AH-MIC 1964

BEMIDJI STATE COLLEGE
BEMIDJI, MINNESOTA

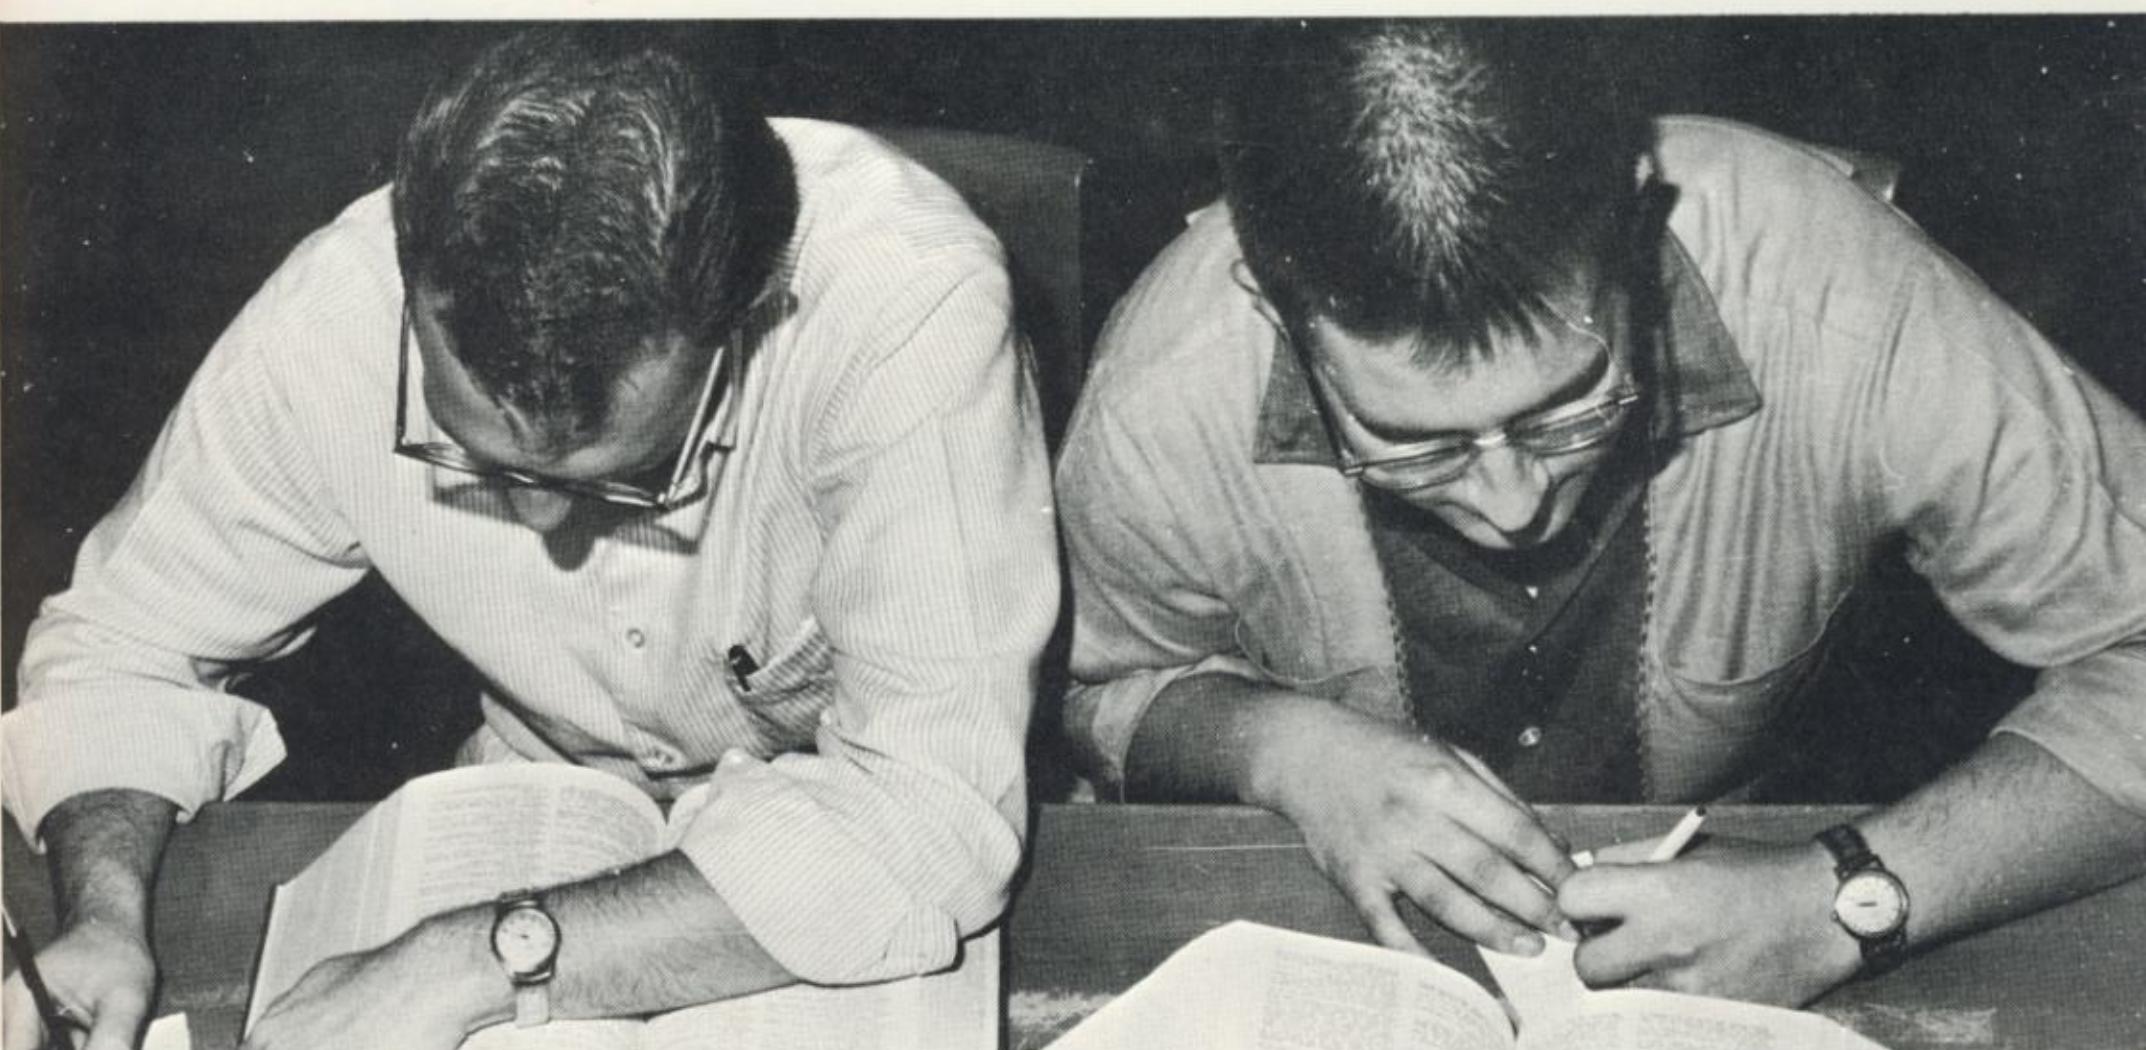

Welcome to the 1964 Ah-Mic, a portrait gallery for one of the best years in the history of Bemidji State College. Through these portraits, you will see how Learning, Living, Cooperating, and Leading all combine to produce the active, studious, fun-loving people on our campus. The prominence of the nearby lake, of which few Mid-Western campuses can boast, not only adds beauty to our college landscape, but plays a big part in college life which stretches from swimming during the warmer months to providing the background for the Beaver football yell, "Push 'em in the lake!" Lake Bemidji was once a key link in the historic Red Lake Trail of the sturdy Chippewa Indians and is a breeding ground for the busiest of fur-bearing creatures, the beaver. From this animal, found on the shores of one of the most scenic northern lakes, this yearbook takes its name, Ah-Mic—the Chippewa name for beaver. The part Lake Bemidji plays as the eastern boundary of our campus will be emphasized throughout the portraits. On the following pages, you will view what the 1964 Ah-Mic staff feels