## Dedication

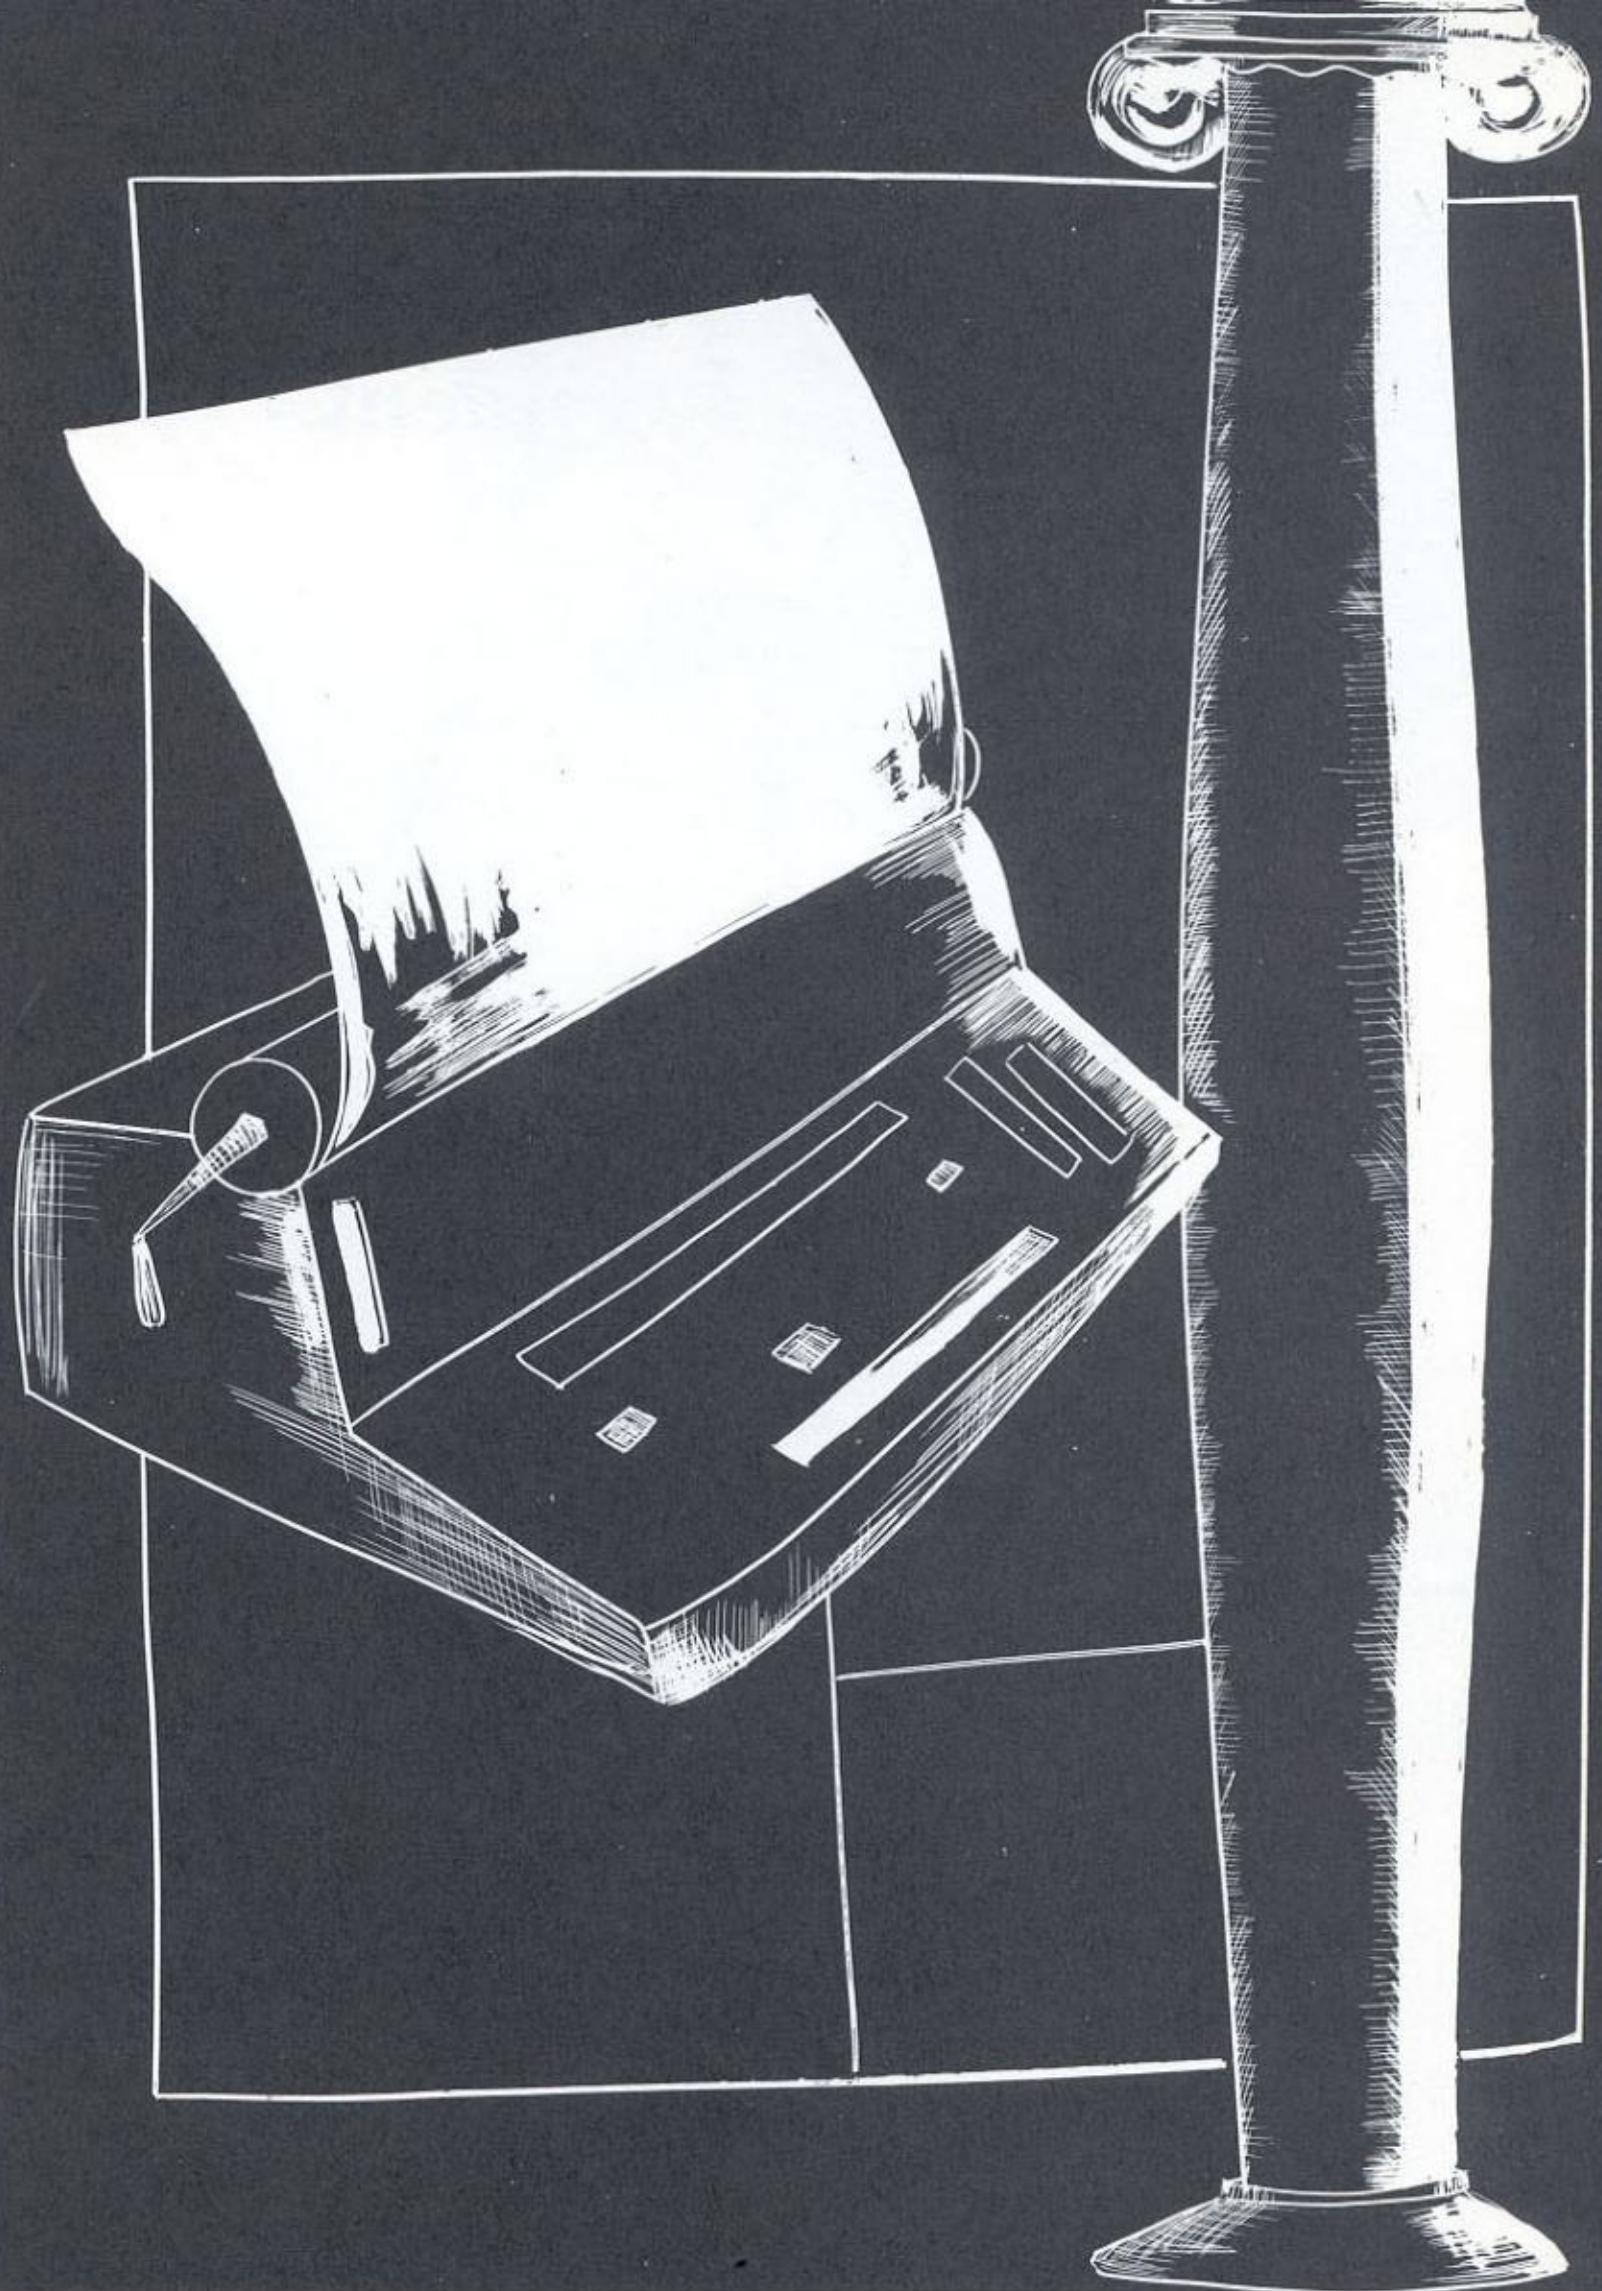

MARGARET KELLY

Miss Margaret Kelly's stature as a teacher, guide, and friend is only partially expressed in the following statement entered into official state documents at the time of her retirement in 1956:

"Miss Kelly came to the college in 1921, the second year after the school was founded. For many years she served as Dean of Women and part-time teacher of English. Since 1946, she taught English full time. Her service to the College and to the state of Minnesota has been outstanding during her entire thirty-five years. She is a superior teacher and one of the great teachers in the history of this state."

