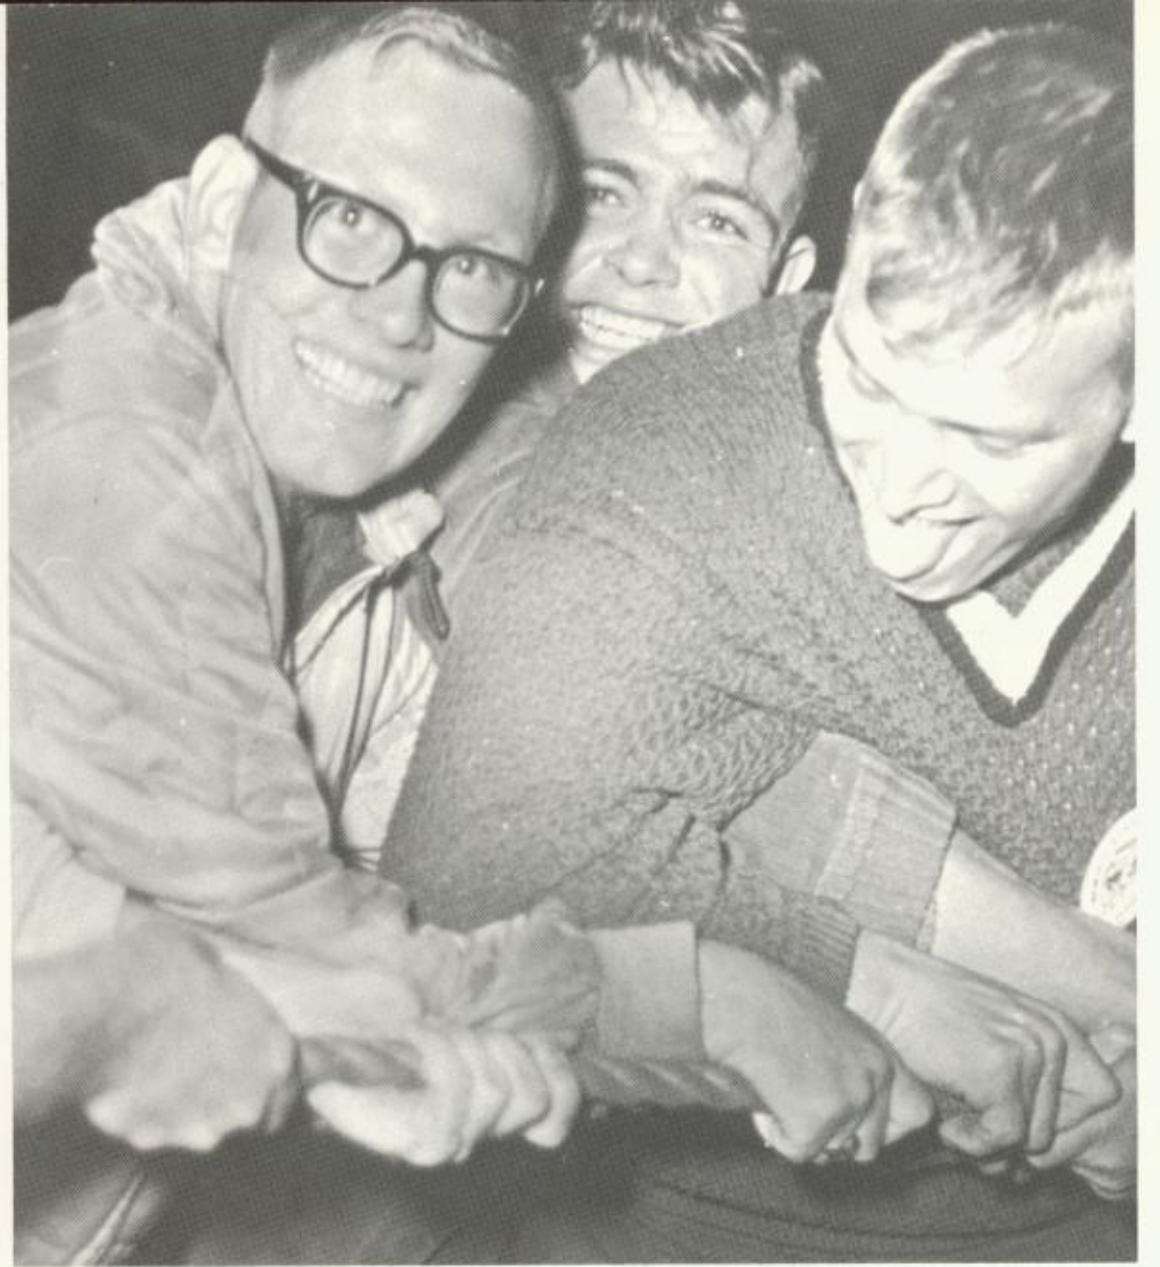

Friday evening, cold and chilled, the football stadium slowly filled with students and faculty for the annual pepfest. A number of skits were presented in accordance with the theme of "American Legends", the "B" Club took winning place for their vivacious chorus girls. The upperclassmen once again showed their mighty strength against the freshmen in the traditional rope tugging contest. To round out the night's activities, the BSC band and cheerleaders combined to lead the crowd in a rousing version of the school song.

Spirit builders

Upperclassmen display their rope-tugging abilities.

"Those Dammed Huskies" was the theme of one of the entries in the 1964 Homecoming Parade.

The BSC marching band led the parade, which began an afternoon of festivities.

"Lovely" B Club members show their legs in the winning skit.

Queen Barb receives a corsage from our BSC Beaver.

Climax of a big weekend

Saturday afternoon's activities were highlighted by the gala Homecoming Parade followed by the big event—The Game.

The floats and the rhythm of the bands in the parade kept the spirits of the crowd high, despite the drizzle which invaded the Beaver stadium at kick-off time. Freshmen beanies and jubilation filled the stadium as the Beavers scored a touchdown on their first offensive play. This broke the stalemate of three earlier games and the BSC gridders capped the Homecoming festivities with a 26—2 win over St. Cloud.

The '64 Homecoming memories were made complete as students and alumni^{*} ended their weekend by dancing to the music of the Blue Diamonds at the festive annual ball.

A Bemidji squad member catches a pass in one of the exciting moments of the football game Saturday afternoon.

The Blue Diamonds provided the romantic touch to the Homecoming Dance.

DRAMATICS

Boris Tonkonogov (Andrea LaMourea) oversees an argument between roommates Abron (Al Reller) and Vasya (Pat Chmel). One divided room causes a few problems for them and their

spouses (Andrea Gould and Bev Koski) in *SQUARING THE CIRCLE*.

Serious-minded young Russian, Tanya (Beverly Koski), reads to her hungry husband (Al Reller).

The Russian comedy, *SQUARING THE CIRCLE*, by Valentine Katayen was given last spring at the Bemidji State College Theatre. Written in 1927-28, the play covers the last years of the New Economic Policy in Russia. Although it exaggerated the search for a new code of love, romance, and morality, the play showed that the young earnest followers of Lenin and Marx had no more thrills in love than other youth.

During fall quarter BECAUSE THEIR HEARTS WERE PURE or THE SECRET OF THE MINE, the two act melodrama by Moreland Cary, was presented to BSC students. A villain to be hissed, a hero to be cheered, and a heroine to be adored delighted audiences during the week's performances.

Mr. Louis Marchand directed both productions.