best portrays the true spirit of the friendliest college in the Mid-West. But what photographer or copywriter can capture all the excitement of Homecoming or the suspense on campus before final exams? It is only in memories that those emotions will continue to live and it is the purpose of the 1964 Ah-Mic to recall those memories.

ACADEMIC PORTRAIT

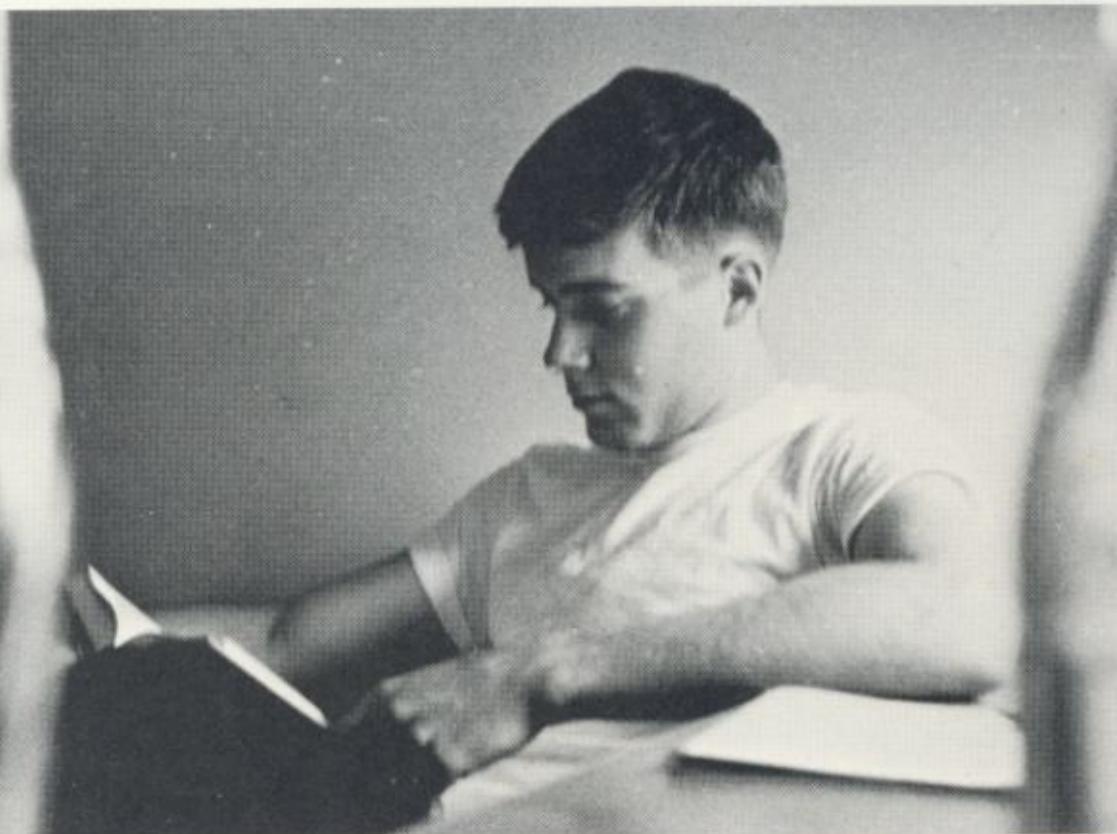

A portrait of Bemidji State as seen through the lens of Chief Ah-Mic Photographer Jim Lanman (left) will contain many phases of college life, but most important is the academic phase, which sometimes gets lost in the maze of athletics dances and campus politics. Above are the busy steps of Sattgast Science Hall, pictured just after a class break. The windows look out to the mall leading to Deputy and Memorial. To the right is a couple finding the necessary "references" in the library and on the far right is shown a typical first of the quarter rush at the Beaver Union bookstore. On the lower right, at research paper time, is pictured a search for current periodicals. The Ah-Mic will picture more of the academic side of campus life as you turn through these pages of memories.