We students who have had the privilege of studying under her guidance wish to express our deep appreciation for her inspiration to all with whom she has worked, her unfailing patience, kindness and personal interest in every student.

We feel honored in having the opportunity to dedicate this yearbook to Miss Margaret Kelly.

# FACULTY ADMINISTRATION

# President

C. R. SATTGAST

Greetings to the 1956-57 student body. This annual is evidence of high level school spirit which gave the initiative and organizational skill to bring the annual into being. The creative planning, the drive for funds, making contracts with business firms, photographing, editing, and selling are all part of the co-operative enterprise you have carried out. I thank you for the added interests you have created here at Bemidji State Teachers College. I congratulate all those students who have shown the leadership necessary to produce a fine annual. Lastly, I commend those faculty advisers who have contributed additional hours to guide your splendid efforts.

## Concert Band

The B.S.T.C. Concert Band is open to students who like to play and participate in instrumental music. It also serves as a training group for instrumental music majors. The band plays for home football and basketball games and takes one or two trips per year to athletic contests at other schools.

Annual concerts are given for the student body, the high school, and the public. A two or three day concert tour is taken each spring to schools in the area.

From the band are organized such groups as the College Dance Band, the German Band, Dixie Band, and various other ensembles.

The Science Club is an organization consisting of students and faculty interested in pure and applied science. The club works in conjunction with the BSTC science faculty in preparing the annual science fair. The Science Club's year is terminated in its annual trip to the Minnesota Academy of Science's yearly meeting.

The purpose of the Ski Club is to create an interest in skiing and to provide opportunities of participation in this sport. On Sunday afternoons during January and February the Ski Club sponsors regular outings for its members at the ski-ways in this area. The main club project for the season is to sponsor the annual All College Ski Day to climax Paul Bunyan Week daytime activities.

## A Cappella Choir

Carl O. Thompson, Director

The choir exists for a twofold purpose; the first centering around the training of voices and the method of singing a cappella. Every opportunity is given those participating in this organization to learn this method by which fine choirs are developed.

The second purpose involves service to the school. Much of this service takes place through the ensembles and solos which stem from the choir, such as the Bemidji Belles and the Four Discords. The annual Christmas Concert and the Easter concert presented by the Bemidji Oratorio Society, of which the choir is a nucleus, are highly anticipated events. The choir also arranges tours to the high schools of this area.

With an experienced team on hand to start the season, the Beavers opened with two consecutive triumphs over North Dakota opposition. The remainder of the season the Beavers faced larger schools who furnished stronger opposition. However, they managed to finish with a creditable 2-2-4 record.