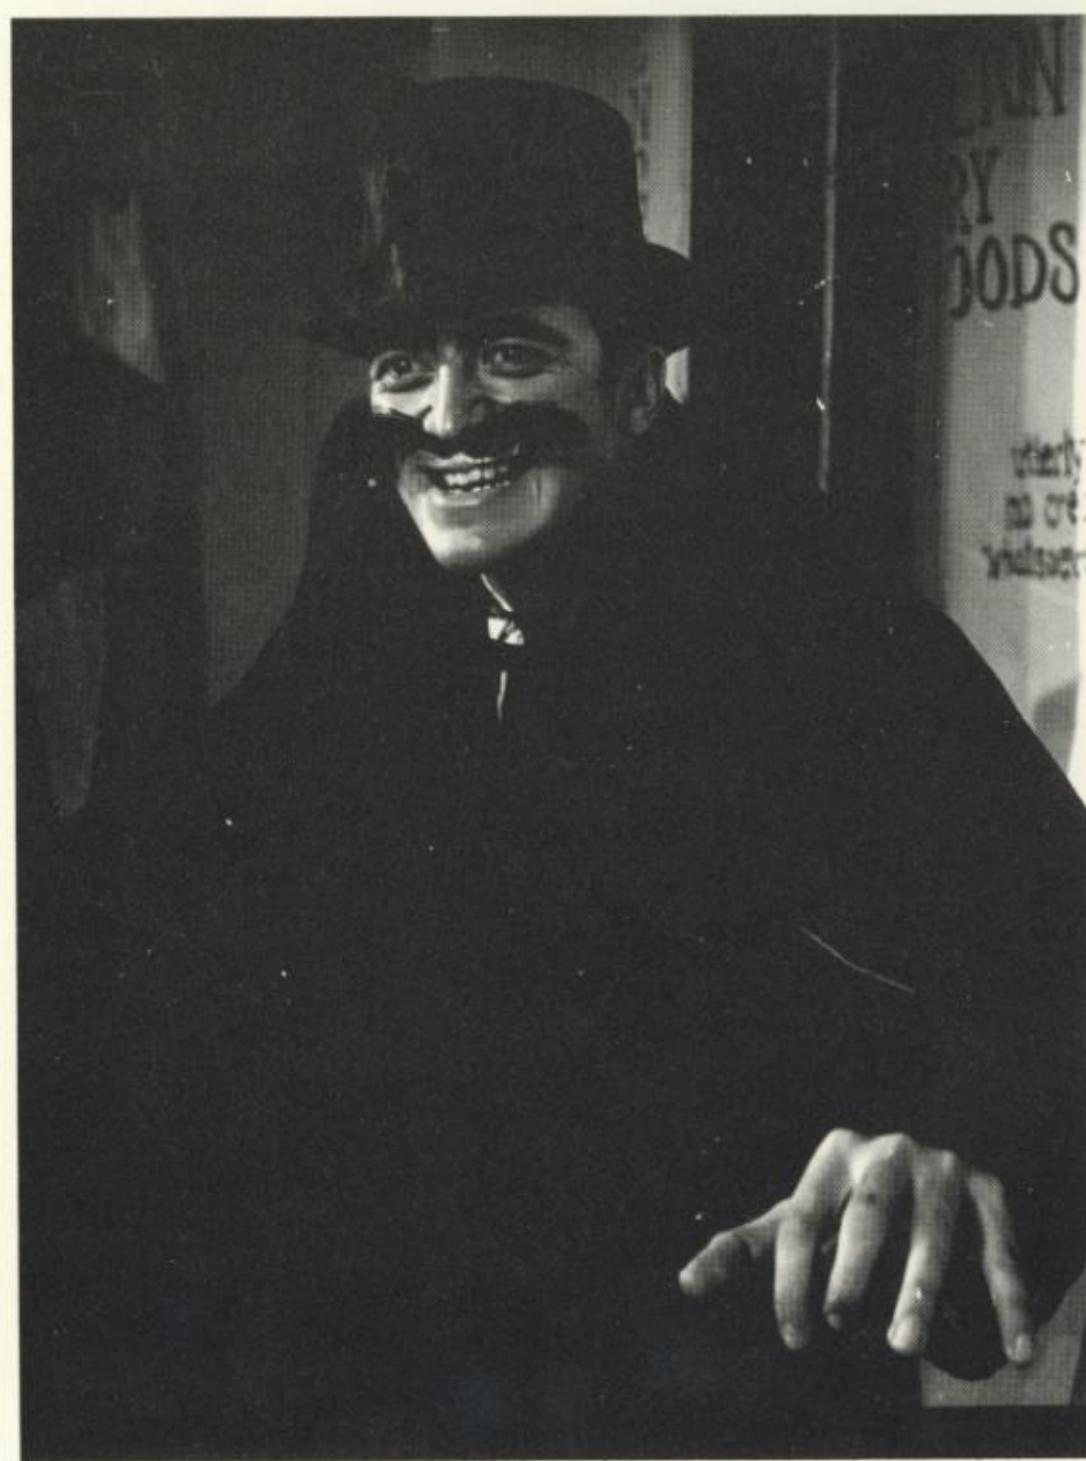

Upright members of the Women's Temperance League, the Widows Dalrymple and Truelove (Myrna Olson and Vicki Jarman) have troubles paying off their mortgage.

From Russia . . . to tenstrike

Melody Truelove (Sarah Bryant) looks admiringly at her hero, Goodwin Dalrymple (Chris Moore) in a scene from *BECAUSE THEIR HEARTS WERE PURE*.

Villain Sebastian Darkway (Gil Valdez) is determined to have the beautiful Melody Truelove for his own.

OPERA

Carmen

CARMEN Cast.

CARMEN, BSC's first opera production, was received with enthusiasm by students, faculty and area people. The presentation by Bemidji State College Music Department and CARMEN Staff directed by Mr. Fulton Gallagher was highly successful.

The scene of the opera is laid in Seville, Spain in the 1820's. Heroine Carmen, (Linda Wallstrand) a gypsy of fiery temperament and wonderful fascination, wins the love of Don Jose, a corporal in the guard, played by Univer-

sity of Minnesota's Paul Knowles.

Don Jose deserts everything to follow Carmen, only to discover she has fallen in love with a bull fighter, Escamillo (Terry Hemsworth). The climactic ending scene, broken-hearted Don Jose stabs the heartless Carmen to death while the crowd inside cheers Escamillo.

The accompaniment was provided by the forty-seven member community orchestra under the direction of Mr. Felix Spooner.

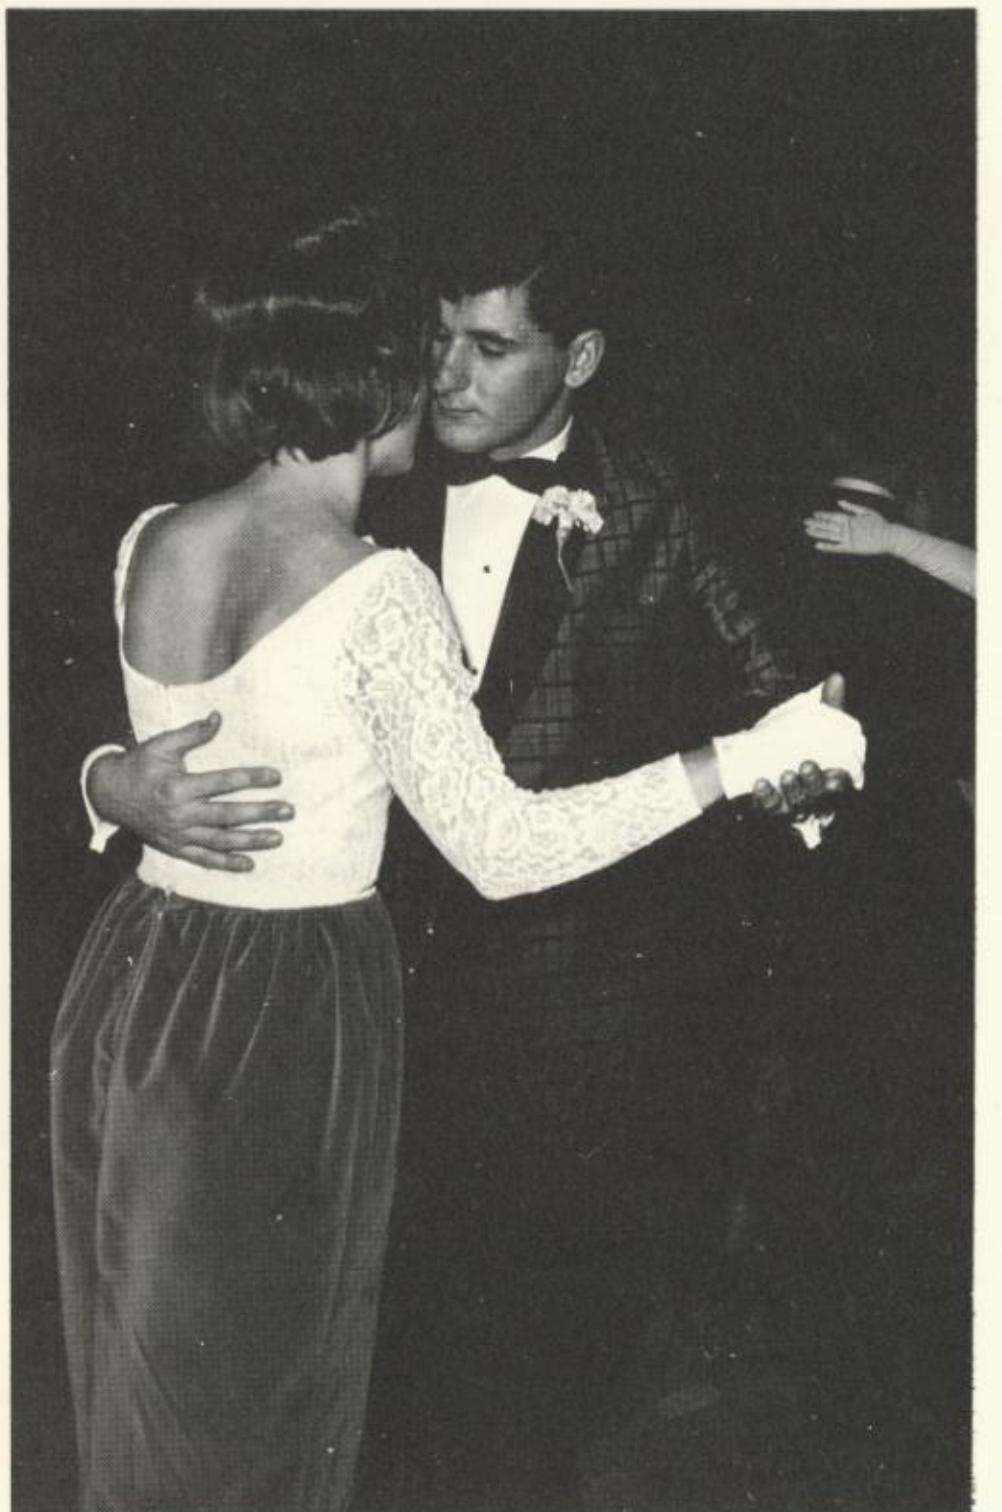

Don Jose fights for his love in CARMEN.

Carmen and her lover, Escamillo, meet outside the bull fighting arena just before the fight.