LIVING PORTRAIT

A portrait of campus living at Bemidji State must show the fun of living both on and off campus. Above you see four men sharing an off-campus apartment with their art project, to the left is a typical married couple taking a short break from their studies, and below are two coeds joking between homework breaks in "off-campus style." On the opposite page is pictured a song session in one of the coed lounges, a men's dormitory popcorn party, a study of a dorm student framed between two pop bottles, and below a female gab-fest. These are just samples of campus living at BSC. Although we're not all pictured, we've all done the same things.

SCENIC PORTRAIT

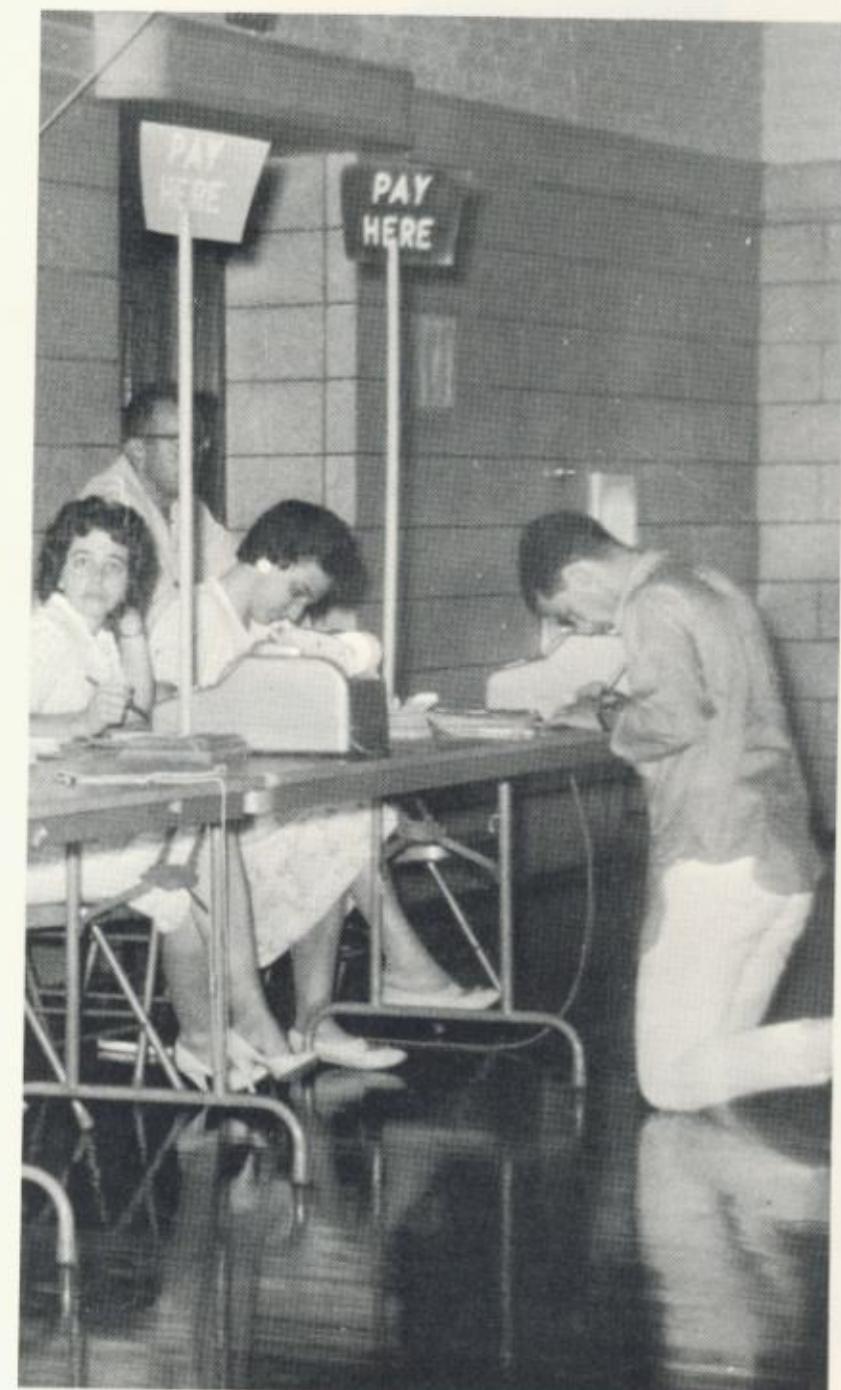

LIVING . . .

THAT FIRST WEEK

Remember the excitement on campus last September when the enrollment at BSC swelled to over 2,000 with more than 700 freshmen registered? These same frosh, who were susceptible to the pranks of upperclassmen, are almost sophomores now and are just waiting to pull those same pranks on next year's green freshmen. Alexa Higashi, from our colorful state of Hawaii, this year's radiant Beanie Queen, was escorted to her throne of green and white by Beanie King, Larry Peterson of Warren. They were fine representatives of the new freshman class. Remember how painful it was to make that first payment? "Oh-h-h, my hard-earned summer wages!" But now you can say that it was really worth it. Remember the long lines at the bookstore; switching, adding, and dropping classes; those weeks of getting back into the swing of things; midquarter exams—"I'd better get to work!" These will all be remembered with a smile. Then, on the brighter side, there were the thrills and suspense of Homecoming, open house in the dorms, after-game dances, cokes at the Mileage, the formals, games, and exams (How did they get in here??!) All these experience we'll recall with a sigh, and think "That first week was nothing compared to what followed."