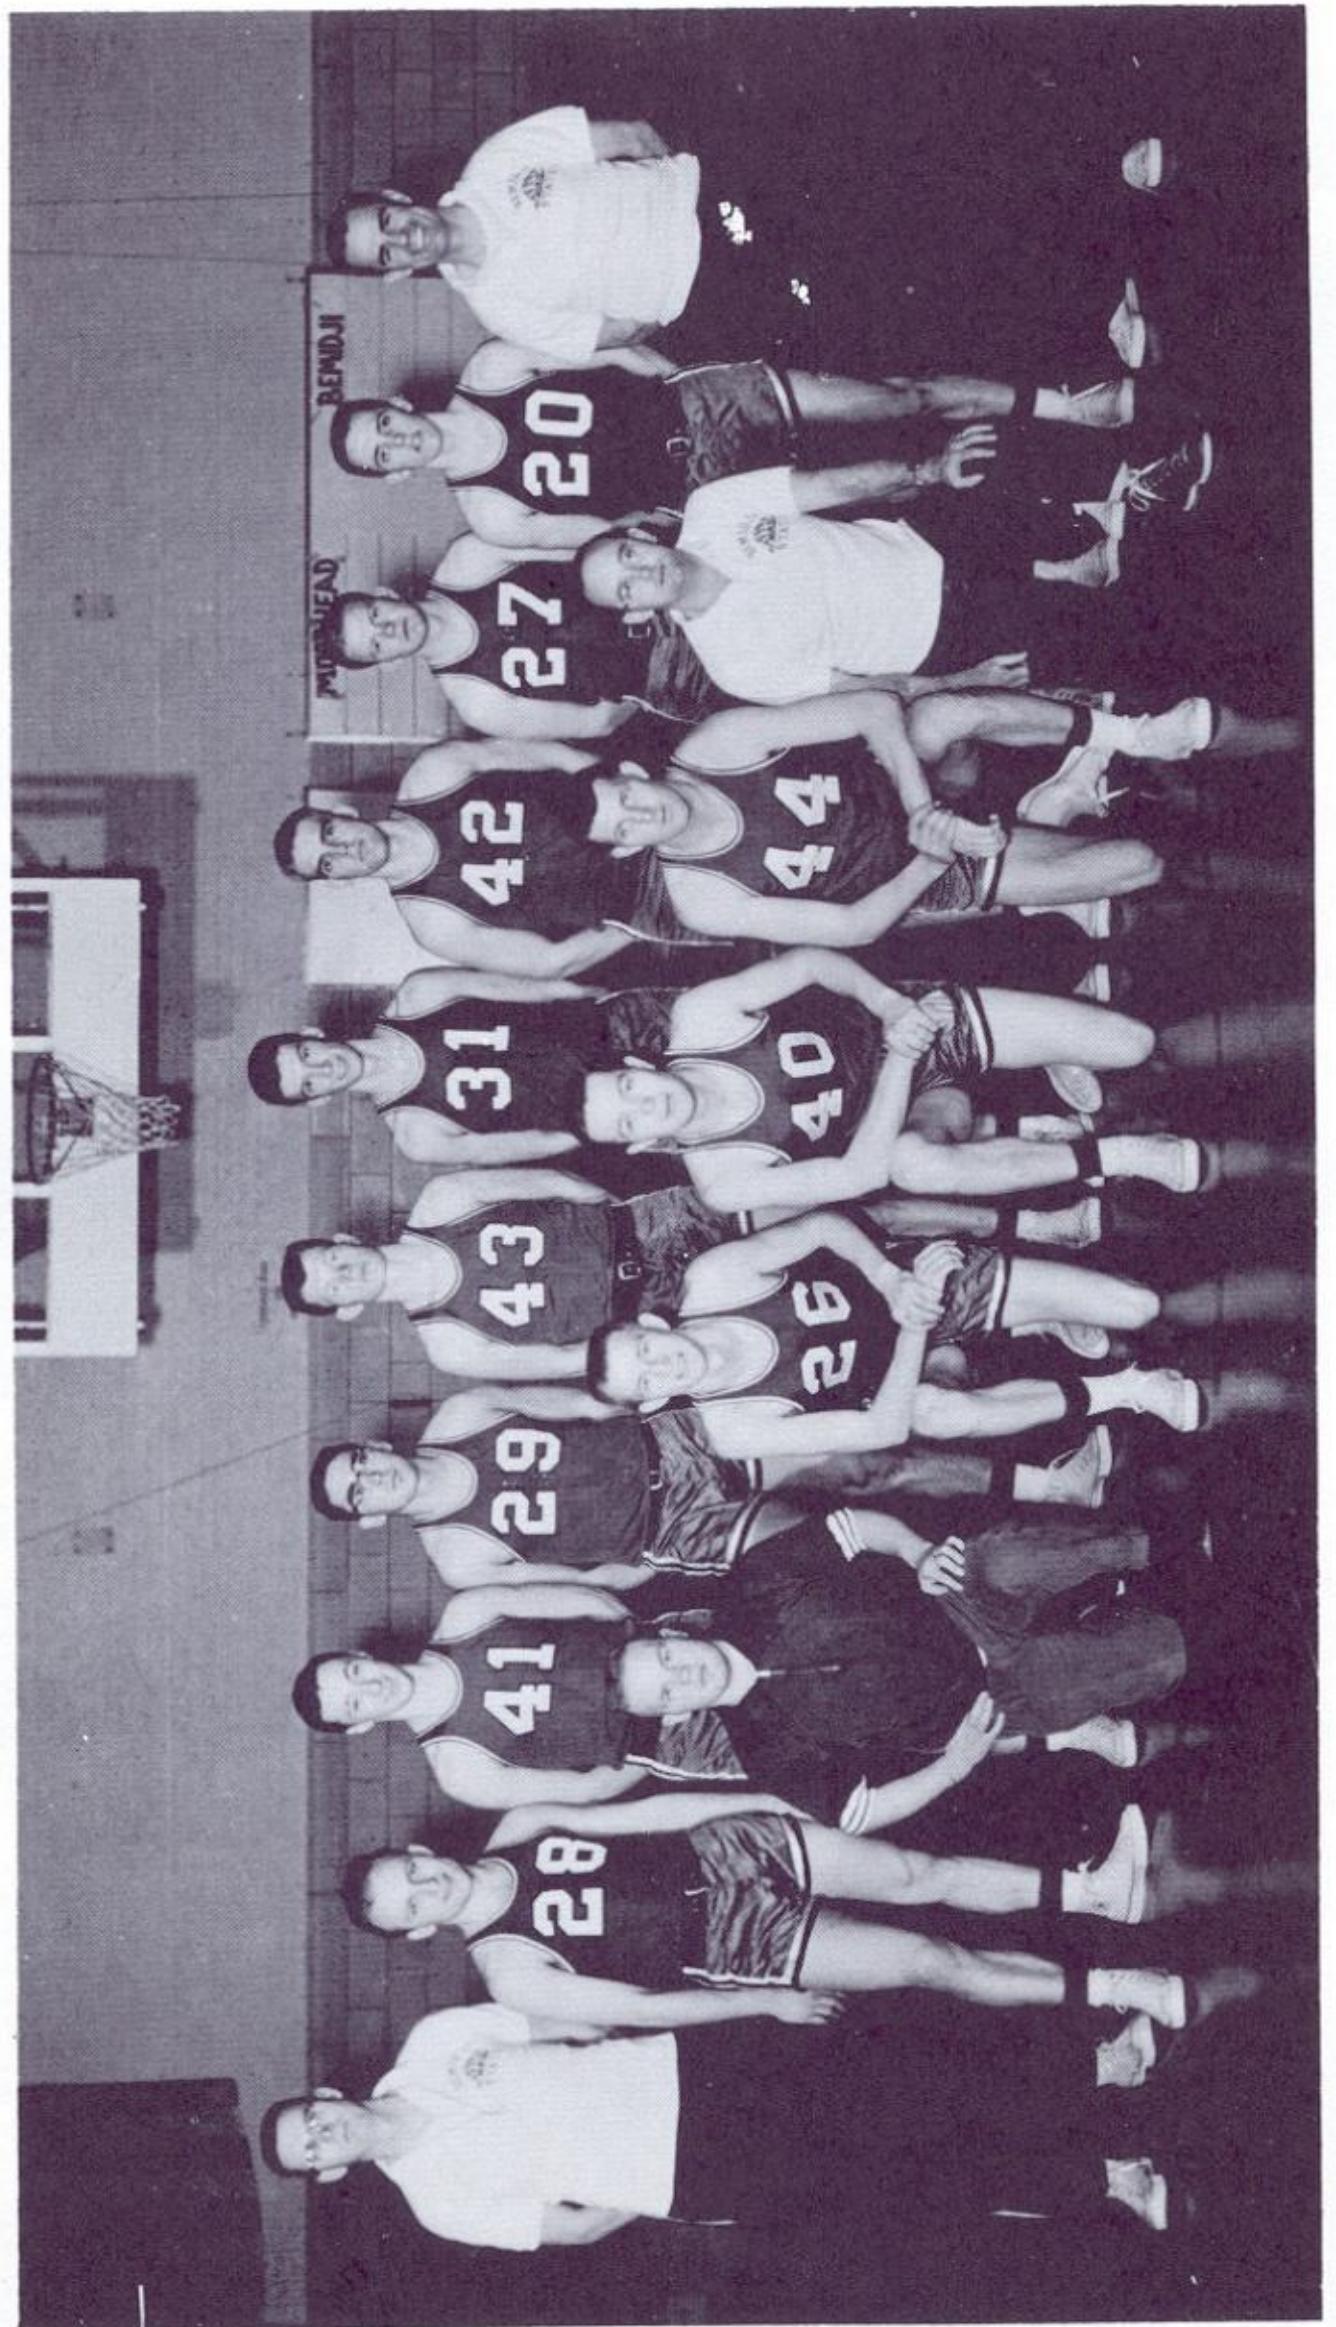

Harold Drescher, who was named the most valuable player in the conference, and Dwaine Marten were named to the first string all-conference team.