DANCES

Recreation and relaxation

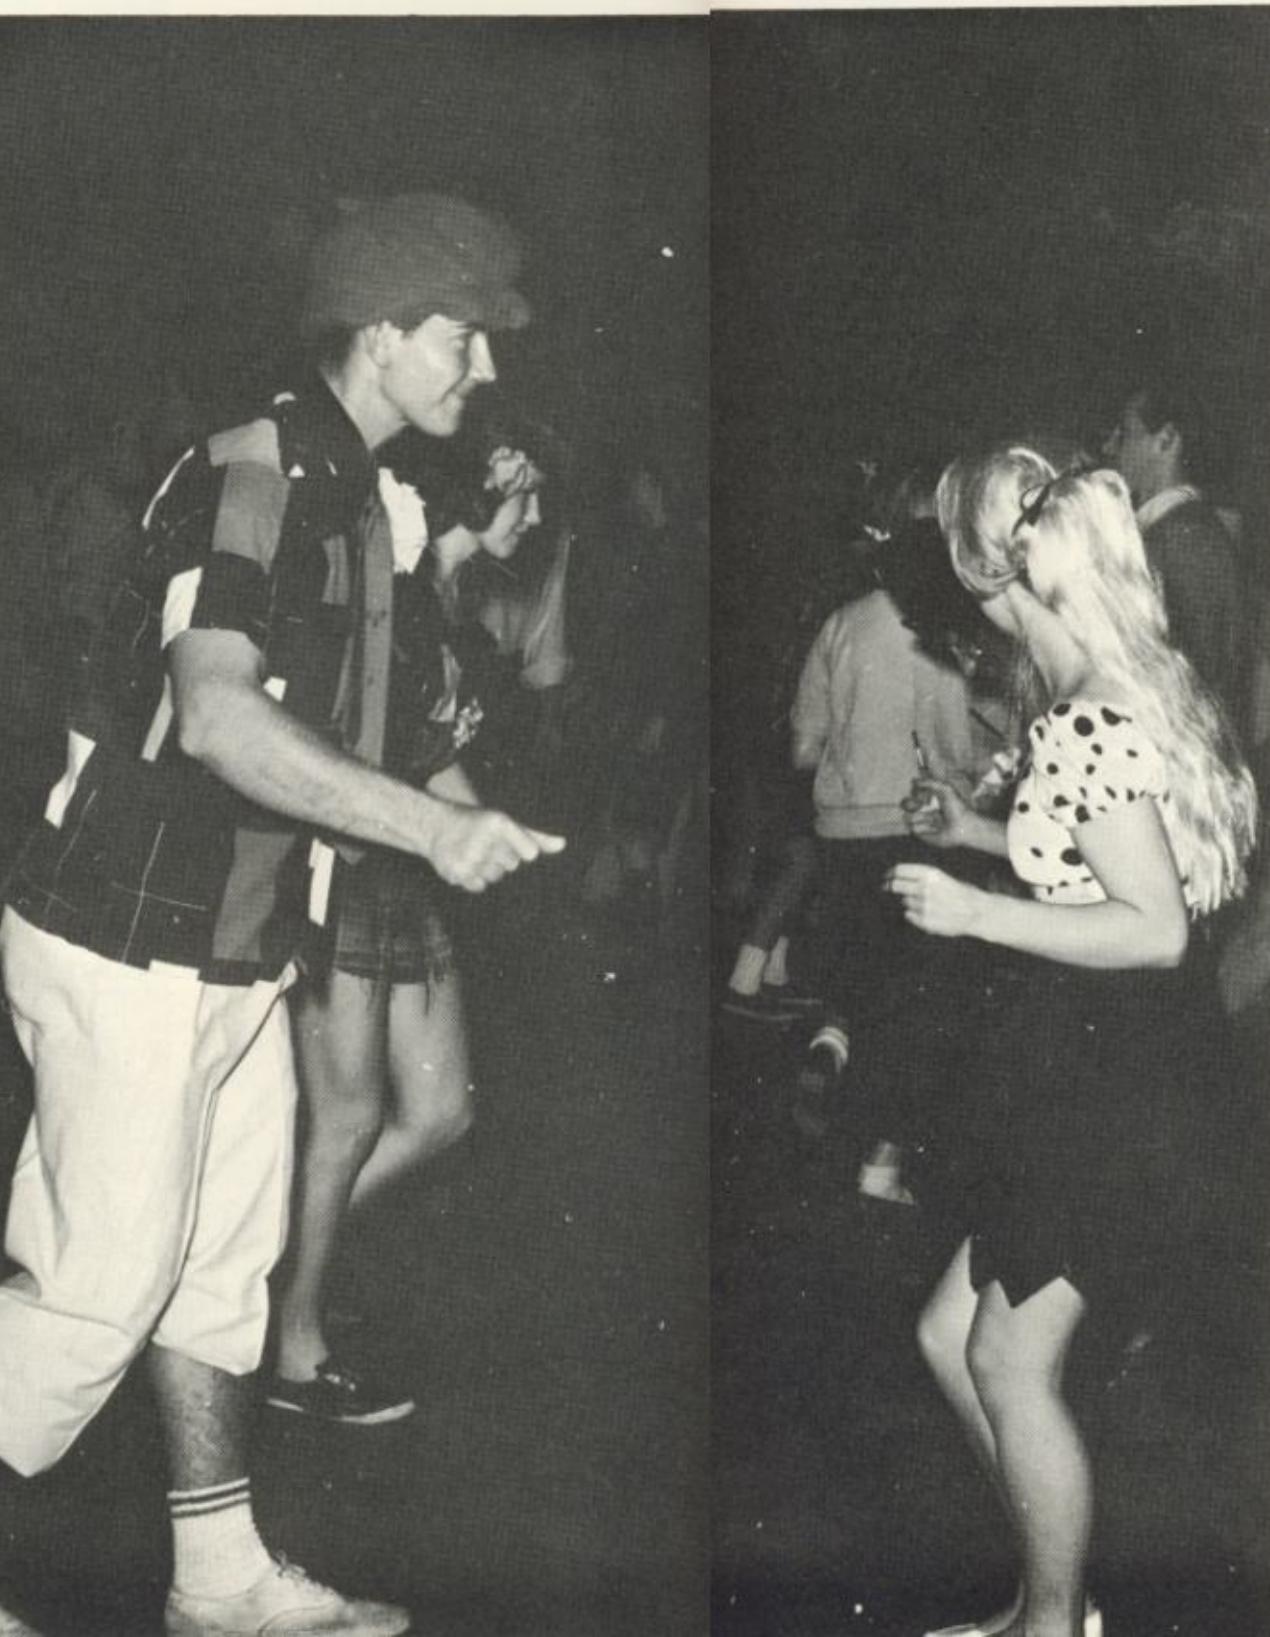

The Moonmisters provided music for dancers at the Winter Formal.

Dances on the BSC campus reflect many moods of the students. Almost anything is a potential occasion for holding a dance, and this form of entertainment plays a big part in scheduled social activities.

Winter and Spring Formals, the Homecoming Dance, and the Woodchoppers Ball are held in an unrecognizable Memorial 100 which is beautifully decorated to fit the festive atmosphere. Girls ask their fellows (and pay the bills!) to the annual Sadie Hawkins Dance sponsored by the WRA, where the Dogpatch setting is in direct contrast to the formal dances. The coronation of a Sweetheart King and Queen picked by Dormitory students, climaxes the Sweetheart Ball held in Pine Hall on Valentine's Day. Weekend dances are usually sponsored by the Social Commission. They range from square dances to such occasions as the "Necking Party" and the "Valley Forge Stomp."

Dogpatch is a gay place, if anything like M100 during the Sadie Hawkins Dance.

"Togetherness" at the Sadie Hawkins Dance.

A huge Christmas tree dressed in angel hair and lights was the centerpiece at the Winter Formal.

This year's Sweetheart King and Queen, Buzz Amble and Beverly Koski, lead a dance at the Sweetheart Ball.

PAUL BUNYAN WEEK

Winter festivities

Paul Bunyan and his faithful blue ox Babe once again braved the Bemidji winter and traveled to the BSC campus for Paul Bunyan Week February 14 through 20.

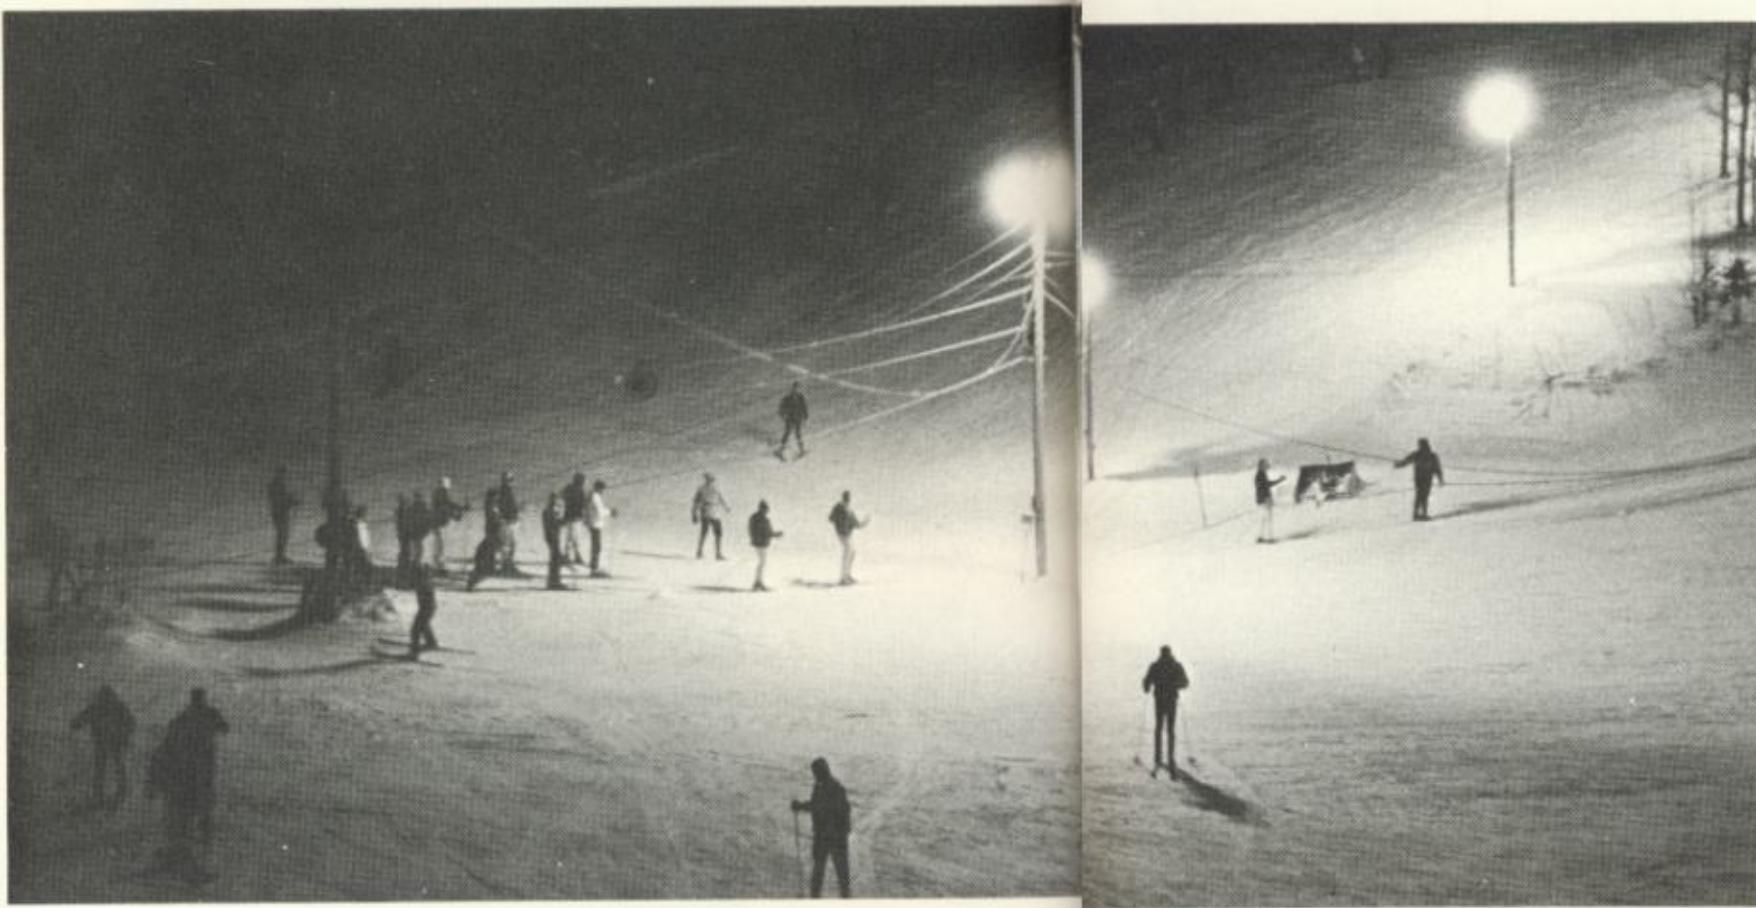

First hint of this annual visit was the outcropping of whiskers among the male segment of the college family. Razors were tossed aside as the BSC men vied for prize winning beards.