HOMECOMING ROYALTY

Homecoming queen finalists were: Joni Pierce, Judy Heikkila, Phyllis Hanson, Kathy Wilder, Anitra Ciernia, Trish McAllen, Judy Earney, and Cookie Hanson.

Suspense, beauty, and grandeur filled Memorial Hall on Wednesday evening, October 2, as the 1963 Coronation ceremonies began. Lights were dimmed, the spotlights were focused and eight beautiful girls were escorted in as the A Cappella Choir hummed our college hymn. Then—the moment all had been waiting for—Miss Marty Larson, 1962 Homecoming Queen placed the crown on Bemidji State College's 1963 Homecoming Queen, Miss Joni Pierce. Amid a roar of applause, Miss Pierce was escorted to her throne with her attendants, Anitra Ciernia and Phyllis Hanson. The new queen and Mr. Aalberts danced and the Coronation Ball began!

First Place Winner in the Homecoming Skit Convo was this delegation from the BSC band. Interviewing a vanquished MS Indian to find out "where all the feathers went" is Jim Ball, while Dennis Dahl stands guard.

The annual bonfire, burning of the Freshman beanies, pep rally, and tug of war on Friday evening climaxed BSC's pre-Homecoming activities.

The BSC choir skit won second prize as they told in song "where all the feathers had gone."

German Club was the third prize winner with their humorous German-English one-act play.

BEAVERS MASSACRE THE MANKATO INDIANS!

Sweltering Indian Summer temperatures in the 80's and 90's set the atmosphere for the BSC Homecoming game with the savage Mankato State Indians on the afternoon of October 5, 1963. Cotton shirts and bermudas seemed the attire of the day instead of the usual winter wear, and spectators cooled off with soft drinks rather than warming up with hot coffee. The weather, peppy cheering, performance of the band, presentation of our queen, Joni, and the final score —15—9—contributed to the delight of the Beaver fans, the team, and "Coach" Chet.

AND AFTER THIS . . .

"NOEL DE BLEU"

"Noel de Bleu" was the theme of the annual Christmas Formal Ball held before quarter break and although the literal translation means "Blue Christmas" all the events of the evening were a far cry for the literal translation of "Blue."

Blue gives a connotation of melancholy and sadness and on this pre-quarter break social affair, blue only referred to the lighting which was exquisite in the true tradition of our icy-blue winters at Bemidji.

Memorial Hall was turned into a beautiful blue paradise tinged with sapphire hued Christmas trees and a sky colored ceiling. All this was given top seasonal touches by the Moonmisters of St. John's University.

Last dance before separating for the holidays.

These two Beaverpatchers prove that—"Times have changed!"

The highlight of the evening, the favorite, "Marrying Sam" ceremony, being performed by Jim Murphy.

Just sittin' this one out.

The annual Sadie Hawkins Day dance, sponsored this year by the Women's Recreational Association, gives the gals the opportunity to turn the tables on the guys. The dance, held in M-100, was well attended.

The main highlight of the dance, the "Marrying Sam" ceremony, was performed en masse this year, with Jim Murphy, of the BSC Social Commission, as Master of Ceremonies.

Winning top honors in the best-dressed "Beaverpatch" couple contest were Barbara St. Anthony and Dave Sjöblad (pictured at left), upsetting traditional custom and conventional standards by portraying opposite sex roles.

Music for the evening was provided by the Pretenders from Park Rapids.

PAUL BUNYAN REIGNS WITH . . .

Who says we have cabin fever at Bemidji State College when such events as Paul Bunyan Week arrive in mid-January to stir up all of the old legends about the north which are the heritage of BSC? Yes sir, this year's winter highlight was Paul Bunyan Week with all of its accompanying fun, frolic and tradition.

Plaid shirts and jeans were the style.