The Beaver Basketeers, coached by Harry Fritz, had one of their most successful seasons in recent years finishing with a season record of 18-7. Given little chance to finish near the top of the conference in pre-season ratings, the Beavers, after dropping their first conference game, won the next six in a row before dropping a hard-fought decision to Moorhead in the season finale, and became conference co-champions.

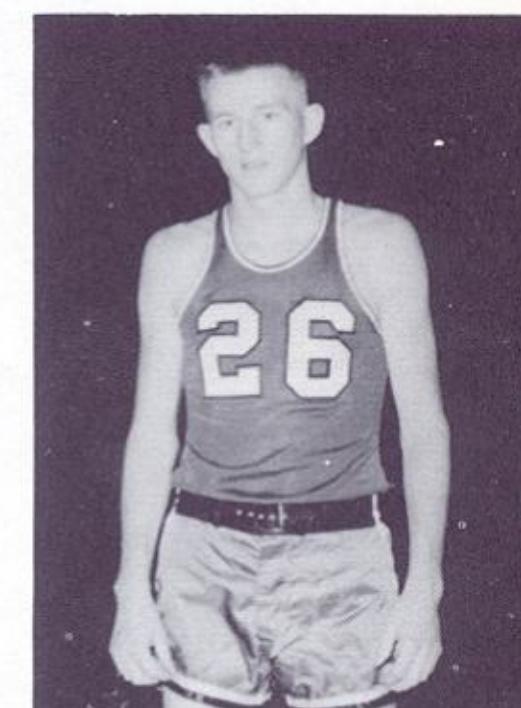

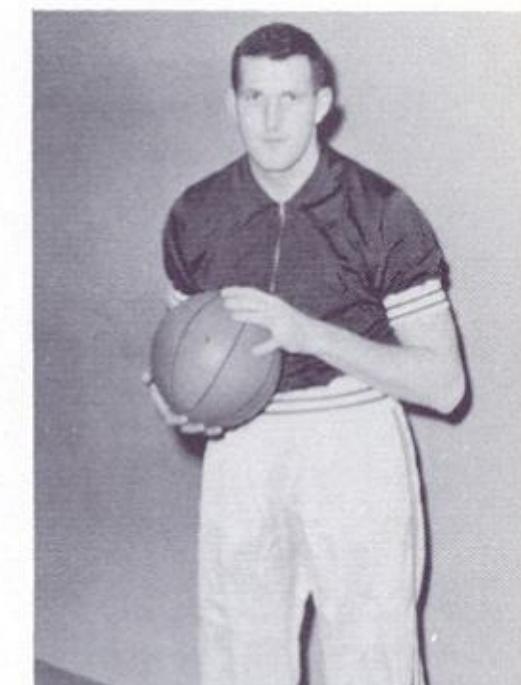

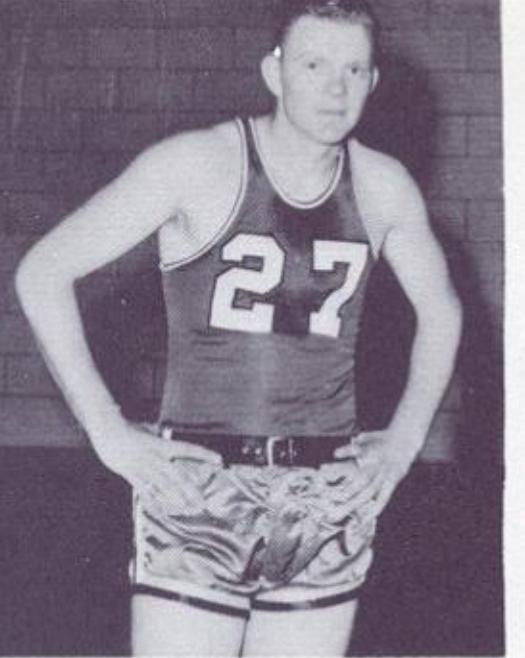

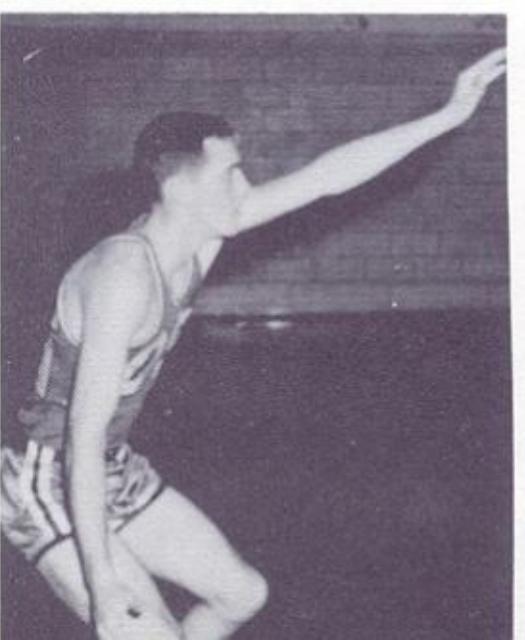

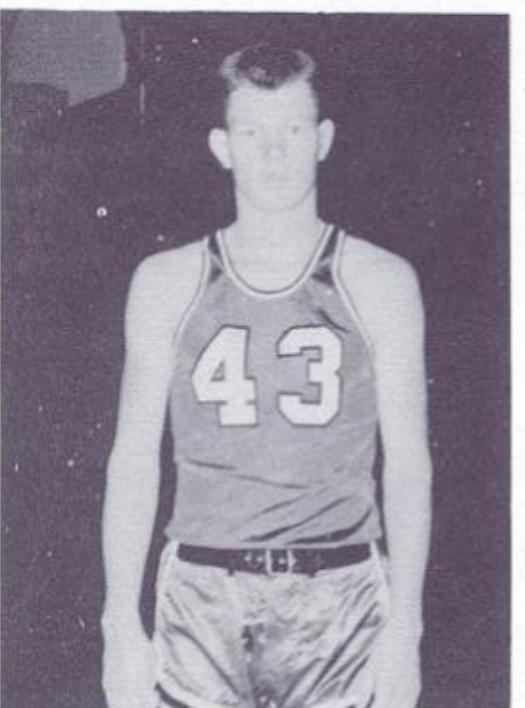