Organizations busily prepared for Paul and Babe by planning snow sculptures and nominating candidates for Paul and Carrie. Sonia Hoverstein, nominated by the B Club, and Mike DeWitt, art club member, reigned over the week's activities.

New to the week's schedule this year were the Bunyan Olympics, started with the running of the official torch from the Paul and Babe statues to the stadium. Ski races, log-sawing, and snowshoes races were among the events.

Paul and Babe climaxed this year's visit by attending the traditional Sourdough Sam cabaret and gala Woodchoppers Ball Saturday evening.

PAUL BUNYAN ROYALTY ... Sonia Hoverstein and Mike DeWitt were chosen to rule over Paul Bunyan festivities and crowned at the Coronation Ball held Wednesday evening.

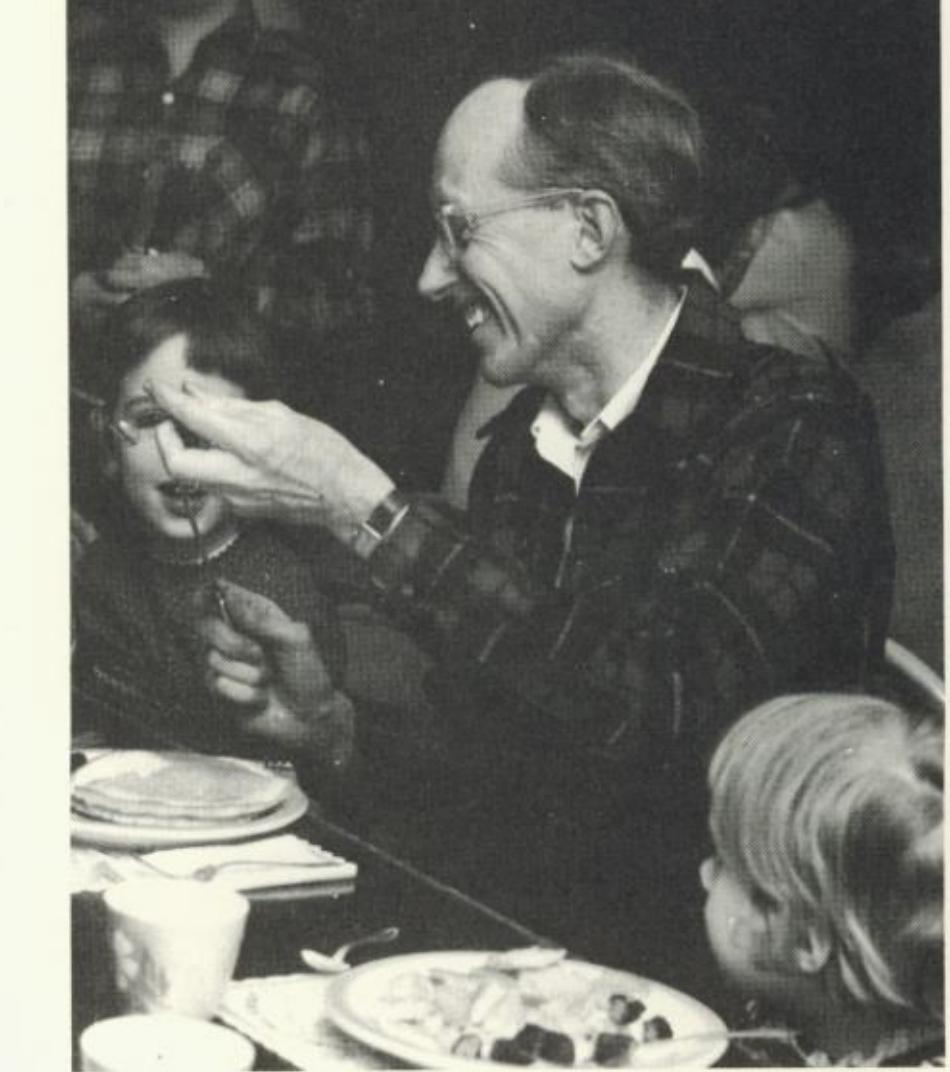

SKIING UNDER LIGHTS ... Monday night was enjoyed by many BSC skiers at Buena Vista during Paul Bunyan Week.

"Only one pair of skis at a time, please."

The Bunch, a campus folk singing group, lead a hootenanny in the chalet at Buena Vista after a night of skiing.

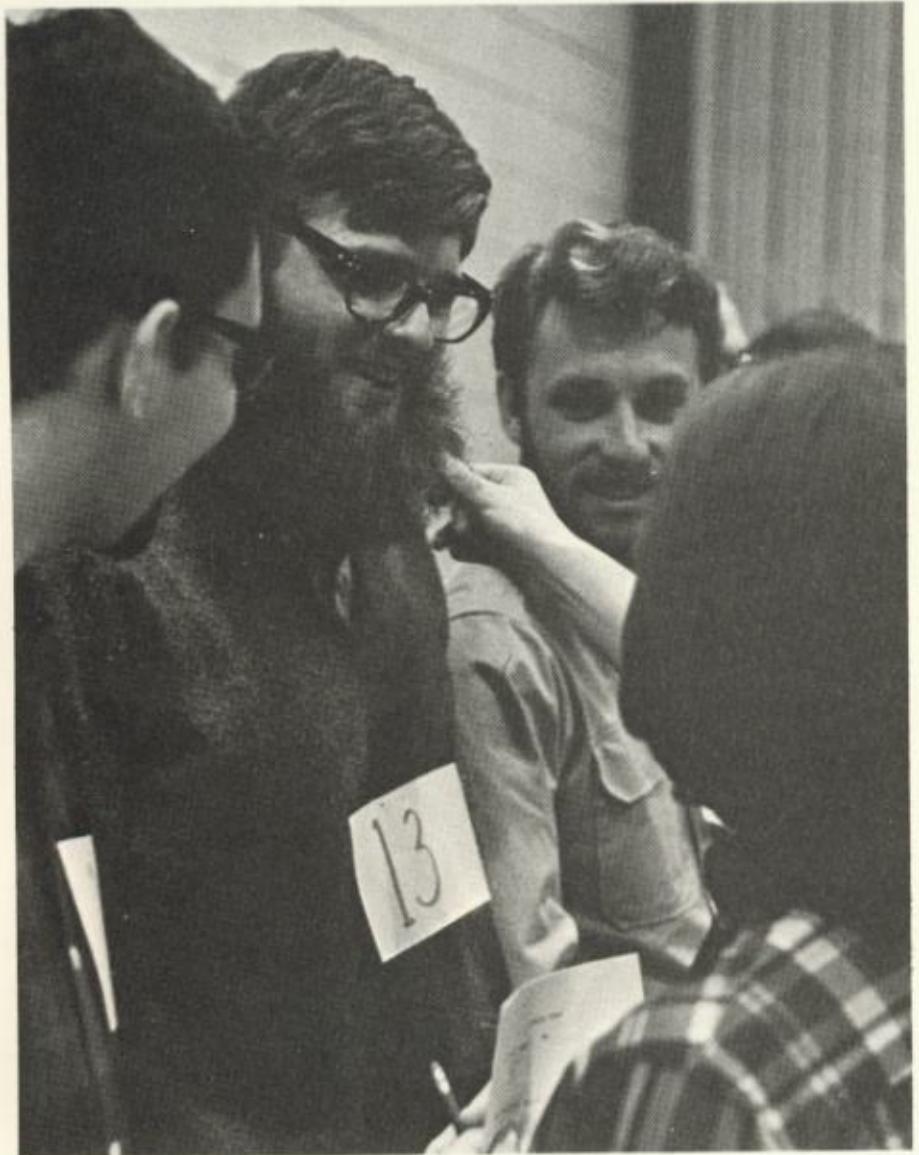

Dr. Donald Dickinson, the BSC Librarian, enjoys pancakes at the Pancake Supper, the event which started a week of activities.

Sonia Hoverstein and Bob Frick, Paul and Carrie candidates from the "B" Club, are put to work during the skit convocation.

Varied activities

Ron Odegaard was winner of the most unusual beard in the beard judging contest.

The pancake eating contest found many fellows enjoying themselves.

SOUR DOUGH SAM ... J. D. Ball found himself very confused as he took on his duties at KBUN, the local radio station.

The pancake eating contest found many fellows enjoying themselves.

John Hattlestad and David Steinhorst competed in the log-sawing event.

The log-pulling race was an event in the Bunyan Olympics.

The Vet Club's snow sculpture "Paul's Pan" took first place honors.

CONVOCATIONS

Aesthetic enjoyment

Former Chicago Symphony Orchestra Violinist Angel Reyes performed at a BSC Convocation.

THE GREENBRIAR TRIO, (Terry Hemsworth, Ron Kuhn and Bob Yanish) a student group on campus, present their talent before convo.

Senator McCarthy visited the campus to speak with students during Political Week.

Every Tuesday at 10:00, a different hour long program of entertainment is presented for the students at Bemidji State College. No classes are scheduled during this period.

Current events and issues of importance discussed by various personalities, musical and dramatic entertainments, and "just-for-fun" programs contribute to the wide scope of ideas presented to interested students.

In addition to professional speakers and musicians, the students themselves participate in convo presentations as shown by the student talent convo, the Christmas convo, speech and drama programs, and the much enjoyed Homecoming and Paul Bunyan skits. A new convo feature was the student elected faculty lecturer, Mr. Mammenga.