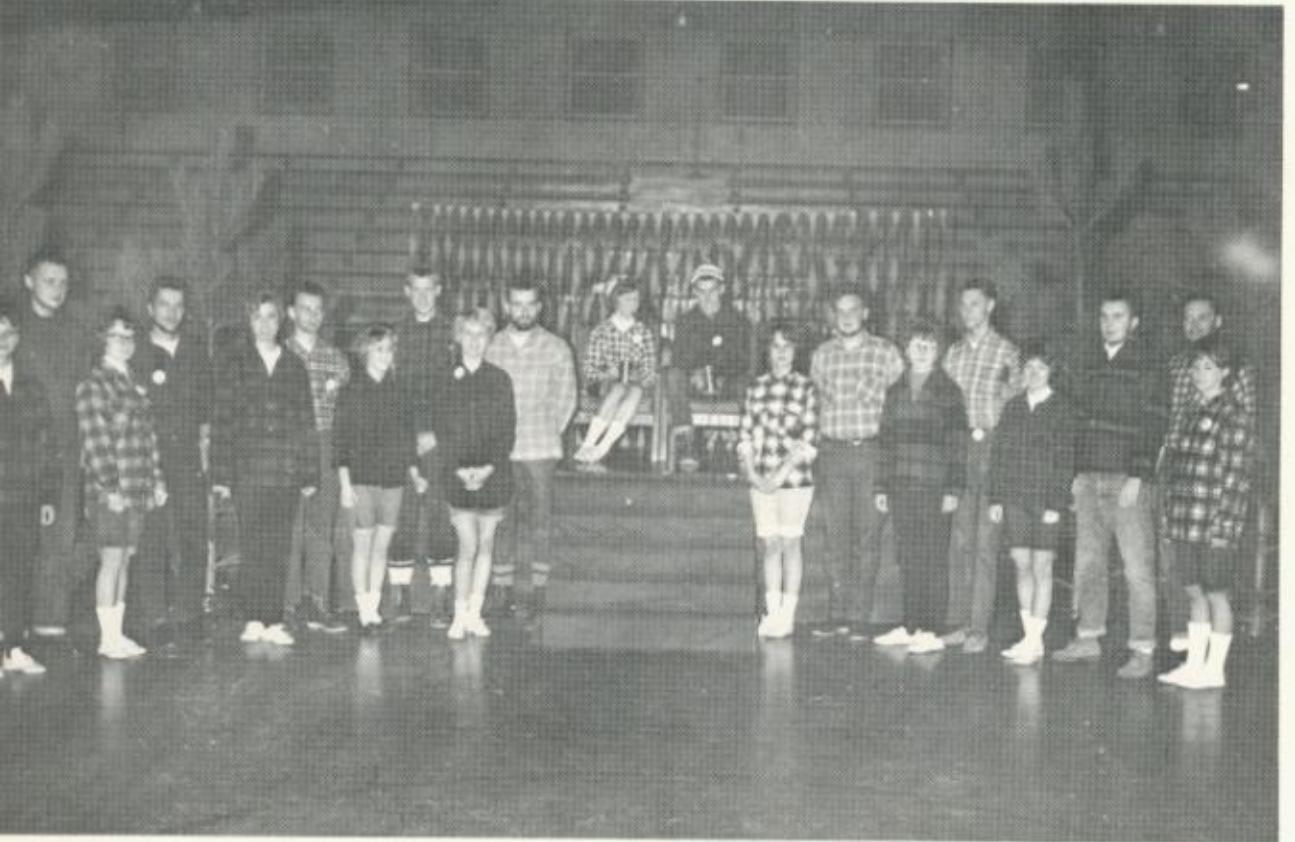

Paul Bunyan Week beard contest winners are: Earl Mathison, most unusual beard; Ronald Odegaard, longest beard; John Tobler, peach fuzz; Joe Bena,

best looking beard; Ron Bell, shaggiest beard; Carl Prischmann, heaviest beard; Jim Robbins, neatest trimmed beard.

LSA was first but close runners-up were Inter-Dorm (above) and German Club. Interdorm never did bowl over Carrie, while Fairy Tales are always good when of German origin.

Candidates for Paul and Carrie were: Carrie Arola and Jack Rude, Footlight Guild; Holly Schramm and Keith Radi, Gamma Delta; Jean Hosfield and Joe Buelow, German Club; Linda Bandy and Al Carlson, LSA; Sharon Swedmark and Carl Jorgenson, Republican Club; Paul and Carrie; Sue Fisher, Inter-Dorm Council; Phil Jorgenson, Band; Jan Children and Pete Johnson, UCCF; Judy Earney and Randy Swedburg, Phy. Ed. Club; Dennis Kjorlein and Barbara Scott, Choir.

CAPS AND CUPS . . .

Twenty Paul and Carrie candidates were presented at Coronation ceremonies on Wednesday evening. Homecoming Queen Joni Pierce and Social Commissioner Marv Swanson crowned the new Paul and Carrie: Donna Miller, who represented the band, and John McClellan, the Inter-Dorm Council. Green and white stocking caps were used as crowns for Paul and Carrie and to each was presented a mug with their names engraved on it. Pauls and Carries alike were attired in the usual dress of Paul Bunyan week—levis and plaid shirts. Trees transformed Memorial Hall into a woods characteristic of the home of Bemidji's Paul Bunyan.

First place winner in the Snow Sculpture contest was LSA with their entry of "Babe" skidding a log.

SNOW AND ICE . . .

Paul Bunyan hit the BSC campus again this year with the usual furor of parties, Paul and Carrie coronation, pranks, prizes, lumberjack attire, pancake supper, beard contests and the annual highly competitive snow sculpture contest. There were several very good entries this year, clearly showing the long hours and hard work that go into the making of a good snow sculpture. As the judges discovered, they were all good—but those placing in the contest were: the Lutheran Student Association, First prize for "Babe," equipped with an icy chain, complete with log; Wesley Foundation won second prize for "Big Ole, Paul's camp blacksmith, who punched holes in doughnuts with a hammer and spike on cold days in his spare time." Third prize went to the Business Club for their reproduction of "Vulcan," the Fire King.

An added attraction to Paul Bunyan week festivities this year was the party given for President Sattgast in observance of his 26th year at BSC and his 65th birthday. Senator John McKee of Bemidji gave the principal address, and offered his advice to Dr. Sattgast on how to cut his Bunyan-size birthday cake with the axe that had been donated by Paul. Nearly 1,000 students, faculty members, and members of the Bemidji Chamber of Commerce turned out to pay their tribute to President Sattgast for his leadership in building BSC. In the annual Faculty-student broom-hockey game, the BSC Faculty were defeated 3—1 by members of the Social Commission. The rugged contest saw few dull moments, and much excitement on several "brilliant" maneuvers. (How about Dr. Sauer's 72 inch goalie's broom??!) If you think the game looks easy, try it sometime.

Just one of the "scenes" from the exciting (?), and tiring, annual Faculty-student broom-hockey game.

Winning second prize was the Wesley Foundation. They depicted the amusing "Big Ole," Paul's Blacksmith.

The Business Club won third place for their version of Vulcan, the Fire King.

From top to bottom: Pat Schulze and Marilyn Rutherford, and Dave Lindberg admire the winning sculptures.

Five BSC coeds bring "Paree to BSC" With their rendition of the "Can-Can," L. to R. are: Linda Peterson, Mary Lyman, EvaLynn Ahlm, Jan Arvidson, and Patsy Elmes.

... AND A LUMBERJACK SATURDAY NIGHT.

"Main Street Saturday Night" was the theme of this year's Sourdough Sam Variety show. The theme brought to mind the days when the lumberjacks came to town—on Saturday night. The show this year was sponsored by the B S C band. A variety of acts, including solos by our own "Miss Bemidji," Judy Filibeck, a Barbershop Quartet, a "Can-Can"—the funniest ever, and the popular folk-singing trio, "The Bunch" kept the audience royally entertained at all three continuous performances. The Jerry O'Hagen Combo provided the background music. Thus, Sourdough Sam and the Wood Choppers Ball brought another Paul Bunyan week to a close, but the spirit of Paul Bunyan lingers on at B S C.