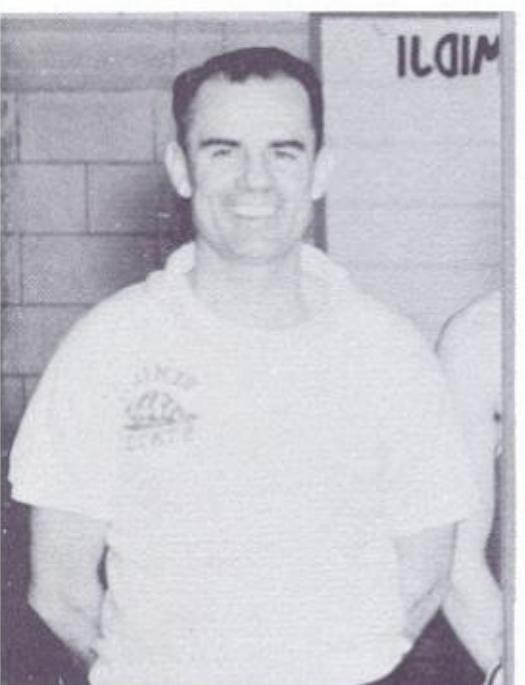

Balanced scoring and good defense were the outstanding attributes of this year's team. With all five starters averaging in double figures—plus valuable assistance from reserves Butch Bucek, Stan Otness, Bob Ness, Billy Wagner, and Gerry Douglas—the Beavers were a tough team to stop in any game. Newcomers from the East, Joe Servon and Butch Bucek, and Bemidji boys Ritchie Carter and Jim Lawrence, furnished much of the spark that has been missing the last couple of years. These boys, along with returning lettermen Dick Robbins and Don Otness, started most of the games for the Beavers.