Dr. Kenneth Whitby, University of Minnesota, speaks at convo during Religious Emphasis Week.

A vocal soloist at BSC convocation was Roy Samuelson from Indiana State University.

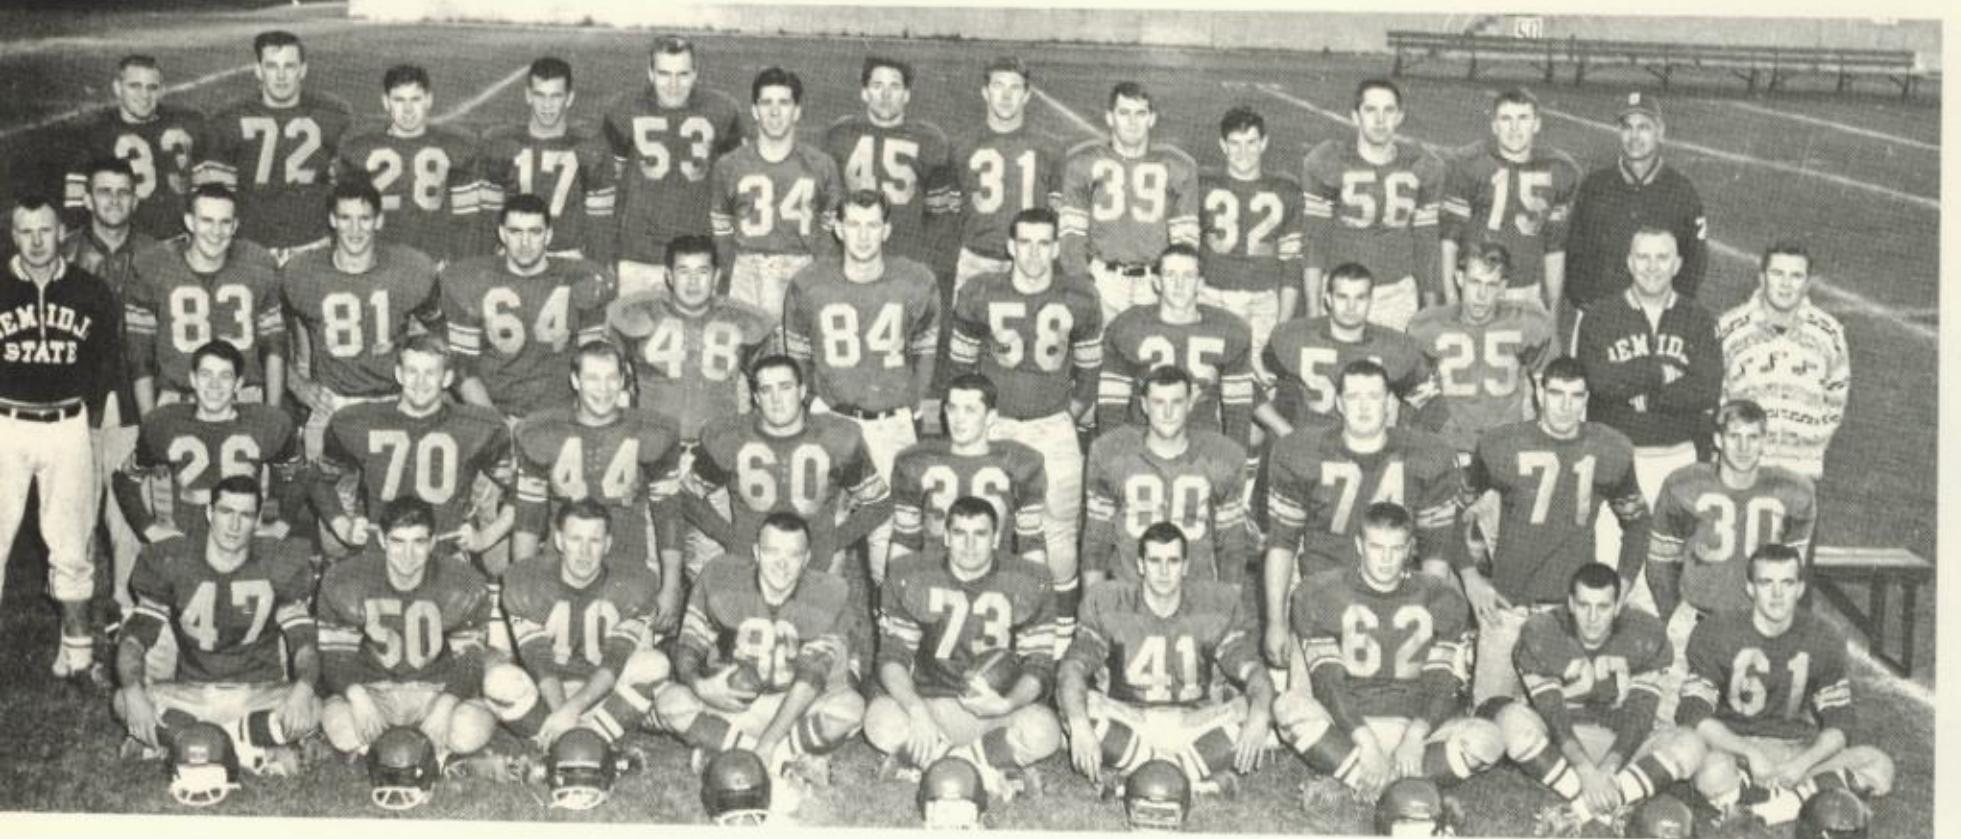

THE FOUR LADS entertained a large crowd at an evening convo.

STUDENT GOVERNMENT

Fosters democratic ideals

Student government on the Bemidji State College campus provides a laboratory for training in democratic living. The functions of the Student Senate are to act as a clearing house for student problems, to promote cooperation among students and faculty, and to make recommendations to the various offices of the college. Through this organization the students are able to share in policy-making which affects the entire college community.

Throughout the year, the Board of Governors make arrangements for all social activities. Under the direction of the Social Commissioner, Darrel Baker, the board works as a unit and has done a wonderful job in making events a success.

The Executive Council plans the agenda and presents problems to the Student Senate along with being in charge of the allocations of the various concessions sponsored by clubs during the year.

Dr. Jack Downing and Dr. Ray Carlson

The Student Activities Committee is made up of faculty and students, and is the organization closest to the budgeting of the student activity fee. They have the task of supervising and administering the extra-curricular program at Bemidji State College. Responsibilities include budgeting student activity funds and formulating a balanced schedule of activities throughout the year.

Norman Nelson and Jim Ball organize and broadcast the program Campus Analysis from the local radio station KBUN. Interviews with campus personalities and discussions of current campus problems and activities are presented on the fifteen minute Monday evening broadcast.

In association with the national organization, Who's Who Among Students in American Universities and Colleges, the Student Senate of BSC has organized a committee whose function is to select students for membership nominations to this society. The number of members a college may have is limited by the national committee according to enrollments at the school in the fall. Criteria used by the BSC committee in picking possible students are scholarship, character, leadership, and service.

Alpha Phi Sigma, the national honor society, is organized at BSC through the Nautilus Chapter. Students are eligible if they have reached the end of their sophomore year with a grade-point average of not less than 3.25. Members are initiated throughout the year. Monthly meetings are held with discussions, movies, and lectures. Highlighting activities were the fall banquet and spring picnic at the Bemidji State Park.

Students initiated at the fall banquet held by Alpha Phi Sigma.

The fall banquet was held at the Markham Hotel, where these students were also initiated.

Students initiated during winter quarter were from BSC's male population.

BAND ORCHESTRA

The BSC Band which is directed by Dr. Edgar B. Gangware, performs at many functions during the year.

Students who attend basketball and football game, programs, or convocations are familiar with two of the most active groups on campus, the BSC Band and the Orchestra.

The band, under the direction of Dr. Edgar B. Gangware performs at various functions during the year. The Marching Band adds color and zest to football games and the Homecoming Parade. The band is divided into two pep bands which add spirit to games on the court or field. The Concert Band presents a Spring Concert, Pops Con-

cert, takes part in a special convocation, and provides music for commencement exercises. The highlight of the year for band members is the annual spring tour, which is financed through numerous projects.

BSC personnel and students combine with members of the community to comprise the Bemidji Orchestra, directed by Mr. Felix Spooner.