"Miss Bemidji," Judy Filibeck, gives out with a song, accompanied by Mary Jane Jacobson and the Jerry O'Hagen Combo.

Two popular groups on campus: Above, "the Bunch," Jim Lindberg, John Fischer and John Hattlestad entertained with a few popular folk songs. Below, The Barbershop Quartet: Wayne Melby, Phil Jorgenson, Al Carlson, and Mike DeWitt harmonized on a few old favorites.

Sweetheart King and Queen of 1964, Mr. George Vespa and Miss Joan Revering.

Climaxing a week of vigorous campaigning, George Vespa and Joan Revering were crowned Sweetheart King and Queen at the 1964 Sweetheart Ball on Friday, February 14.

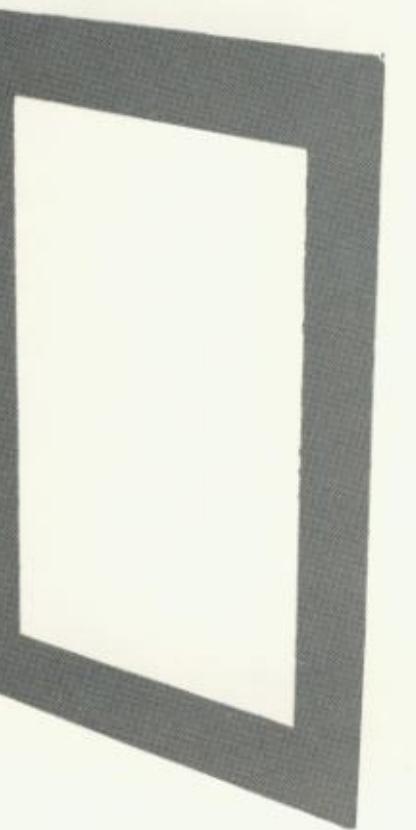

Each queen candidate carried a single red rose as she entered. The roses were all given to Miss Revering when the results of the election were announced.

The dance was the third annual Sweetheart Ball to be sponsored by the Interdorm Council and was held in the recreation room of Pine Hall.

Finishing with a record of six wins, one loss and one tie, the Beavers had a very successful season. Coach Anderson saw his team go down in last minute defeat to Michigan Tech, a surprising setback in that Bemidji was a high ranked favorite. Matt Stimac took individual scoring honors with a total of 44 points and it was half-back, Don Thompson who gained the most yards rushing with 486 yards to his credit.

BASKETBALL

In his second year as head coach of the Beaver cagers, Zeke Hogeland saw the "Big Man" emerge as the dominant force in the conference. Bemidji has on its own squad five men around the 6' 5" mark. Under the able direction of captains Dave Sjoblard and Ken Hansen the Beavers did all they could do to contain some of the best teams seen in the Northern Intercollegiate Conference for several years. Many fans sat on the edge of their seats watching as a majority of the Beaver's games went down to the final seconds. Yes, it has been one of the closest cage seasons in the history of Bemidji State.

HOCKEY

Success was the watchword as the season showed much improvement from the preceding year. Commanding the Beaver pucksters, Coach Weber can be justly proud of a season in which many major upsets were seen. It was again the local Pucksters that gave the icemen the needed scoring punch and the entire team can be proud that they have kept up the tradition of the Beavers—never having a losing season since their establishment in 1959.

Jon Rhodes displays his championship form.

It happened for the first time in Bemidji State history this year—the NAIA District Championship was won by the Cindermen. Directed by Coach Weber and captained by the able Henry Larsen the Beavers saw another record breaking year. Gary Burt holds the 100 and 200 yard dash records, John Kopari holds the 120 and 440 yard hurdle records, and Jon Rhodes captured the pole vault record. Leading the entire squad in scoring is the speedster, John Kopari. As we look back, Coach Weber and the squad can be justly proud of the mark they've left at Bemidji State.

SWIMMING

It was a year of trial and heartbreak for the Beaver tankmen. For the first time in the history of Bemidji State swimming was held as an intercollegiate sport. Coach of the team is Don Palm in his first year as a coach at Bemidji State College. But he is by no means a stranger to most for he is a 1960 graduate. Under his reign a team of rookie swimmers has come up with an enviable record and is sure to pose a major threat to the swimming powers of the North. Indeed, this Beaver squad has much to look back upon with great pride.

It's a perfect start as the tankmen leap toward sports history in the first swimming meet ever held at Bemidji State.

COOPERATION . . .

Student Senate General Assembly

STUDENT SENATE

Lynn Smith, Student Senate President Les Torgerson, Student Senate Vice-President.

The Student Senate is the governing body of the Student Association. It consists of thirteen members elected at large and one representative from each recognized, active organization on campus. Its function is to act as the clearing house for student problems, to promote cooperation among students and faculty, and to make recommendations to the various offices of the college. Any member of the student body may appear before the Senate and voice his opinion. Voting, however, is limited to Senate members.

This year Senate activities started with a leadership training camp. Work began on a constitution and by winter quarter it had been ratified by the student body. Student Center and library planning boards were appointed by the Senate, and the students worked closely with the faculty and administration to plan these new facilities for BSC.

EXECUTIVE COUNCIL

The Executive Council plans the agenda and presents problems to the Student Senate. It is in charge of the allocation of the various concessions sponsored by clubs during the year. The membership consists of the Senate president and vice-president, four senators, the class presidents, and a secretary. Six members of the Executive council serve on the Student Activities Committee thus making it the student organization closest to the budgeting of the student activity fee.

CAMPUS ANALYSIS

J. D. Ball and Mary Swanson, Campus Analysis coordinators.

To the Student Activities committee goes the gigantic task of supervising and administering the extra-curricular program at Bemidji State College. SAC spent a busy year carefully budgeting student activity funds, scheduling and formulating a balanced schedule of activities that stimulated a maximum of interest throughout the year. Among its major accomplishments was the setting up of an extra-curricular awards program which will give recognition for participation and leadership.

This year two students of BSC initiated a major task of producing a fifteen minute weekly radio program entitled "Campus Analysis." Marv Swanson and J. D. Ball with the cooperation of KBUN and BSC endeavored to present the public with different opinions of the campus and community via campus personalities. The purpose of the program was to enlighten the public in news and views of campus affairs. Now that the initial steps have been taken it is hoped by its coordinators that the program will become a traditional part of BSC's campus activities.

Providing a unified effort in furthering the religious life of the Bemidji State College student is the major function of the religious commission. To do this the commission introduces the students to the religious clubs on campus, sponsors Religious Impetus Week and provides a group through which the students may express their wishes to the college administration.

Recording the events of the college year in this book of memories is the job of the Ah-Mic staff. The staff has worked tirelessly since last spring to bring the BSC student a full measure for his year on the lakeside campus.

By the shore of this beautiful lake the college year moves forward and bit by bit the Ah-Mic is put together. The staff followed the traditional patterns but strived to reach new levels in excellence in order to give the book a definite character of its own.

PI DELTA EPSILON

Pi Delta Epsilon, national honorary journalism fraternity, became the first honorary service organization of its kind at Bemidji State College when fifteen charter members were initiated by Dr. Robert C. Wright, national first vice-president from Mankato State at a formal banquet at the Sands Cafe on February 15.

Selection of membership is based on meritorious service and faithful endeavors to further the ideals of journalism at BSC through the Northern Student, Birches and Pine Needles and Ah-Mic.

Most of the organizational work at the local level for establishing Pi Delta Epsilon at Bemidji State was accomplished through the efforts of Darrel Robertson, feature editor for the Northern Student.

NORTHERN STUDENT EXPANDS COVERAGE

Expanded news coverage and an increased improvement in journalistic efforts marked this, the thirty-seventh, year of the publications of the Northern Student, weekly student newspaper at Bemidji State College.

The accomplishments of this year's staff were made possible through the combined efforts of an above average group of freshman and transfer students and a large returning nucleus.

The work of the staff throughout the past year leads more than one observer to say that this year's Northern Student was the best one yet.