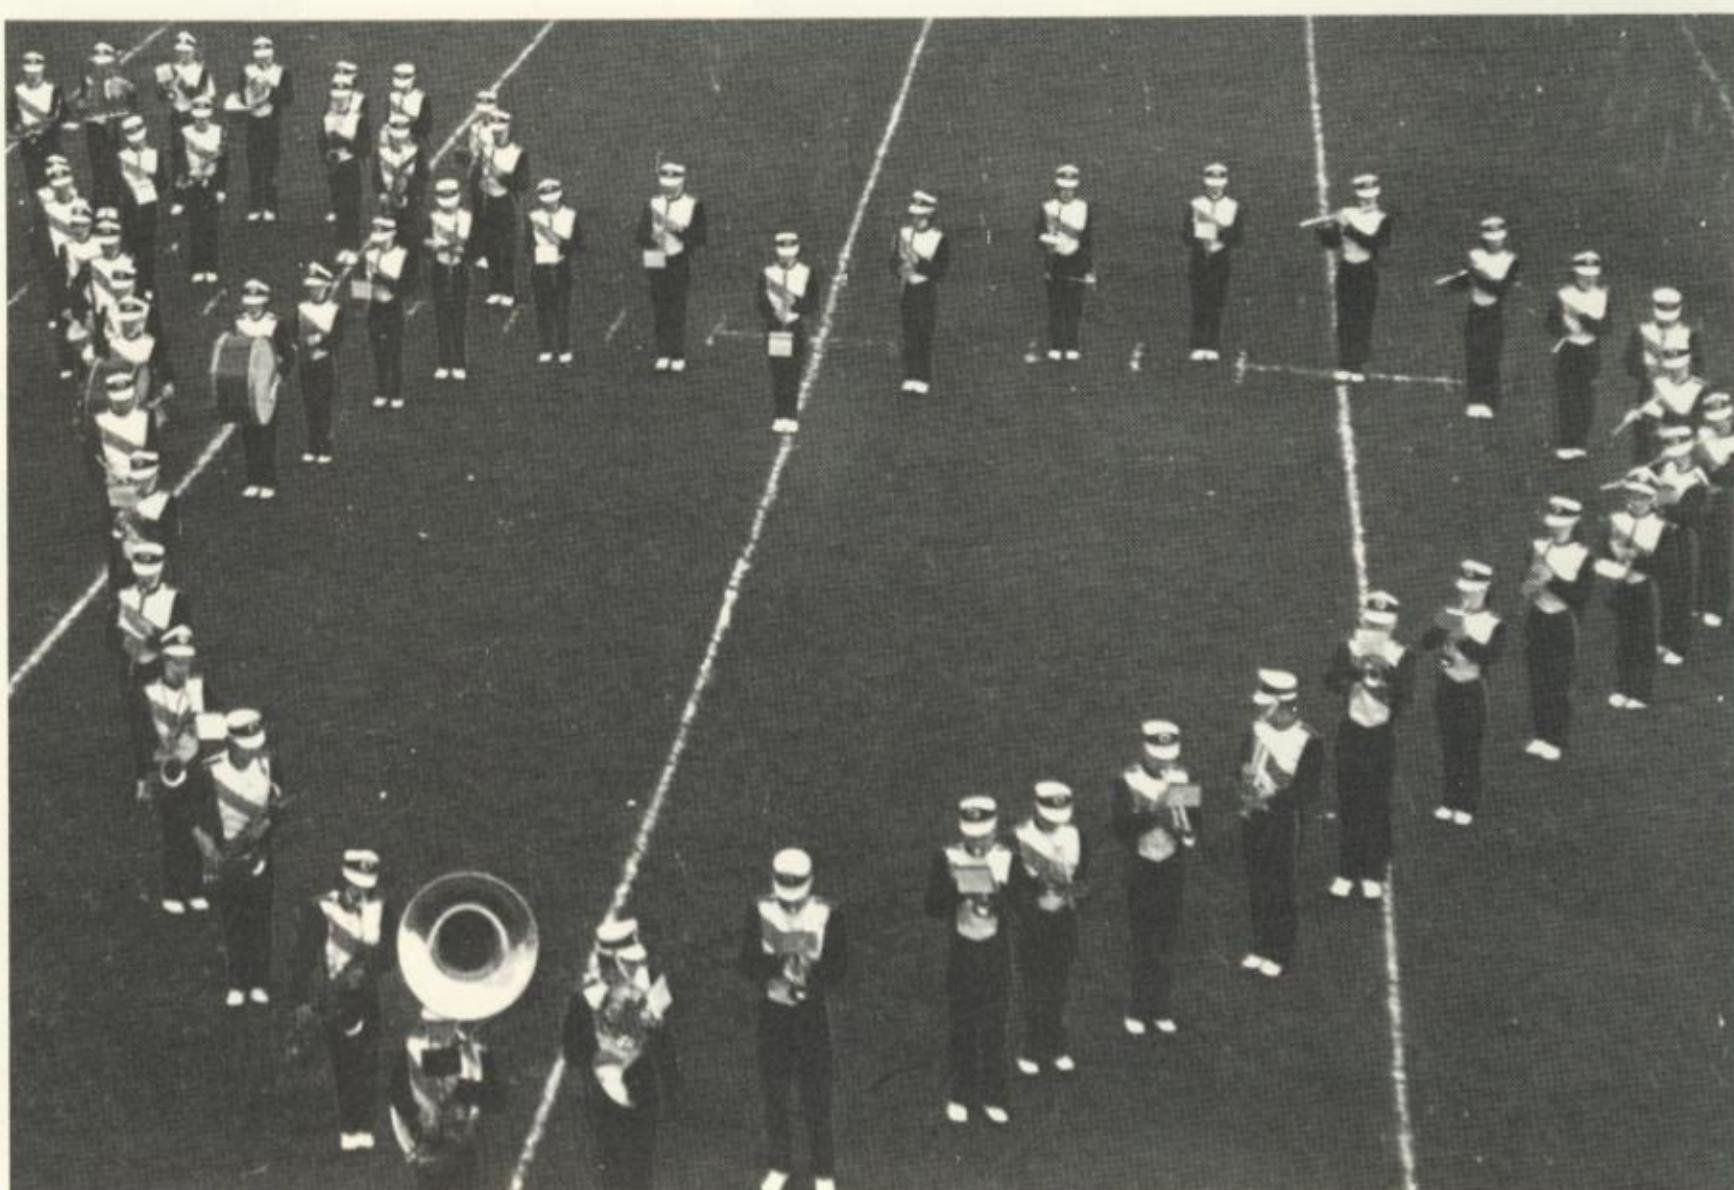

This winter the orchestra with a large mixed chorus presented "Elijah". The group also accompanied a presentation of "Carmen" in the fall.

The Orchestra, under the direction of Mr. Felix Spooner, purchased new uniforms this year.

Moments in music

The BSC marching band entertained the football fans with their routines and formations to various musical numbers during half-time break at the Homecoming game.

The BSC A Cappella Choir presents several concerts which are a great asset to the college. Dr. C. O. Thompson is the director of this group.

Mr. Gallagher directs this group of singers known as the Chamber Singers.

Dr. and Mrs. Gangware and Mr. Jahn performed at the Christmas Concert.

CHOIR CHAMBER SINGERS

Music in the air

Music may contribute much to the social and cultural life of the individual. BSC has several active vocal and instrumental groups which make listening to music an exciting experience for their audiences.

During fall quarter the choir presented their annual Christmas concert, and members participated in the college presentation of CARMEN. Singers from the Bemidji area along with the BSC choir joined in presenting ELIJAH, the first oratorio dramatized by the Bemidji Civic Oratorio Society in March. Dr. C. O. Thompson, choir director, conducted the production.

The oratorio, ELIJAH, was given under the direction of Mr. Fulton Gallagher, Dr. C. O. Thompson, and Mr. Felix Spooner.

Mr. Grabarkewitz sings his part in the oratorio.

Administration and Faculty

A MESSAGE FROM OUR PRESIDENT

Because a college annual traditionally comes out at the close of the academic year, the comments one is asked to write so often seem to take on the overtones of an epitaph to the just-completed period.

And yet as we look to the future, we cannot escape the realization that our experiences, which are products of the past, help shape our future.

Many of you will be leaving the campus this June for a variety of reasons which range from graduation to scholastic malnutrition. We would fervently hope that no matter the reason for your departure and no matter the amount of time spent at Bemidji State College, the experiences you have had here will prove of substantial value to you in your future.

We would also remind you that true education is a continuum, a never-ending process, whether for you or for the faculty. The task of becoming educated is not over, nor has your obligation to continue to seek your education been terminated by your departure from this campus.

We have failed you in many ways because ours is an impossible task, whether conducted on the shores of Lake Bemidji or in the Harvard Yard. You can help us curtail our failing, however, if you communicate them to us as you evaluate your work here against the demands of the future. In this way you help with the process of education, help to improve the quality of our endeavors.

For those who will be returning to the campus in the fall, and who will be joined by hundreds of "wide-eyed" freshmen, we hope that your experiences, your growing sophistication, will not lead you to deprecate the awe or interest in knowledge, and intellectual and cultural activities which many freshmen—and a goodly number of upperclassmen and faculty—share.

We would hope, too, that all would return with an increased realization that the various courses are not individual rungs on a ladder of "Success," and the taking of these courses will not, in itself, produce the "educated" individual. There are diverse programs on the campus which can be of great value and especially those of a cultural-intellectual nature need to be savored by most students and devoured by many.

In some respects a college is reborn every fall because of the presence of new students, professors, ideas, and problems. This allows us, then another opportunity to continue the cooperative task of making our campus a fascinating, exciting, demanding, and questioning place.

Speaking more personally, Mrs. Bangsberg and I, along with our five children, have greatly enjoyed our first year as part of the Bemidji State College family, and this has been due largely to the warm and enthusiastic reception we have had from faculty and students.

President Harry Bangsberg

John Brady, Director of Placement; John Arneson, Activities Coordinator.

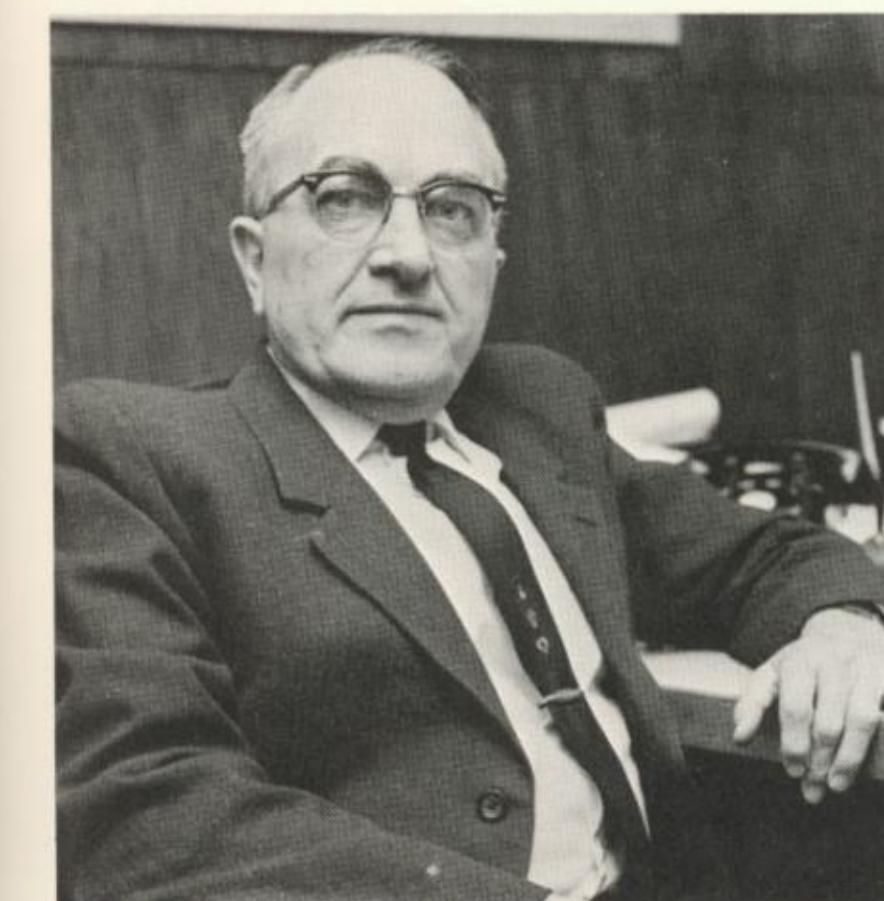

ADMINISTRATION

The Division of Education is responsible for providing prospective teachers with opportunities to develop those broad understandings and skills which are essential in the development of the educated citizen as well as the successful teacher.