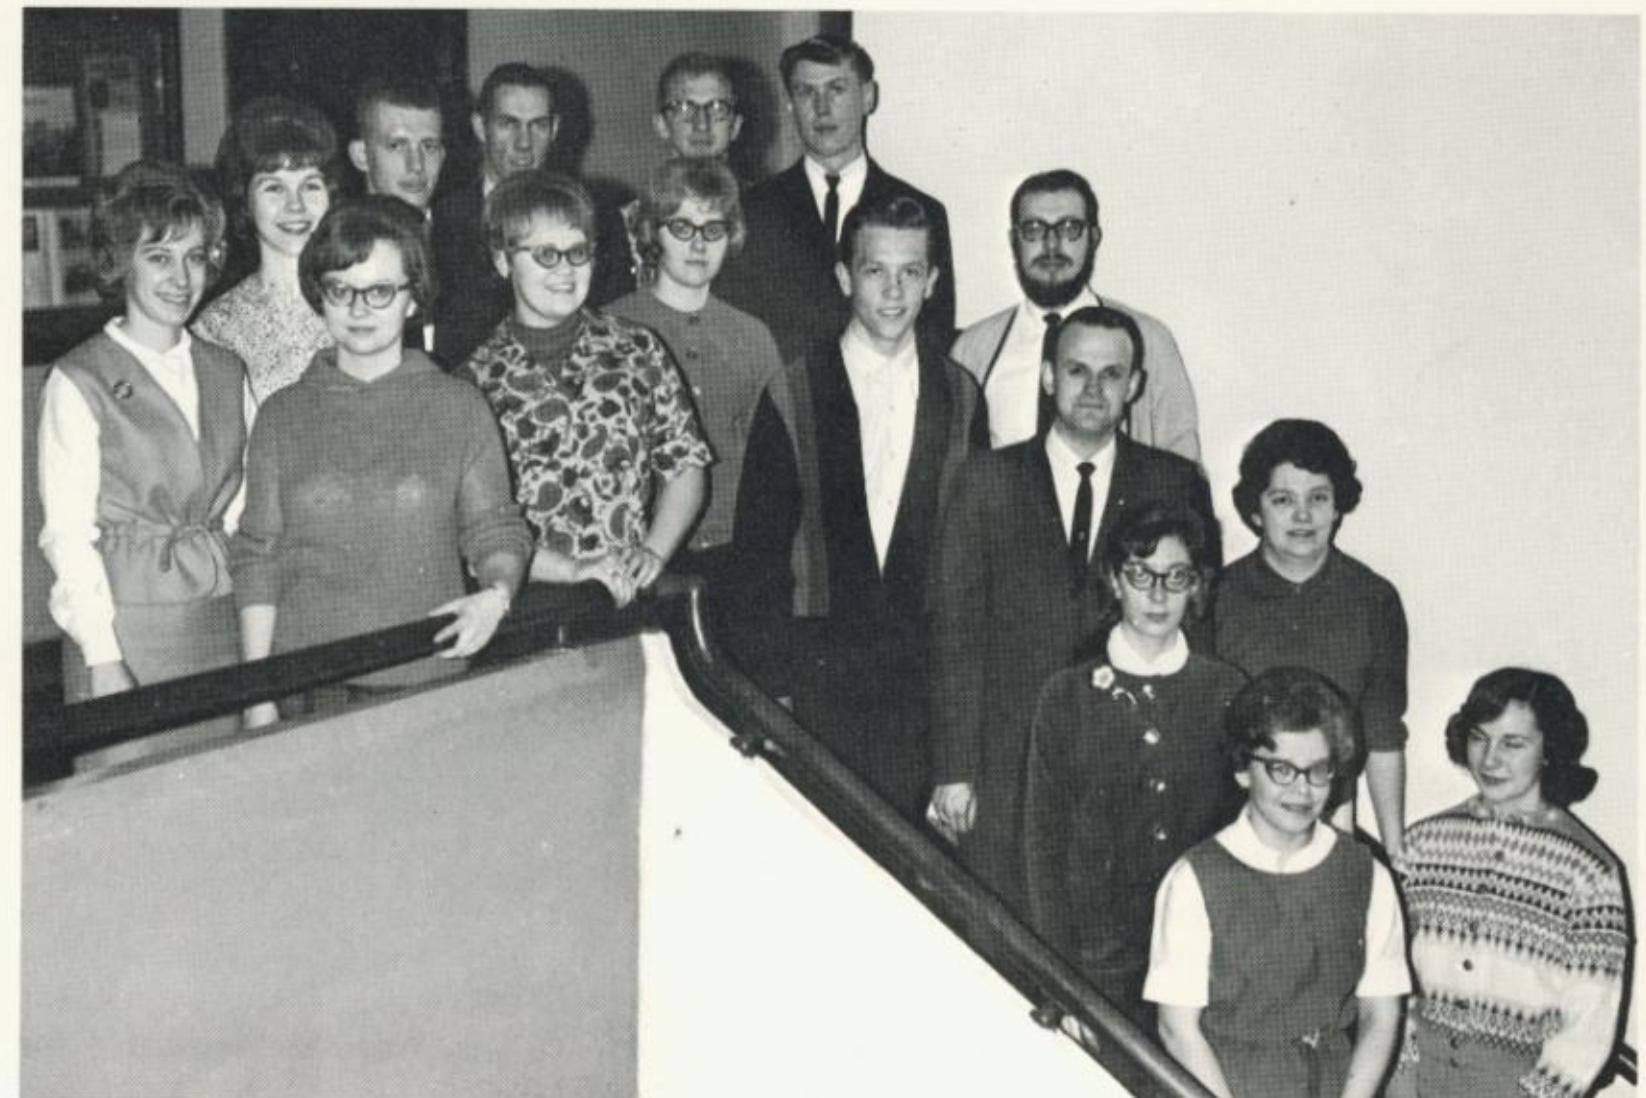

Richard Hietala adds a unique flavor to the Northern Student by being the only college cartoonist in the country who draws with his feet. Hietala is paralyzed above the waist.

'NEEDLES' PROVIDES AN ARTISTIC OUTLET

Creativity is the theme of Birches and Pine Needles and its staff combines this ingredient among the artists, writers and composers at Bemidji State College. These people are encouraged to submit their work for publications and a board of editors from the art department, the division of languages and literature and the music department select the articles for this anthology.

"Chicago, Chicago" was the most hummed tune of Bemidji State College bandsmen as they devoted major efforts this year to financing a trip to the Windy City. They made it through candy sales, sponsoring Sourdough Sam and selling Paul Bunyan Buttons.

"Hey, Look Me Over" was another popular band theme as the 90 member unit "busted out all over" in new uniforms for the Beaver Homecoming. Termed one of the most active of college organizations the band played at football and basketball games, entered a float in the homecoming parade, presented various skits and worked on snow sculpture. The graduating seniors conducted the commencement concert.

YEARS OF SERVICE

BUILDING A COLLEGE

Planning and executing a program at Bemidji State College which fits the needs of its students takes precedence in the minds of Herbert E. Olson (left), regional director of the Minnesota State College Board of Bemidji and Dr. C. R. Sattgast, BSC president. These men have worked as a team to plan for the steady growth of our college. Mr. Olson was appointed to the board in 1955 and this winter Dr. Sattgast celebrated the 26th anniversary of his arrival on the campus as president. The Ah-Mic and the college wishes to salute these two men who have devoted so much of their lives to Bemidji State College.

DR. A. C. CLARK

"Give me insight into day" was Emerson's admonition to the teacher and since 1924, Dr. A. C. Clark, vice president of Bemidji State College and chairman of the division of social studies has been doing precisely that.

Dr. Clark, who retires from the BSC faculty this year, has been a part of the growth of BSC in all but the first five years of the life of the college. Throughout this entire forty-year span he has served the college with his talent and his vision, which have contributed inestimably to make it the significant educational center it is today.

At his side, during these many years, and sharing his interests is Mrs. Clark, whose warmth and vivacious charm have added much to the social life of the college community and made her friendship a cherished possession.

Dr. Clark's character, knowledge, teaching skill, and his high standards inspire his colleagues and enrich the lives of thousands of students.

MISS RUTH LANE

"She received her greatest joy from reminiscing with old students" was the way in which one colleague described Miss Ruth Lane, Bemidji State College science professor since 1945 who retired last December.

She was a friend to many students during her long career at BSC and so many of these alumni seek her out when they return to the campus that she is the envy of the rest of the faculty.

At one time, Miss Lane or "Ma" as she was affectionately called by the two generations of students who attended her classes, was "the" chemistry department at BSC. When she retired, she was busy with her first love, botany.

She will be remembered for her fine teaching, her kindness toward students and for her work on the many faculty committees where she aided her colleagues.

JUNIORS

The juniors began their third year of college in a more serious mood than the freshmen and sophomores, perhaps because they realize the importance of the work yet to be accomplished. Of course, the juniors enjoyed themselves this year too, and they approached the end of spring quarter enthusiastically even though they felt a natural hesitation about becoming seniors.

"Won't you please come in?"

The sophomores returned in September with many resolutions for more studying and better grades, most of which were forgotten by the end of the month. Seriousness was brought back into their lives with special emphasis when they filled out the major program of study applications. In spite of this, they kept themselves sufficiently entertained to complete a memorable year.

To the freshmen this past year was undoubtedly at first a period of strangeness. When we first arrived in September most of us were awed by the ease with which the upper classmen adjusted to these situations. After a few weeks of frustrations, the majority of us began to feel as if we were truly a part of college.