Responsibilities in the field of professional education include, in addition to, the offerings of courses in this field, the student teaching program and the operation of a campus school consisting of kindergarten through grade six.

DEPARTMENT OF
ART

*Enthusiasm
for progress*

Dr. Russell Sawdey, Chairman

The art program at Bemidji State College develops the creative, aesthetic and appreciative abilities in the student.

Last summer, the department took up expanded quarters in the new Bridgeman Hall. Many new facilities are provided for art students and faculty including rooms for ceramics, sculpture and painting.

The art gallery, opened in Room B206, is a cultural asset to the college. Throughout the year traveling exhibits are on display. Graduating students are required to put on a show featuring their art work.

DIVISION OF
PHILOSOPHY AND PSYCHOLOGY

Mr. Martin Bielefeld
Mr. Albert Fenske
Dr. Robert Naegler
Dr. Marjorie Palmquist

Dr. John C. Brady, Division Chairman

Bemidji State College offers a minor in psychology and philosophy to meet the needs of students desiring a conceptual understanding of psychological theories and provides an opportunity for acquaintance with the history of ideas.

This year a proposal is being considered by the curriculum committee for a major in psychology. Present plans are for a dual major, one area designed for students who plan to work on advanced degrees and the other for the individuals majoring in experimental psychology.

DEPARTMENT OF MUSIC

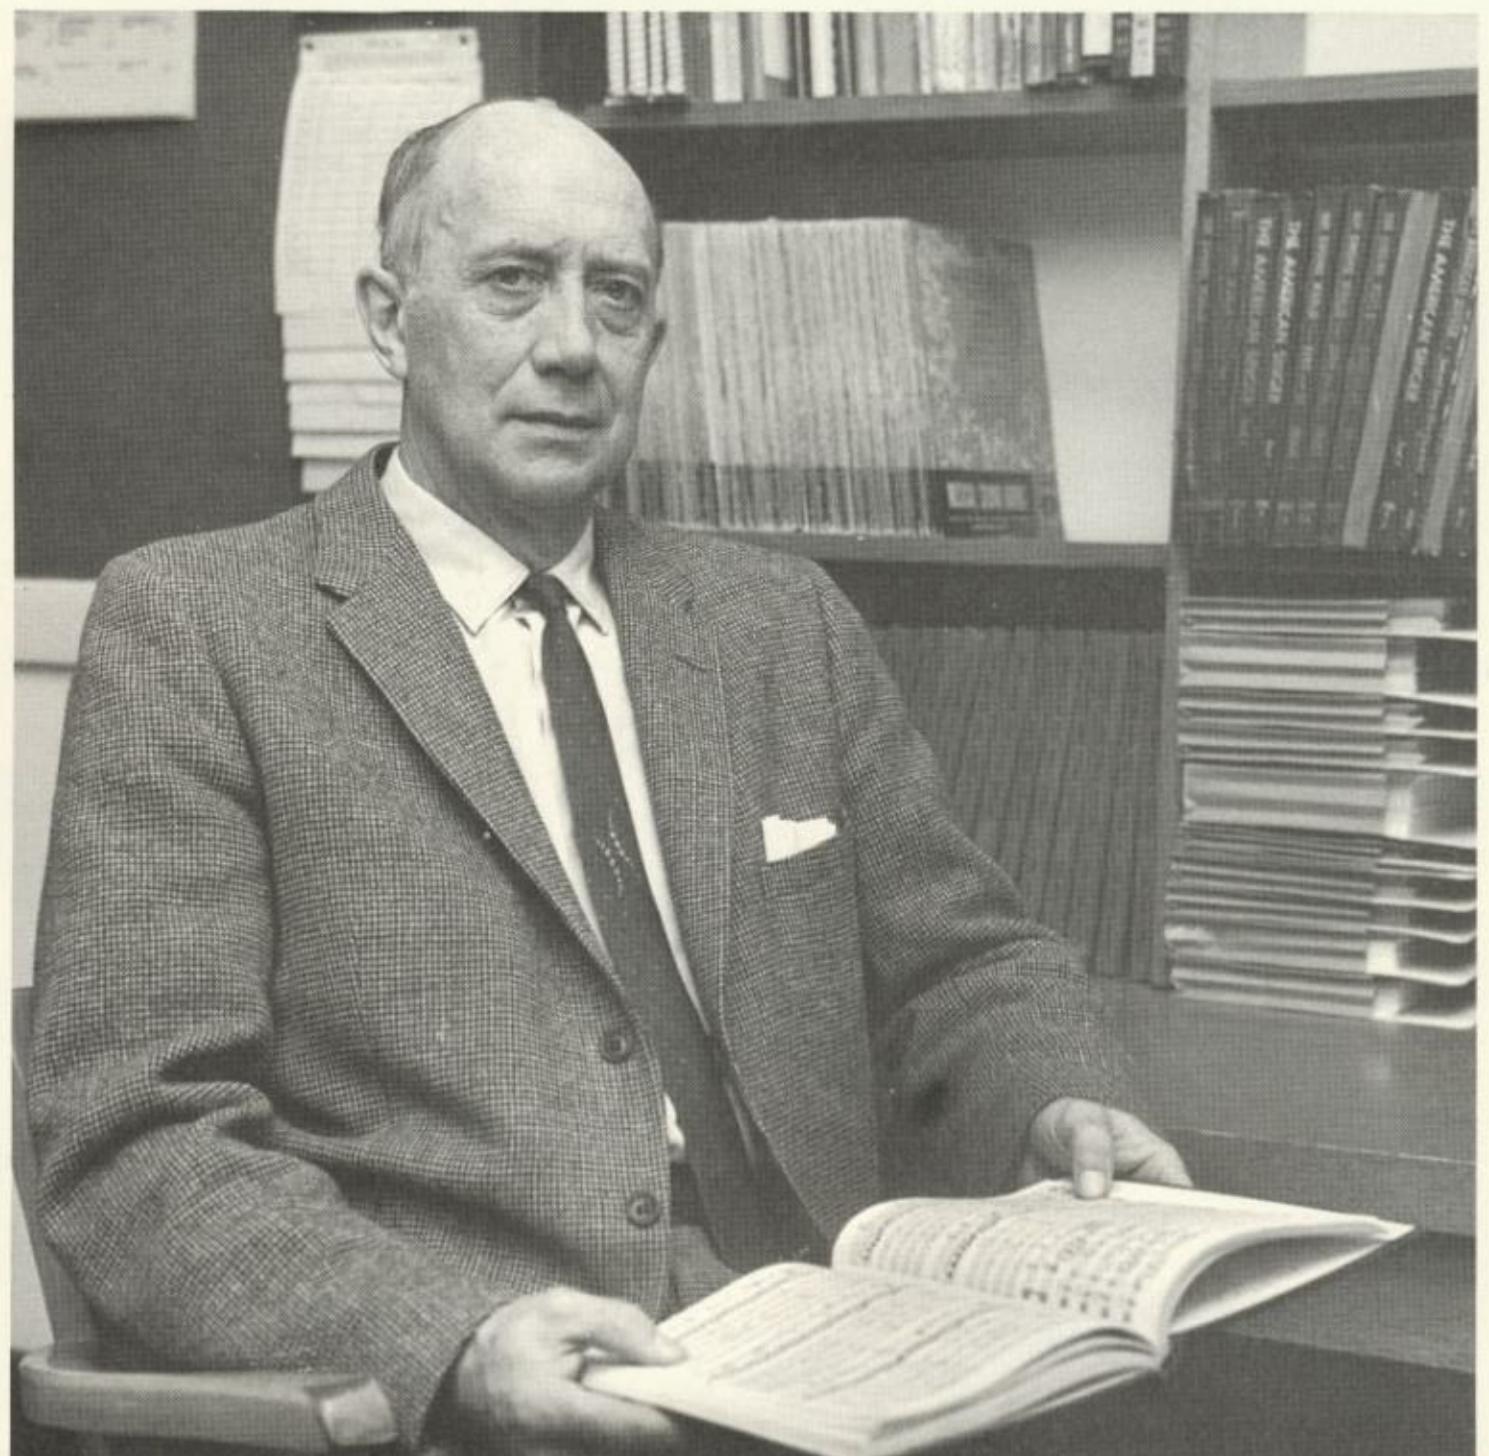

Communicating ideas through research and experience

Music contributes much to the social and cultural life of the individual.

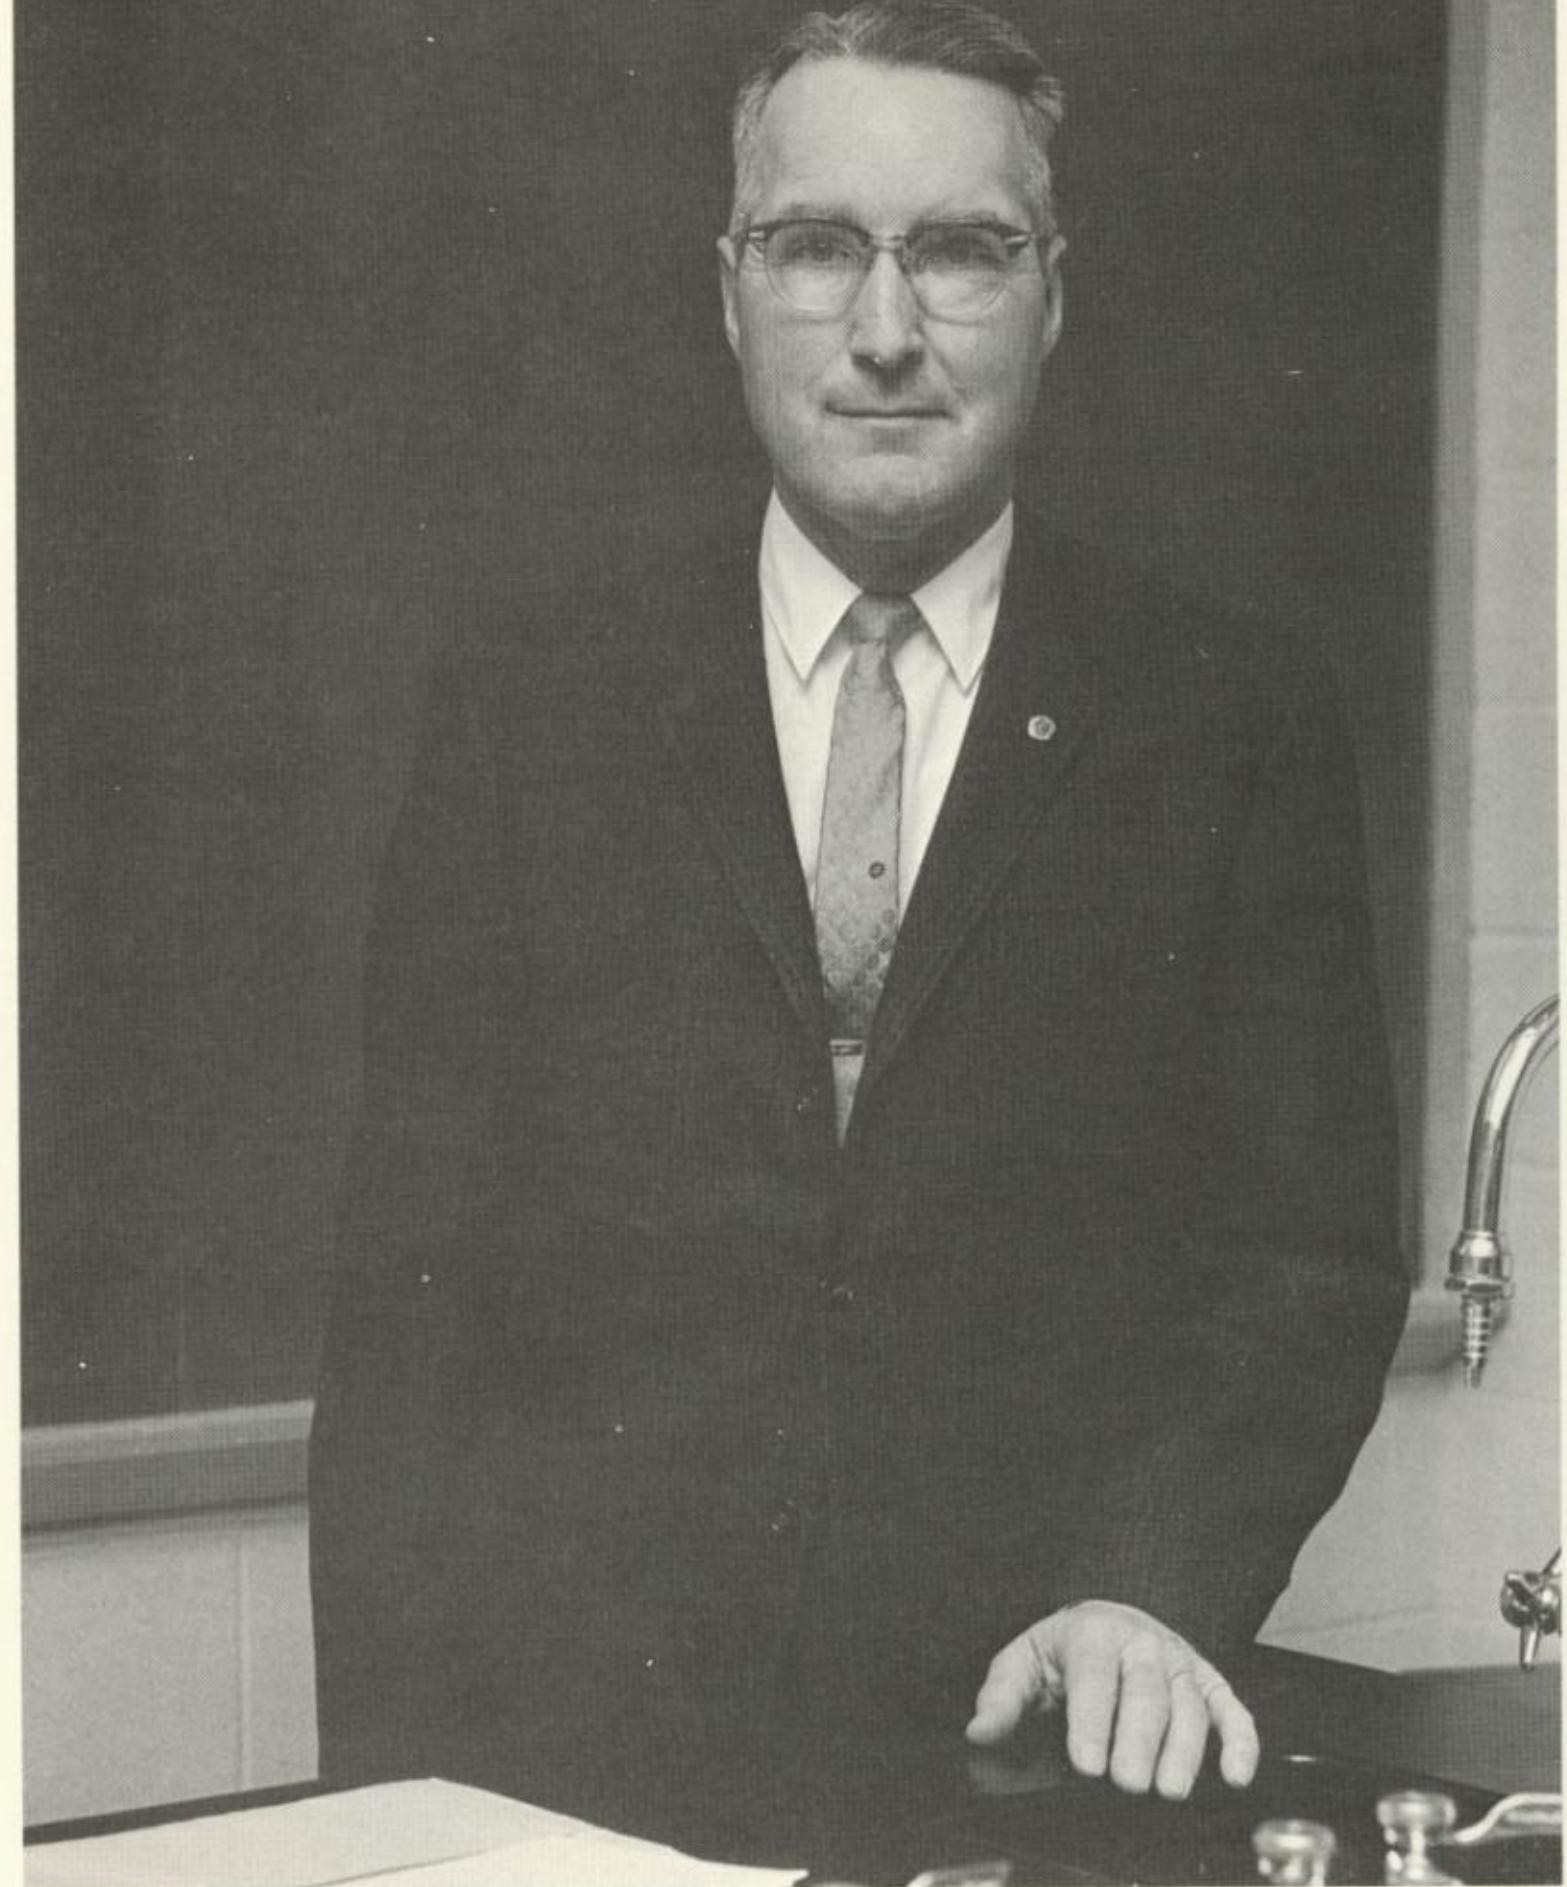

The Bemidji State College music department, area schools and church choirs presented Mendelssohn's *Elijah*, which was the first oratorio dramatized for the first time. Under the direction of Mr. Gallagher, BSC performed its first major opera production *Carmen*, this fall.

In April, the band and choir provided music for the inauguration of President Bangsberg.

The Division of Science and Mathematics offers courses designed to acquaint the student with established principles of the biological, physical, and mathematical sciences.

This year the final two laboratories in recently built Sattgast Hall were completely equipped. A dark room for optics is included in the physics area, and the other lab is for use by upper division biology classes.

During the summer the division offers an institute in radiochemistry for high school teachers. This is sponsored by the National Science Foundation and is attended by teachers from all parts of the country.

The Division of Health, Physical Education, and Recreation, carries out a full service program. General education classes are offered along with professional training courses in coaching and teaching. During the past fall quarter over 1700 students were enrolled in the activity curriculum.

Intramural and extramural programs and intercollegiate sports for both men and women are also sponsored by the division. All facilities are available for recreational use by students and others including the swimming pool and skating rink.

The division works with high schools in surrounding areas in conducting basketball tournaments and track meets. Along with the Chamber of Commerce they sponsor the Beaver Relays, the largest high school track meet in northern Minnesota.

The offerings of the Division of Languages and Literature are designed to provide training in the various fields of communication.

The new English major offered by the division this year was recently featured in the "Newsletter of the Minnesota Council of Teachers of English" as a model program. The course of study is streamlined to fit new curriculum requirements.

Majors in French, Spanish, Russian, and German are offered by the division. Receiving short-wave broadcasts from countries around the world was an interesting experience for foreign language students during the year.

DEPARTMENT OF
INDUSTRIAL ARTS

Mr. James Castagna
Mr. David Rodewald
Dr. Harlan Scherer
Dr. William Sellon

Teaching tomorrow's leaders

The Industrial Arts Education and Industrial Technology Programs are housed in new Bridgeman Hall for the first year. Industrial Education courses are so organized as to give the student a knowledge and appreciation of the materials and processes of industry. The degree in Industrial Technology will be granted to students prepared in technological skills needed in today's industrial world.

Much added space and equipment is available to the department in the new building. Shops include those for metals, wood working, mechanics, drafting, graphics, and synthetics. An amateur radio station complete with 60' tower and an automatic Kluge press are welcome additions to the department's equipment.

The Division of Social Studies includes a wide area covering the fields of business, history, government, economics, sociology, and geography. Courses in history, political science, and sociology are offered at the graduate level.

In October the division sponsored Political Emphasis Week for the purpose of focusing attention on state and national elections. Speakers from both political parties were featured.

The students saluted Mr. Eugene Mammenga, Assistant Professor of History, by electing him BSC Speaker of the Year in a poll sponsored by the Student Senate and college newspaper. Mr. Mammenga is the first faculty member to hold this title.
